### Note 21

#### Long-term borrowings

##### (d) Rights, Preferences and restrictions attached to preference shares.

The Company has two classes of preference shares having a par value of Rs.100,000 each per share.

##### 1,600 0.001% Non-cumulative redeemable preference shares of Rs 100,000 each.

Rights, Preferences and restrictions attached to 0.001% Non-cumulative redeemable preference shares

The preference shares do not carry any voting rights, even if dividend has remained unpaid for any year or dividend has not been declared by the Company for any year. Preference shares shall, subject to availability of profits during any financial year, be entitled to nominal dividend of Re.1 per preference share per year.

Preference shares issued by the Company are due for redemption at par. Accordingly, the preference shares are liable to be redeemed at any time at the option of the Company but not later than December 21, 2023.

In the event of liquidation of the Company before redemption of the equity shares, holders of the preference shares will have priority over equity shares in the payment of dividend and repayment of capital.

##### 20,000 0(Zero) %(Series A & Series B) Non-cumulative, Non-convertible redeemable preference shares of Rs 100,000 each.

##### **Rights, Preferences and restrictions attached to 0(Zero) % (Series A & Series B) Non-cumulative Non convertible redeemable preference shares**

The preference shares do not carry any voting rights.

Preference shares issued by the Company are due for redemption at par. The Company and its Board shall have the right to redeem the preference shares to the extent of any surplus amounts available from the Bengaluru Residential Project. However, the preference shares are liable to be redeemed not later than one month prior to completion of 20 years from the date of allotment.

The Preference Shares do not carry any voting rights whatsoever in any meetings of the shareholders of the Company or of members of any class of shares of the Company.

Subject to applicable laws, other than the amounts payable for redemption, no amounts shall be payable to the Preference Shareholders, whether by way of dividend or in any other manner whatsoever.

In the event of liquidation of the Group before redemption of the equity shares, holders of the preference shares will have priority over equity shares in the payment of dividend and repayment of capital.

The Company's weighted average tax rates for period/years ended September 30, 2018 : 31.53% March 31, 2018, 2017, 2016, 2015 and 2014 were (75.55%), (59.06%), 32.12%, 11.03% and 21.50%, respectively.

The effective tax rate is primarily lower on account of indexation benefit recognised on land and unquoted equity shares. Further unabsorbed tax losses have been utilised during some years to reduce the current tax expense.

The company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Significant management judgement is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income and the period over which deferred income tax assets will be recovered. Any changes in future taxable income would impact the recoverability of deferred tax assets.

Given that the holding company does not have any intention to dispose investments in subsidiaries in the foreseeable future, deferred tax asset on indexation benefit in relation to such investments has not been recognised.

Unrecognised deferred tax assets

Deferred tax assets (DTA) have not been recognised in respect of the following items, because it is not probable that future taxable profit will be available against which the company can use the benefits therefrom:

Deferred tax assets for the carry forward of unused tax losses are recognised to the extent that it is probable that future taxable profits will be available against which the unused tax losses can be utilised. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

The Company has recognised deferred tax asset to the extent that the same will be recoverable using the estimated future taxable income based on the approved business plans and budgets of the Company. The Company has generated taxable income for the financial year ended March 31, 2018 and has adjusted the carry forward losses partially. The Company is expected to continue generating taxable income going forward. The business losses can be carried forward for a period of 8 years as per the tax regulations and the Company expects to recover the losses.

The Retail block at Sahar, Mumbai will become operational during the financial year ended March 31, 2019 and is expected to generate profits for the Company. Further, the Company has merged the hotel and retail undertaking from Genext Hardware & Parks Private Limited for which the Scheme was filed in the financial year ended March 31, 2017. The said Scheme received the approval of the National Company Law Tribunal (NCLT) at Mumbai and Bangalore and other statutory and regulatory authorities and became effective from October 1, 2017.

Further, the Company had incurred losses in relation to the residential project at Bengaluru pursuant to litigation which arose during the financial year ended March 31, 2014. During the financial year ended March 31, 2018, without prejudice to its rights and remedies under law and keeping the commercial considerations in perspective, the Board of Directors of the Company, decided that the Company should proactively consider re-commencement of construction upto the minimum permissible limits and engage with the buyers above the 10th floor for evaluating possible options. Consequently, the Company has made a provision for estimated losses on such cancellations pertaining to all flats above 10 floors and had recognised the same during the financial year ended March 31, 2018 (refer note 36 of Annexure VI). Such costs have been pushed back for the purpose of restated consolidated summary financial statements (refer Annexure VII). Further, the Company does not expect any further material losses to be incurred in relation to the said project.

Accordingly, the Company, has recognised deferred tax asset on the carried forward business losses after considering the relevant facts and circumstances during each financial year to the extent that the Company had convincing evidence based on its business plans and budgets to the extent that the deferred tax asset will be realised. Consequently, the Company has recognised a deferred tax asset of Rs. 1,053.91 million as at September 30, 2018 (March 31, 2018: Rs. 856.32 million, March 31, 2017: Rs. 865.20 million, March 31, 2016: Rs. 519.12 million, March 31, 2015: Rs. 116.20 million, March 31, 2014: Rs. 114.13 million) on the carried forward losses of the Company.

### Current provisions

#### Bengaluru residential project

During the year 2013-14, Hindustan Aeronautics Limited (HAL) had raised an objection with regard to the permissible height of buildings of the Company's Bengaluru residential project. Pursuant to an interim order passed by the Karnataka High Court, in the petition filed by the Company, the Company had suspended construction activity at the project and sale of flats.

Pending the outcome of the proceedings and a final closure of the matter, the Company suspended revenue recognition based on the percentage completion method after financial year ended March 31, 2014. Further, in case of cancellations subsequent to March 31, 2014, the Company reversed the revenue and derecognised margins in the respective year of cancellation. The Company also recompensed flat owners, in accordance with mitigation plans framed by the Company on account of the delay in completion of the project.

During the year ended March 31, 2018, without prejudice to its rights and remedies under law and keeping the commercial considerations in perspective, the Board of Directors of the Company, decided that the Company should proactively consider re-commencement of construction upto the minimum permissible limit and engage with the buyers above 10th floor for evaluating possible options. Accordingly, the Company has reassessed the estimated cost of completion of the project up to 10th floor as per the aforementioned plan and has recognised a provision towards the following:

- cost of alteration of superstructure
- Estimated cost in relation to expected potential cancellations

Further, cost of actual cancellations (where applicable) has also been provided for and included in the provision referred to above.

#### Note

During the year 2013-14, Hindustan Aeronautics Limited (HAL) had raised an objection with regard to the permissible height of buildings of the Company's Bengaluru Residential Project ("Project"). Pursuant to an interim order passed by the Karnataka High Court, in the petition filed by the Company, the Company had suspended construction activity at the Bengaluru Project and sale of flats.

