Market summary

- Gold hits over 6-month high on growth fears, stock volatility
- Growth jitters pressure copper to 18-month low
- Oil dips on manufacturing downturn, but OPEC cuts offer support

Precious metals Gold prices scaled a more than six-month peak on Thursday as worries about a global economic slowdown and volatility in equities boosted safe-haven buying, while a weaker dollar offered support.

Base Metals Copper prices dropped to their lowest in 1-1/2 years on Thursday after Apple blamed slowing iPhone sales on China, reinforcing expectations of slowing economic and demand growth in the top consumer of industrial metals. Benchmark copper on the London Metal Exchange ended down 1.8 percent at \$5,736 a tonne.

NYMEX Oil Oil prices dropped on Friday after the United States followed most other major economies into a manufacturing downturn, although supply cuts by producer club OPEC kept declines in check.

Term& Conditions:

This report has been prepared by ASL and is meant for sole use by the recipient and not for circulation. The report and information contained herein is strictly confidential and may not be altered in any way, transmitted to, copied or distributed, in part or in whole, to any other person or to the media or reproduced in any form, without prior written consent of ASL. The report is based on the facts, figures and information that are considered true, correct, reliable and accurate. The intent of this report is not recommendatory in nature. The information is obtained from publicly available media or other sources believed to be reliable. Such information has not been independently verified and no guaranty, representation of warranty, express or implied, is made as to its accuracy, completeness or correctness. All such information and opinions are subject to change without notice. The report is prepared solely for informational purpose and does not constitute an offer document or solicitation of offer to buy or sell commodities or other financial instruments for the clients. Though disseminated to all the customers simultaneously, not all customers may receive this report at the same time. ASL will not treat recipients as customers by virtue of their receiving this report.

Disclaimer:

Nothing in this report constitutes investment, legal, accounting and tax advice or a representation that any investment or strategy is suitable or appropriate to the recipient's specific circumstances. The commodities and strategies discussed and opinions expressed, if any, in this report may not be suitable for all investors, who must make their own investment decisions, based on their own investment objectives, financial positions and needs of specific recipient.

This report may not be taken in substitution for the exercise of independent judgment by any recipient. Each recipient of this report should make such investigations as it deems necessary to arrive at an independent evaluation of an investment in the commodities referred to in this report (including the merits and risks involved), and should consult its own advisors to determine the merits and risks of such an investment. Transactions in commodities involve substantial risk and are not suitable for all investors. ASL, its directors, analysts or employees do not take any responsibility, financial or otherwise, of the losses or the damages sustained due to the investments made or any action taken on basis of this report, including but not restricted to, fluctuation in the prices of commodities, obligation to take physical delivery of the commodities, etc. Past performance is not necessarily a guide to future performance. Price and value of the commodity referred to in this report may go up or down. Investors are advised to see Risk Disclosure Document to understand the risks associated before investing in the commodities markets. Reports based on technical analysis on studying charts of a commodity's price movement and trading volume as opposed to focusing on a commodity's fundamentals and as such may not match with a report on a commodity's fundamentals. Actual results may differ materially from those set forth in projections. Forward-looking statements are not predictions and may be subject to change without notice. ASL and its affiliated companies, their directors and employees may; (a) from time to time, have long or short position(s) in, and buy or sell in the commodities mentioned herein or (b) be engaged in any other transaction involving such commodities or earn brokerage or other compensation or have any other potential conflict of interests with respect to any recommendation and other related information and opinions. Each of these entities functions as a separate, distinct and independent of each other. The recipient should take this into account before interpreting this report. Compensation of Research Analysts is not based on any specific merchant banking, investment banking or brokerage service transactions. ASL may have issued other reports that are inconsistent with and reach different conclusion from the information presented in this report. Neither this report nor any copy of it may be taken or transmitted into the United State (to U.S. Persons), Canada, or Japan or distributed, directly or indirectly, in the United States or Canada or distributed or redistributed in Japan or to any resident thereof. If this report is inadvertently sent or has reached any individual in such country, especially, USA, the same may be ignored and brought to the attention of the sender. This report is not directed or intended for distribution to, or use by, any person or entity who is a citizen or resident of or located in any locality, state, country or other jurisdiction, where such distribution, publication, availability or use would be contrary to law, regulation or which would subject ASL to any registration or licensing requirement within such jurisdiction.

The Disclosures of Interest Statement incorporated in this document is provided solely to enhance the transparency and should not be treated as endorsement of the views expressed in the report. ASL reserves the right to make modifications and alternations to this document as may be required from time to time without any prior notice. The views expressed are those of the analyst(s) and the Company may or may not subscribe to all the views expressed therein.