Pending the outcome of the proceedings and a final closure of the matter, the Company suspended revenue recognition based on the percentage completion method after financial year ended March 31, 2014. Further, in case of cancellations subsequent to March 31, 2014, the Company reversed the revenue and derecognised margins in the respective year of cancellation. The Company also recompensed flat owners, in accordance with mitigation plans framed by the Company on account of the delay in completion of the Project.

During the year ended March 31, 2018, without prejudice to its rights and remedies under law and keeping the commercial considerations in perspective, the Board of Directors of the Company, decided that the Company should proactively consider re-commencement of construction up to the permissible limits and engage with the buyers above 10th floor for evaluating possible options. Accordingly, the Company has reassessed the estimated cost of completion of the Project up to 10th floor as per the aforementioned plan and has recorded the following adjustments as exceptional items as at March 31, 2018:

- Provision towards impairment of super structure of Rs 350.89 million and expected cost of alteration of super structure of Rs 250 million;
- Provision for cost of mitigation program compensation and related expenses of Rs 420.63 million in relation to potential cancellations referred to in above, net of compensation already provided for; and
- Impact of revised estimated cost of completion of the project on the net realisable value of inventory resulting in write down of Rs 93.74 million.
- In the event all the buyers of flats above 10th floor decide to exercise exit option, the Company has to refund Rs 944.07 million which is presently being accounted as an advance from customers.

Construction of and sales in the Project have been suspended due to an on-going litigation relating to the Project. Parties who have booked flats in the Project, are paid compensation for delay in delivery of their respective units and those who seek to cancel their bookings are repaid the advances / deposits made by them together with interest thereon, leading to considerable cash out flows for the Company.

Subsequent to March 31, 2018 the Promoter-Directors of the Company have agreed to provide funds to the Company either by themselves or through their Nominees, to meet its cash flow requirements for the Project to the extent of Rs. 200 Crores by way of subscription to '0%' Non-Cumulative Redeemable Preference Shares of the Company, for which a Subscription Agreement has been executed by them.

The proceeds of issue of Preference Shares will be deposited in a separate Designated Bank Account of the Company and will be utilised for meeting future cash outflows of the Project. The redemption of Preference Shares shall be not later than one month prior to completion of 20 years from the date of allotment, or earlier, out of surplus from the Project, subject to applicable law/s.

#### Note

Weighted average number of shares is the number of equity shares outstanding at the beginning of the period/year adjusted by the number of equity shares issued during period/year, multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the period/year.

The impact of dilution on account of ESOP is not considered as they are anti-dilutive.

#### Government grant

##### Export Promotion Capital Goods (EPCG) scheme

The Company under the EPCG scheme receives a grant from the Government towards import of capital goods without any levy of import duty. The Company has an obligation towards future exports of the Company.

The Company has recognised a deferred grant at the point of waiver of import duty in relation to import of capital goods. Given that the grant is conditional on fulfillment of future export obligation, the same is treated as a revenue grant and is accordingly recognised in the Statement of Profit and loss on fulfillment of such obligation.

##### Served from India scheme (SFIS)/Service exports from India scheme (SEIS)

The Company under SFIS/SEIS receives an entitlement/credit to be sold separately (only in case of SEIS) or utilised against future imports. The Company recognises income in respect of duty credit entitlement arising from export sales under the SFIS/SEIS of the Government of India in the year of exports, provided there is no significant uncertainty regarding the entitlement and availment of the credit and the amount thereof. Export credit entitlement can be utilized within specified benefit period, by way of adjustment against duties payable on purchase of capital equipments, spare parts and consumables or sale of such licenses.

##### b) Defined benefit plan

###### Gratuity

The company provides for gratuity for employees as per the Payment of Gratuity Act, 1972.

The company follows unfunded gratuity except for one of its Hotel division (Westin, Hyderabad) where fund is maintained with Life Insurance Corporation of India.

The most recent actuarial valuation of plan assets and the present value of the defined benefit obligation for gratuity was carried out as at September 30, 2018. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

Based on the actuarial valuation obtained in this respect, the following table sets out the details of the employee benefit obligation and the plan assets as at balance sheet date:

The above sensitivity analysis have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the reporting date. In practice, generally it does not occur. When we change one variable, it affects to others. In calculating the sensitivity, project unit credit method at the end of the reporting period has been applied.

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

8 Expected contributions to gratuity fund for the year ended March 31, 2019 is Rs 13.00 million.

##### 9 The expected future cash flows as at each reporting date were as follows:

| Particulars             | Up to 1 year | Between 1-2 years | Between 2-5 years | More than 5 years | Total |
|-------------------------|--------------|-------------------|-------------------|-------------------|-------|

#### Scheme of Arrangements

##### a. Merger of Magna Warehousing & Distribution Private Limited, wholly owned subsidiary of the Company

The Board of Directors of the Company at its meeting held on January 5, 2017, approved the merger of Magna Warehousing & Distribution Private Limited ("Transferor Company"), its wholly owned subsidiary, with the Company ("Transferee Company") under Section 230 to 232 of the Companies Act, 2013, with effect from November 01, 2016, ("the Appointed Date") subject to obtaining necessary approvals of National Company Law Tribunal (NCLT) at Mumbai and Bangalore.

The said Scheme received the approval of the National Company Law Tribunal (NCLT) at Mumbai and Bangalore and other statutory and regulatory authorities on March 21, 2018. The Scheme has become effective from April 1, 2018.

The merger is accounted as per the 'Pooling of Interest' method as prescribed in the Hon'ble court order. Further since this is a common control transaction, the financial statements in respect of prior periods have been restated from the earliest period presented. Accordingly, the carrying values of the assets, liabilities and reserves pertaining to the Transferor as appearing in the financial statements of the Transferee have been recorded.

Book value of assets and liabilities related to the commercial business transferred to holding company i.e. 1 April 2013 are as under:

| Particulars                            | Amount        |

##### b. Merger of hotel and retail undertaking of Genext Hardware & Parks Private Limited with the Company

The Board of Directors of the Company at its meeting held on January 5, 2017, approved the demerger proposal and approved the "Scheme of Arrangement" ('the Scheme') to demerge the Hotel Undertaking and the Retail Undertaking of Genext Hardware & Parks Private Limited ("Transferor Company") with the Company ("Transferee Company") under Section 230 to 232 of the Companies Act, 2013, with effect from November 01, 2016, ("the Appointed Date") subject to obtaining necessary approvals of National Company Law Tribunal (NCLT) at Mumbai.

The said Scheme received the approval of the National Company Law Tribunal (NCLT) at Mumbai and Bangalore and other statutory and regulatory authorities on September 11, 2017. The Scheme has become effective October 1, 2017.

The scheme has been accounted in a manner prescribed by the Hon'ble court order. The book values of the assets, liabilities and reserves of the Transferor company as of November 1, 2016 have been recorded and the identity of the reserves have been maintained. The consideration for such merger was Rs. 189.53 million in the form of equity shares. Such equity shares were issued during the year ended March 31, 2018 and accordingly has been presented as shares pending allotment in the financial statement for the year ended March 31, 2017. Further, the effect of shares pending allotment has been appropriately considered for computation of basic and diluted earnings per share from the Appointed Date.

The excess of book value of the net assets and reserves of the Transferor Company taken over, amounting to Rs.189.53 millions over the face value of the shares issued by the transferee Company has been debited to the Goodwill as per the Scheme. Further, the results of the operations of the hotel and retail undertaking have been incorporated with effect from November 1, 2016. Accordingly, the results for the periods covered by Restated Summary Statement of Profit and Loss may not be comparable.

a. The Company is a party to various other proceedings in the normal course of business and does not expect the outcome of these proceedings to have an adverse effect on its financial conditions, results of operations or cash flows.

b. Further, claims by parties in respect of which the Management has been legally advised that the same are frivolous and not tenable, have not been considered as contingent liabilities as the possibility of an outflow of resources embodying economic benefits is highly remote.

c. In December 2005, the Company had purchased the entire building comprising of the hotel and apartments therein, together with a demarcated portion of the leasehold rights to land at Vashi (Navi Mumbai) from K. Raheja Corp Private Limited. The Company has been operating the Four Points By Sheraton Hotel at the said premises. Two Public Interest Litigations challenging the allotment of land by CIDCO to K. Raheja Corp Private Limited. had been filed in FY 2003-04. During the financial year 2014-15, the Honourable High Court at Bombay ordered K. Raheja Corp Private Limited to demolish the structure and hand back the land to CIDCO. K Raheja Corp Private Limited has filed a special leave petition against the order in the Supreme Court. The Supreme Court on 22 January 2015 directed the maintenance of a status quo. Pending the outcome of proceedings and a final closure of the matter no adjustments have been made in the restated financial information. The balance of prepaid lease rental in relation to such leasehold land as of September 30, 2018 is Rs. 53.92 million (March 31, 2018: Rs. 54.52 million March 31, 2017: Rs. 55.71 million, March 31, 2016: Rs. 56.91 million, March 31, 2015: 58.11 million) and carrying value of property, plant and equipment as at September 30, 2018 is Rs. 443.78 million (March 31, 2018: Rs. 449.27 million, March 31, 2017: Rs. 474.47 million, March 31, 2016: Rs. 510.23 million, March 31, 2015: Rs. 562.92 million) .

d. The Directorate of Revenue Intelligence ("DRI") has issued a show-cause notice dated November 29, 2018 to the Company in respect of import of goods against SFIS Scrip/License under Foreign Trade Policy 2004-09 and 2009-14 and the post-export service benefits availed, under the provisions of the Customs Act, 1962 directing the Company to show cause as to why duty amounting to ₹ 195.18 million and ₹ 23.14 million, plus interest and penalty as may be levied under the Customs Act, should not be recovered.

##### (ii) Valuation techniques used to determine fair value

Specific valuation techniques used to value financial instruments include :

- the fair value of certain unlisted equity shares are determined based on the income approach or the comparable market approach.
- the fair value for the currency swap is determined using forward exchange rate for balance maturity
- the fair value of interest rate swaps is calculated as the present value of the estimated future cash flows based on observable yield curves
- the fair value of the forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date for residual maturity.
- the fair value preference shares and the remaining financial instruments is determined using discounted cash flow analysis. The valuation model considers the present value of expected receipt/payment discounted using appropriate discounting rates.

The investments included in level 3 of the fair value hierarchy have been valued using the discounted cash flow technique to arrive at the fair value.

#### Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk ;
- Liquidity risk;
- Market risk;

#### Risk management framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors is responsible for developing and monitoring the Company's risk management policies.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

##### (B) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers, cash and cash equivalents and other bank balances, derivatives and investment securities. The carrying amounts of financial assets represent the maximum credit exposure.

##### (a) Trade receivables from customers

The Company does not have any significant credit exposure in relation to revenue generated from hospitality business. For other segments the company has established a credit policy under which sale limits are established for each customer (as applicable), reviewed regularly and any sales exceeding those limits require approval from the appropriate authority. There are no significant concentrations of credit risk within the Company.

### Financial instruments – Fair values and risk management (Continued)

#### Note 48

##### (C) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Liquidity risk is managed by Company through effective fund management. The Company has obtained fund and non-fund based working capital lines from various banks. Furthermore, the Company has access to funds from debt markets through foreign currency borrowings and other debt instruments.

##### Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements.

The gross outflows / (inflows) disclosed in the above table represent the contractual undiscounted cash flows relating to derivative financial liabilities held for risk management purposes and which are not usually closed out before contractual maturity. The disclosure shows net cash flow amounts for derivatives that are net cash-settled and gross cash inflow and outflow amounts for derivatives that have simultaneous gross cash settlement.

\* Guarantees issued by the Company on behalf of subsidiaries and associates are with respect to borrowings raised by the respective subsidiary/joint ventures and associates. These amounts will be payable on default by the concerned parties. As of the reporting date, none of the subsidiaries have defaulted and hence, the Company does not have any present obligation to third parties in relation to such guarantees (refer note 51).

#### Note 48

##### (D) Market risk

Market risk is the risk that the changes in market prices such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses derivative to manage market risk.

##### (E) Currency risk

The Company is exposed to currency risk on account of its operating and financing activities. The functional currency of the Company is Indian Rupee. The exchange rate between the Indian rupee and foreign currencies has changed substantially in recent periods and may continue to fluctuate substantially in the future. Consequently, the Company uses derivative instruments, i.e., foreign exchange forward contracts to mitigate the risk of changes in foreign currency exchange rates in respect of recognized liabilities. The company enters into foreign currency forward contracts which are not intended for trading or speculative purposes but for hedge purposes to establish the amount of reporting currency required or available at the settlement date of certain payables.

#### Sensitivity analysis

A reasonably possible strengthening (weakening) of the Indian Rupee against all other foreign currencies at September 30, would have affected the measurement of financial instruments denominated in a foreign currency and affected profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

## Annexure VI-Notes to the Restated Standalone Summary Financial Information (Continued)

### Note 48

#### Financial instruments – Fair values and risk management (Continued)

(Rs in million)

##### (F) Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing financial assets or borrowings because of fluctuations in the interest rates, if such assets/borrowings are measured at fair value through profit or loss. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing borrowings will fluctuate because of fluctuations in the interest rates.

The Company adopts a policy to hedge the interest rate movement in order to mitigate the risk with regards to floating rate linked loans based on the market outlook on interest rates. This is achieved partly by entering into fixed rate instruments and partly by borrowing at a floating rate and using interest rate swaps as hedges of the variability in cash flows attributable to interest rate risk.

##### Particulars of outstanding interest rate swaps as at

##### Fair value sensitivity analysis for fixed-rate instruments

The company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, Financial Instruments : Disclosures, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

##### Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased (decreased) profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant. In cases where the related interest rate risk is capitalised to fixed assets, the impact indicated below may affect the Company's income statement over the remaining life of the related fixed assets.

##### Capital management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital as well as the level of dividends to ordinary shareholders.

The Company monitors capital using a ratio of 'adjusted net debt' to 'adjusted equity'. For this purpose, adjusted net debt is defined as total borrowings, comprising interest-bearing loans and borrowings, less cash and cash equivalents and bank deposits. Adjusted equity comprises all components of equity.

The Company's adjusted net debt to equity ratio was as follows:

The Company has elected to present all five years as per Ind AS/Proforma Ind AS. The restated financial information for the years ended March 31, 2016, 2015 and 2014 has been prepared on Proforma basis (i.e. "Proforma Ind AS financial information") in accordance with requirements of SEBI Circular SEBI/HO/CFD/DIL/CIR/P/2016/47 dated March 31, 2016 ("SEBI Circular") and Guidance note on reports in company prospectuses issued by ICAI. For the purpose of Proforma Ind AS financial information for the year ended March 31, 2016, 2015 and 2014, the Company has followed the same accounting policy and accounting policy choices (both mandatory exceptions and optional exemptions availed as per Ind AS 101) as initially adopted on transition date i.e. April 1, 2016. Accordingly, suitable restatement adjustments (both re-measurements and reclassifications) in the accounting heads are made to the Proforma Ind AS financial information as of and for the years ended March 31, 2016, 2015, and 2014 following accounting policies and accounting policy choices (both mandatory exceptions and optional exemptions) consistent with that used at the date of transition to Ind AS (i.e. April 1, 2016).

In addition to the adjustments carried herein, the Company has also made material restatement adjustments in accordance with SEBI Circular and Guidance note on reports in company prospectuses issued by ICAI (refer Annexure VII). Together these constitute the restated standalone summary financial information.

##### Exemptions applied

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the following exemptions:

- 1 **Business combination exemption:**  
The Company has applied the exemption as provided in Ind AS 101 in relation to Ind AS 103, "Business Combinations" for business combinations consummated prior to the date of transition (April 1, 2016). Pursuant to this exemption, goodwill arising from business combination has been stated at the carrying amount under previous GAAP IND AS 103 will be applied prospectively to business combinations occurring after its transition date.
- 2 **Investment in subsidiaries and associates**  
As permitted by Ind AS 101, for measuring investment in subsidiaries and associates, the Company has considered their previous GAAP carrying amount as their deemed cost as at 1 April 2016. For the purpose of Proforma Ind AS financial information, the Company has used carrying amount as per previous GAAP as at March 31, 2016, 2015 and 2014 to be the value of Investments for such respective years.
- 3 **Property, plant and equipment**  
As permitted by Ind AS 101, the Company has chosen to reflect the fair value of all freehold land as of April 1, 2016 as their respective deemed cost. All other items of property, plant and equipment have been measured as per the requirements of Ind AS 16 "Property, Plant and Equipment" retrospectively.
- 4 **Intangible assets and investment property**  
As permitted by IND AS 101, the Company has elected to continue with the carrying values under previous GAAP as 'deemed cost' at April 1, 2016 for all the items of intangible assets and investment property. For the purpose of Proforma Ind AS financial information for the year ended March 31, 2016, 2015 and 2014, the Company has provided the depreciation based on the estimated useful life of respective years.
- 5 **Classification and measurement of financial assets and financial liabilities**  
Ind AS 101 requires an entity to assess classification of financial assets and financial liabilities on the basis of facts and circumstances existing as on the date of transition. Further, the standard permits measurement of financial assets and financial liabilities accounted at amortised cost based on facts and circumstances existing at the date of transition if retrospective application is impracticable. Accordingly, the Company has determined the classification of financial assets and financial liabilities based on facts and circumstances that exist on the date of transition. Measurement of the financial assets and financial liabilities accounted at amortised cost has been done retrospectively except where the same is impracticable.
- 6 **Estimates**  
On assessment of the estimate made under the Previous GAAP financial statements, the Company has concluded that there is no necessity to revise the estimates under Ind AS, as there is no objective evidence of an error in those estimates. However estimates that were required under Ind AS but not required under Previous GAAP are made by the Company for the relevant reporting dates reflecting conditions as at that date.

### (III) Impact of Ind AS adoption on the Restated Summary Statement of Cash Flows

There were no material differences between the restated summary statement of cash flows and cash flow statement under previous GAAP (as adjusted for the impact of the demerger of hotel & retail undertaking from Magna and merger of hotel & retail undertaking from Genext - refer Note 41).

**Annexure VI-Notes to the Restated Standalone Summary Financial Information (Continued)**

**Note 54**

**First time adoption of Ind AS**

**(IV) Notes to First time adoption:**

The Company has followed the same accounting policy choice as initially adopted on transition date i.e. April 1, 2016 while preparing Proforma Restated Financial Information for the years ended March 31, 2016, March 31, 2015, March 31, 2014 and as at April 1, 2013. Accordingly, suitable restatement adjustments are made to the retained earnings as at March 31, 2016, March 31, 2015, March 31, 2014 and April 1, 2013.

**1 Fair valuation of land treated as deemed cost**

On the date of transition the Company has chosen to reflect the fair value of all freehold land as of April 1, 2016 as their respective deemed cost. All other items of property, plant and equipment have been measured as per the requirements of Ind AS 16 "Property, Plant and Equipment" retrospectively. The impact of both these adjustments has been considered through retained earnings and corresponding assets/liabilities, as appropriate. The fair value has been determined with reference to residual value approach which also involves determining the business value of the respective hotel building. The fair value so determined is categorised as Level 3 in accordance with the requirements of Ind AS 113. The key unobservable inputs used for determination of the fair value referred to above includes the rate used for discounting (12.10%) and growth rate (5%).

The fair value of land taken as deemed cost on transition date has been pushed back for restated standalone financial statements as per the Guidance note on Reports in Company Prospectus (revised 2016) issued by the Institute of Chartered Accountants of India. The fair value as on transition date is basis the land parcels and subsequent capitalisations made to the cost of land (for purchase of additional FSI) till such date (i.e. April 1, 2016). For the purpose of pushback of such fair value, proportionate fair value of such additions made is calculated based on the ratio of cost (adjusted for inflation) incurred for purchase of such additions to the total cost of such land. The fair value of such additions has been considered in their respective years of purchase by the company.

**2 Accounting for transaction costs on borrowings as per effective interest method**

Under previous GAAP, directly attributable transaction costs were charged to the Statement of Profit or Loss or capitalised as part of property, plant and equipment in the year of disbursement of the loan. As per the requirements of Ind AS, the Company has measured the borrowings at amortised cost (including the directly attributable transaction costs) based on the effective interest rate of the borrowings. Accordingly, suitable restatement adjustments have been made in the Restated Summary Statement of Profit and Loss and Property, plant and equipment.

**3 Fair value movement of FVTPL investments**

Under previous GAAP, non-current investments were carried at cost less provision for diminution (other than temporary). Under Ind AS, investment in equity shares (other than subsidiaries and associates) are measured at fair value, with fair value changes being routed through the Summary Statement of Profit and Loss.

**4 Investment in preference shares measured at amortised cost**

Under previous GAAP, non-current investments in preference shares were carried at cost less provision for diminution (other than temporary). Under Ind AS, investment in 0.001% non-cumulative redeemable preference shares of Genext Hardware & Parks Private Limited are measured at amortised cost as per Ind AS 109. Accordingly, suitable restatement adjustments have been made in the Restated Summary Statement of Profit and Loss and Investment in preference shares.

**5 Accounting of EPCG Scheme as a government grant, including depreciation impact**

The Company under the EPCG scheme has received grants from the Government in form of waiver of import duty on purchase of capital goods. These, however are conditional on the Company achieving specified future export obligations.

Under previous GAAP, the Company recognised its property, plant and equipment at the net cost i.e. the import duty was excluded from the cost of the property, plant and equipment and adjusted directly with the export benefits. Under Ind AS, the Company has recognised the value of import duty waiver as part of the cost of the property, plant and equipment with the corresponding impact to deferred grant. The deferred grant is recognised in Restated Summary Statement of Profit and Loss on fulfilment of the respective export obligation.

**6 Business combination of Magna Warehousing & Distribution Private Limited (refer note 42)**

The Board of Directors of the Company at its meeting held on January 5, 2017, approved the merger of Magna Warehousing & Distribution Private Limited ("Transferor Company"), its wholly owned subsidiary, with the Company ("Transferee Company") under Section 230 to 232 of the Companies Act, 2013, with effect from November 01, 2016, ("the Appointed Date") subject to obtaining necessary approvals of National Company Law Tribunal (NCLT) at Mumbai and Bangalore. The said Scheme received the approval of the National Company Law Tribunal (NCLT) at Mumbai and Bangalore and other statutory and regulatory authorities on March 21, 2018 and has become effective from April 1, 2018. The merger is accounted as per the 'Pooling of Interest' method as prescribed in the Scheme. Further since this is a common control transaction, the financial statements in respect of prior periods have been restated from the earliest period presented.

**7 Merger of Genext Hardware & Parks Private Limited (refer note 42)**

The Board of Directors at their meeting held on January 5, 2017, had approved the merger proposal and approved the "Scheme of Arrangement" to merge the Hotel Undertaking and the Retail Undertaking at Bengaluru from Genext under Section 230 to 232 of the Companies Act, 2013, with effect from November 1, 2016, ("the Appointed Date") subject to obtaining necessary approvals of the Shareholders, Honourable High Court of Karnataka at Bangalore and Honourable High Court of Bombay and other statutory and regulatory authorities. The Scheme has become effective from October 1, 2017 and has been given effect to from the appointed date (in line with the accounting treatment prescribed in the Scheme).

**8 Deferred tax**

Previous GAAP requires deferred tax to be recognised with reference to the income statement approach. Ind AS 12 requires entities to determine deferred taxes with reference to the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind AS 12 approach has resulted in recognition of deferred tax related adjustments in relation to certain items such as fair valuation of land, indexation benefit on land, indexation benefit on investment property, fair value of investments which were not required to be considered under the income statement approach.

Further, under the previous GAAP, deferred tax asset on carry forward business losses and unabsorbed depreciation was recognised only on existence of virtual certainty of taxable profits. The application of Ind AS 12 approach has resulted in recognition of deferred tax assets in case of reasonable certainty. The deferred tax impact of all Ind AS adjustments (as applicable) has also been considered.

### Note 54

#### First time adoption of Ind AS

##### 9 Other reclassification adjustments

###### A) Actuarial gain and loss

Under previous GAAP, the company recognised remeasurement on defined benefit plans of the company were recognised in the statement of Profit or Loss. However, as per the requirements of Ind AS, the company has recognised these in Other comprehensive income.

###### B) Investment property

As per the requirements of Ind AS 40, the company has reclassified land and building held with the intention to earn rental income as Investment property and Investment Property under construction.

The above reclassification adjustments do not have any impact on the reconciliations given above.

##### (V) Reconciliation of Equity as at April 1, 2013

As specified in the Guidance Note, the equity balance computed under Proforma Standalone Ind AS financial information for the year ended March 31, 2016 (i.e. equity under Indian GAAP as at April 1, 2015, 2014 and 2013 adjusted for impact of Ind AS 101 items and after considering profit or loss for the years ended March 31, 2016, 2015 and 2014 with adjusted impact due to Ind AS principles applied on proforma basis) and equity balance computed in opening Ind AS Balance sheet as at transition date (i.e. April 1, 2016), prepared for filing under Companies Act, 2013, differs due to restatement adjustments made as at April 1, 2015, 2014 and 2013. Accordingly, the closing equity balance as at March 31, 2016 of the Proforma Standalone Ind AS financial statements has not been carried forward to the opening Standalone Ind AS Balance sheet as at transition date already adopted for reporting under Companies Act, 2013. Reconciliation of the same is below:

## Annexure VI-Notes to the Restated Standalone Summary Financial Information (Continued)

### Note 56

#### Changes in accounting policies:

Except for the changes below, the Company has consistently applied the accounting policies to all periods presented in these standalone financial information.

The Company has adopted Ind AS 115 *Revenue from Contracts with Customers* ("Ind AS 115") with a date of initial application of April 1, 2018. As a result, the Company has changed its accounting policy for revenue recognition as detailed below.

The Company has applied Ind AS 115 using the cumulative effect method. The details of the significant changes and qualitative impact of changes are set out below:

#### A. Real Estate development

The Company accounted for its sale of residential flats in their real estate projects on a percentage completion basis as prescribed under the Guidance note for Accounting for Real Estate Transactions. Under Ind AS 115, the Company recognises the revenue from sale of residential projects at a point in time, i.e. when all the risks and rewards associated are transferred to the customer. Accordingly the Company has reversed the cumulative revenue recognised on sale of residential flats in the opening reserve as on April 1, 2018.

#### A. Reconciliation between balances without adoption of Ind AS 115 and as reported

Ind AS 8 requires an entity to reconcile equity and total comprehensive income for the reported period.

#### (I) Reconciliation of equity as at September 30, 2018

**Annexure VII: Statement of Adjustments to Audited Financial Statements**

0

**Notes to Adjustments**

**1. Adjustments for audit qualification: None**

**2. Material regrouping**

Appropriate adjustments have been made in the Restated Standalone Financial Information, wherever required, by a reclassification of the corresponding items of income, expenses, assets, liabilities and cash flows in order to bring them in line with the groupings as per the audited Standalone Interim Ind AS Financial Statements of the Company as at and for the period ended September 30, 2018, prepared in accordance with Division II Ind AS Schedule III of the Companies Act, 2013 ('the Act') and the requirements of the Securities and Exchange Board of India (Issue of Capital & Disclosure Requirements) Regulations, 2009 (as amended). Accordingly, the Company has presented the Restated Standalone Financial Information as at and for the years ended March 31, 2018, March 31, 2017, March 31, 2016, March 31, 2015 and March 31, 2014 following the requirements of Schedule III of the Act.

**3. Material restatement adjustments**

**(a) Export benefit entitlements written off**

The Company recognises income in respect of duty credit entitlement arising from export sales under the "Served from India Scheme" of the Government of India in the year of exports, provided there is no significant uncertainty regarding the entitlement and availment of the credit and the amount thereof. Export credit entitlement can be utilised within a specified benefit period, by way of adjustment against duties payable on purchase of capital equipments, spare parts and consumables. Unutilised export entitlement is written off in the year in which the time period of utilisation of such licenses expires. The Company had written off export entitlement receivable during the year ended March 31, 2014 on expiry of the utilisation period. For the purpose of these restated financial information, the Company has appropriately adjusted this in the year in which the duty credit entitlement was first recognised. Adjustments related to financial years prior to March 31, 2014 have been adjusted against the opening balance of the retained earnings as per restated financial information as at April 1, 2013.

**(b) Adjustments due to change in status of residential project at Bengaluru**

In view of Hindustan Aeronautics Limited (HAL's) raising an objection with regards to the permissible height and pursuant to the interim order passed by the Hon. Karnataka High Court ('the Court') in the petition filed by the Company, in respect of the Company's residential project at Bengaluru during the year 2013-14, the Company suspended and limited the vertical construction of all wings up to a particular height, pending outcome of the matter.

Further, pending the outcome of the proceedings and a final closure of the matter, the Company had decided to suspend revenue recognition based on the percentage completion method and has also been derecognising profits on cancellation of flats previously sold. Pursuant to a subsequent order passed by the Court for conduct of an Aeronautical Study by the Airports Authority of India [AAI], AAI conducted the required Aeronautical Study and filed its report in January 2015, confirming that the full height of the then completed building-wings does not adversely affect aircraft operations. HAL has filed objections to the Aeronautical Study Report of AAI, and the matter is currently sub-judice.

Since the litigation has prolonged and is yet to be concluded, the Company explored the option of restructuring the construction plan in consultation with the relevant stakeholders to achieve a mutually beneficial solution. Consequently, during the year ended March 31, 2018, without prejudice to its rights and remedies under law and keeping the commercial considerations in perspective, the Board of Directors of the Holding Company, decided that the Company should proactively consider re-commencement of construction upto permissible limit and engage with the buyers above 10th floor for evaluating possible options. Accordingly, the Company has reassessed the estimated cost of completion of the project upto the 10th floor as per the aforementioned plan and has recorded the following adjustments as exceptional items during the year ended March 31, 2018:

i) Provision towards impairment of super structure of Rs 350 million and expected cost of alteration of super structure of Rs 250 million have been adjusted during the year ended March 31, 2014, being the year in which the litigation had initiated.

ii) Provision for cost of mitigation program compensation of Rs 555 million for expected cancellations for flats above 10th floor, net of compensation already provided for has been adjusted to the respective year to which interest cost relates. Adjustments related to financial years prior to March 31, 2014 have been adjusted against the opening balance of the retained earnings as per restated standalone financial information as at April 1, 2013.

iii) Impact of revised estimated cost of completion of the project on the net realisable value of inventory resulting in write down of Rs 25 million has been adjusted during the year ended March 31, 2014, being the year in which the litigation had initiated.

The auditors' reports for the years ended March 31, 2017 and March 31, 2016 included an Emphasis of Matters paragraph in respect of the amounts related to the residential project at Bengaluru (inventories aggregating to Rs 2,659.87 million and Rs 2,533.02 million and trade receivables of Rs 9.12 million and Rs 6.77 million as at March 31, 2017 and March 31, 2016 respectively. The Company has made necessary adjustments to inventories and trade receivables in these Restated Standalone Summary Financial Information as per the aforementioned plan.

The auditors' reports for the year ended March 31, 2014 included an Emphasis of Matters paragraph in respect of the residential project at Bengaluru for which the Company had not recognized profits during the year on flats sold above 40 meters, derecognized profits on sales of previous years that have been cancelled during the year, the Company had recompensed flat owners, in accordance with mitigation plan, with payments on account of the delay in completion of the project and additionally provision for estimated loss on account of cancellation in the subsequent year was made in the accounts. The Company has made necessary adjustments in these Restated Standalone Summary Financial Information as per the aforementioned plan.

**(c) Reversal of revenue on account of cancellation of flats of residential project at Bengaluru**

The Company reversed the revenue and derecognised margins, in respect of its residential project at Bengaluru, in the respective year of cancellation. Further, during the year ended March 31, 2018, as mentioned in paragraph b) above, the Company reversed revenue and margins aggregating Rs 524 million and Rs 122 million respectively, in respect of the flats for all wings above 40 meters and also recognised additional revenue and incremental cost of sale of residential flats aggregating Rs 42.02 million and Rs 278.03 million respectively due to revision of the estimated percentage of completion. The Company, on restatement, has adjusted the cancellations / revenue reversals in the year in which the revenue and margins were originally recognised. Adjustments related to financial years prior to March 31, 2014 have been adjusted against the opening balance of the retained earnings as per restated financial information as at April 1, 2013.

## Annexure VII: Statement of Adjustments to Audited Financial Statements

0

### (d) Prior period tax adjustments

Excess and short provision for income taxes pertaining to earlier years, based on intimations/ orders / received / returns filed, accounted for during the years ended March 31, 2017 of Rs 7.50 million and March 31, 2014 of Rs 2.85 million respectively has been adjusted in the respective financial years to which it pertains. The Company had also written off MAT credit of Rs 2.7 million during the year ended March 31, 2015. The adjustments related to financial years prior to March 31, 2014 have been adjusted against the opening balance of retained earnings as per restated financial information as at April 1, 2013.

### (e) Adjustment for cost related to mitigation program compensation

The Company has recorded additional compensation net of goodwill compensation, in respect of its residential project at Bengaluru, in the respective year of cancellation. The Company, on restatement, has adjusted the additional compensation cost net of goodwill compensation to the year to which the same pertains as it relates to period cost and is payable for period of delay. Adjustments related to financial years prior to March 31, 2014 have been adjusted against the opening balance of the retained earnings as per restated standalone financial information as at April 1, 2013.

### (f) Adjustment for deferred tax

The Company, on restatement, has adjusted the deferred tax credit in the financial statements as of and for the year ended March 31, 2018 and as of and for the year ended March 31, 2017 respectively.

### (g) Alignment of Accounting policies

Pursuant to applicability of Ind AS 115, Revenue from Contracts with Customers from 1 April 2018, the Company has changed its accounting policy for accounting of its real estate contracts from the percentage completion method as prescribed in the erstwhile Guidance note on accounting for real estate transactions (for entities to whom Ind AS is applicable) to completed contract method under Ind AS 115.

For the purpose of these restated financial information, the Company has appropriately adjusted this in the respective year in which the revenue and cost was recognised. Adjustments related to financial years prior to March 31, 2014 have been adjusted against the opening balance of the retained earnings as per restated standalone financial information as at April 1, 2013.

### (h) Provision for doubtful debts

The Company had provided Rs 12.57 million towards a trade receivable as at September 30, 2018 which relates to a receivable against a dispute with the customer. This amount has been pushed back to March 31, 2018, the year in which the services were originally provided to the customer.

### (i) Deferred tax impact

Deferred tax has been computed on adjustments made as detailed above and has been adjusted in the restated standalone financial information for the years ended March 31, 2018, March 31, 2017, March 31, 2016, March 31, 2015 and March 31, 2014. The adjustments related to financial years prior to March 31, 2014 have been adjusted against the opening balance of retained earnings as per restated standalone financial information as at April 1, 2013.

## Non-adjusting items

### 1. Emphasis of matters in the Auditors' report which do not require any corrective adjustments in the Restated Standalone Financial Information

#### a) Leasehold land at Vashi

For the period years ended September 30, 2018, March 31, 2018, March 31, 2017 and March 31, 2016: the auditors' report has drawn attention in respect of the hotel building purchased, together with a demarcated portion of the leasehold rights to land at Vashi (Navi Mumbai), from K. Raheja Corp Private Limited, on which the Company's Four Points by Sheraton Hotel has been built. The allotment of land by City & Industrial Development Corporation of Maharashtra Limited ('CIDCO') to K. Raheja Corp Private Limited has been challenged by two public interest litigations and the matter is currently pending with the Honorable Supreme Court of India. Pending the outcome of proceedings and a final closure of the matter, no adjustments have been made in the standalone Ind AS financial statements as at and for the year ended March 31, 2018 to the carrying value of the leasehold rights (reflected as prepayments) and the hotel assets thereon aggregating to Rs 497.70 million, Rs 503.79 million, Rs 530.18 million and Rs 567.14 million as at September 30, 2018, March 31, 2018, March 31, 2017 and April 1, 2016 respectively. (Refer Annexure VI, Note 2 and 11).

#### b) Acquisition of Hotel and Retail division at Bengaluru from Genext Hardware & Parks Private Limited

For the year ended March 31, 2018, the auditors' report has drawn attention in respect of the Scheme of Arrangement ('the Scheme') between Genext Hardware & Parks Private Limited ('Genext') and the Company for demerger of the Hotel undertaking and Retail undertaking ('demerged undertaking') of Genext which has been approved by the National Company Law Tribunal ('NCLT') at Mumbai and Bengaluru and other regulatory authorities on September 11, 2017, with effect from the Appointed date specified in the Scheme i.e. November 1, 2016. The Scheme has been accounted in the manner prescribed by the NCLT order i.e. the book values of the assets, liabilities and reserves of the demerged undertaking of Genext as of November 1, 2016 have been recorded by the Company and the identity of the reserves have been maintained. The excess of the book value of the net assets and reserves of the demerged undertaking of Genext acquired over the face value of the shares issued by the Company amounting to Rs. 189.53 million has been debited to Goodwill in accordance with the Scheme. This accounting treatment is different from that prescribed under Ind AS 103 on Business Combination (refer Annexure VI, note 42).

#### c) Disclosure of comparative balances

Note 1.2 to the standalone interim Ind AS financial statements, which describes the basis of preparation. These standalone interim Ind AS financial statements have been prepared for inclusion in the Restated standalone Summary Financial Information in the Red Herring Prospectus / Prospectus in connection with the proposed issue of Equity Shares of the Company by way of a fresh issue and/or an offer for sale by the existing shareholders. These standalone interim Ind AS financial statements are not the statutory standalone Ind AS financial statements of the Company.

#### d) ICDR 2018

As at and for the period ended 30 September 2018 and for the years ended March 31, 2018, March 31, 2017 and March 31, 2016, March 31, 2015 and March 31, 2014: Securities Exchange Board of India as issued Securities Exchange Board of India (Issued of Capital and Disclosure Requirements) Regulations, 2018 ('SEBI ICDR Regulations 2018') on 11 September 2018, which are effective from 11 November 2018. Accordingly, on and from the commencement of this regulations, the SEBI ICDR regulations 2009 shall stand rescinded. Based on the advice received by Management, the Company continues to comply with the SEBI ICDR Regulations 2009.

### 2. Audit Qualifications in Annexure to Auditors' Report, which do not require any corrective adjustments in the Restated Standalone Financial Information

In addition to the audit opinion on the financial statements, the auditors are required to comment upon the matters included in the Companies (Auditor's Report) Order, 2016 ('CARO') issued by the Central Government of India terms of sub-section (11) of Section 143 of the Companies Act, 2013 for the years ended March 31, 2018, March 31, 2017 and March 31, 2016, the Companies (Auditor's Report) Order, 2015 issued by the Central Government of India terms of sub-section (11) of Section 143 of the Companies Act, 2013 for the year ended 31 March 2015 and the Companies (Auditor's Report) Order, 2003 issued by the Central Government of India under sub-section (4A) of Section 227 of the Companies Act, 1956 for the year ended 31 March 2014. **Clause (i) (c)**

According to the information and explanations given to us and based on the examination of the registered transfer deed provided to us, we report that, the title deeds, of such immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date. Immovable properties of land and buildings whose title deeds have been mortgaged as security for loans taken from Banks and financial institutions are held in the name of the Company based on confirmations directly received by us from the lenders / parties. In respect of immovable properties of land and buildings that have been taken on lease and disclosed as fixed asset in the financial statements, the lease agreements are in the name of the Company. Attention is however invited to Footnote (2) to note 13(a) regarding the leasehold land on which the Company's Four Points by Sheraton Hotel - Vashi (Navi Mumbai) has been built, which is presently under litigation.

**Clause (i) (c)**

According to the information and explanations given to us and based on the examination of the registered transfer deed provided to us, we report that, the title deeds, of such immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date. Immovable properties of land and buildings whose title deeds have been mortgaged as security for loans taken from Banks and financial institutions are held in the name of the Company based on confirmations directly received by us from the lenders / parties. In respect of immovable properties of land and buildings that have been taken on lease and disclosed as fixed asset in the financial statements, the lease agreements are in the name of the Company. Attention is however invited to Footnote (2) to note 13(a) regarding the leasehold land on which the Company's Four Points by Sheraton Hotel - Vashi (Navi Mumbai) has been built, which is presently under litigation.

**Clause (iii) (b)**

According to the information and explanations given to us, the Company has granted unsecured loans to companies covered in the register maintained under Section 189 of the Companies Act, 2013, in respect of which:

(b) The schedule of repayment of principal has not been stipulated. The schedule of payment of interest has been stipulated and receipts of interest have been regular as per stipulations, except for a loan granted to one party where interest of Rs. 17.66 million was paid after a delay of 80 days.

**Clause (iii) (c)**

In our opinion and according to the information and explanations given to us, the Company has maintained proper records of its inventories and no material discrepancies were noticed on physical verification, other than at the hotel at Sahar (Mumbai) which commenced operations in February 2015 and in respect of which systems for recording of receipt and issue of stocks are being put in place.

**Clause (v)**

In our opinion and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business for the purchase of inventories other than at the Sahar Hotel (refer clause (iii) (c) above) and fixed assets and for the sale of goods and services. During the course of our audit, we have not observed any major weakness in such internal control system, except as stated in clause (iii) (c) above.

### Note:

- The above Annexure should be read with the Basis of preparation and Significant Accounting Policies appearing in Annexure V, Notes to the Restated Standalone Summary Financial Information appearing in Annexure VI and Statement of Adjustments to Audited Financial Statements appearing in Annexure VII.
- The ratios have been computed as follows
  - Earning Per Share (Basic) =  $\frac{\text{Restated net profit after tax and adjustments, available for equity shareholders}}{\text{Weighted average number of equity shares outstanding during the period/year}}$
  - Earning Per Share (Diluted) =  $\frac{\text{Restated Profit for the year}}{\text{Weighted average number of diluted potential equity shares outstanding during the period/year}}$
  - Return on Net worth (%) =  $\frac{\text{Restated net profit after tax and adjustments, available for equity shareholders}}{\text{Restated net worth at the end of the period/year}}$
  - Net Asset Value per Share (Rs.) =  $\frac{\text{Restated net worth at the end of the year}}{\text{Weighted average number of equity shares outstanding during the period/year}}$
- Net worth for ratios mentioned in point 4 is = Equity share capital + Reserves and surplus (including Securities Premium, General Reserve and Retained earnings). Retained earnings includes impact of fair valuation of land considered as deemed cost on transition to Ind AS (net of related tax impact): Rs. 3,710.05 million (March 31 2018: Rs. 3,710.05 million March 31 2017: Rs. 3,724.38 million, March 31, 2016: Rs. 3,724.38 million, March 31, 2015: Rs. 3,750.36 million, March 31, 2014: Rs. 2,868.51 million)
- Weighted average number of equity shares is the number of equity shares outstanding at the beginning of the period/year adjusted by the number of equity shares issued during the period/year multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the period/year.  
Further, the effect of shares pending allotment has been appropriately considered for computation of basic and diluted earnings per share from the Appointed Date.
- The Company does not have any revaluation reserves or extra-ordinary items.
- Earnings per share calculations are in accordance with Indian Accounting Standard 33 (Ind AS 33) - Earnings per share.  
The impact of dilution on account of ESOP is not considered as they are anti-dilutive.

- 10) ***Emphasis of Matter***

We draw attention to the following matters in Annexure VII: Statement of Adjustments to Audited Financial Statements in the Restated Consolidated Summary Financial Information:

**As at and for the period ended 30 September 2018:**

- A. Note 1.2 to the audited consolidated interim Ind AS financial statements, which describes the basis of preparation. The Company has not presented the corresponding figures for the previous period in these audited consolidated interim Ind AS financial statements as these have been prepared for inclusion in the Restated Consolidated Summary Financial Information in the Red Herring Prospectus / Prospectus in connection with the proposed issue of Equity Shares of the Company by way of a fresh issue and/or an offer for sale by the existing shareholders. These audited consolidated interim Ind AS financial statements are not the statutory consolidated Ind AS financial statements of the Company.

**As at and for the year ended 31 March 2018:**

- B. Note 41 (b) in respect of the Scheme of Arrangement ('the Scheme') between Genext Hardware & Parks Private Limited ('Genext') and the Company for demerger of the Hotel undertaking and Retail undertaking ('demerged undertaking') of Genext which has been approved by the National Company Law Tribunal ('NCLT') at Mumbai and Bengaluru and other regulatory authorities on 11 September 2017, with effect from the Appointed date specified in the Scheme i.e. 1 November 2016. The Scheme has been accounted in the manner prescribed by the NCLT order i.e. the book values of the assets, liabilities and reserves of the demerged undertaking of Genext as of 1 November 2016 have been recorded by the Company and the identity of the reserves have been maintained. The excess of the book value of the net assets and reserves of the demerged undertaking of Genext acquired over the face value of the shares issued by the Company amounting to Rs 189.53 million has been debited to Goodwill in accordance with the Scheme. This accounting treatment is different from that prescribed under Ind AS 103 on Business Combination.

**As at and for the period ended 30 September 2018 and for the years ended 31 March 2018, 31 March 2017 and 31 March 2016:**

- C. Note 42 (c) in respect of the entire building comprising of the hotel and apartments therein, purchased together with a demarcated portion of the leasehold rights to land at Vashi (Navi Mumbai), from K. Raheja Corp Private Limited, on which the Company's Four Points by Sheraton Hotel has been built. The allotment of land by City & Industrial Development Corporation of Maharashtra Limited ('CIDCO') to K. Raheja Corp Private Limited has been challenged by two public interest litigations and the matter is currently pending with the Honorable Supreme Court of India. Pending the outcome of proceedings and a final closure of the matter, no adjustments have been made in the Restated Consolidated Summary Financial Information as at 30 September 2018 to the carrying value of the leasehold rights (reflected as prepayments) and the hotel assets thereon aggregating to Rs 497.90 million, Rs 503.49 million, Rs 530.18 million and Rs 567.14 million as at 30 September 2018, 31 March 2018, 31 March 2017 and 31 March 2016 respectively.

**As at and for the years ended 31 March 2017 and 31 March 2016:**

- D. Note 36 regarding suspension of construction activity and sale of flats at the Company's Bengaluru Residential Project. At 31 March 2017 and 31 March 2016 amounts related to the project carried under inventories was Rs 2,659.87 million and Rs 2,533.02 million and under trade receivables was Rs 9.12 million and Rs 6.77 million respectively. No provision against these amount was considered necessary by the Company at that stage.

**As at and for the year ended 31 March 2014:**

- E. Note 36, wherein pursuant to an interim order passed by the High Court of Karnataka following an objection raised by Hindustan Aeronautical Limited, during the year the Company had to stop construction activity at the Bengaluru project and sale of further flats for all wings, above 40 meters.

Pending the outcome of proceedings and a final closure of the matter, the Company had not recognised profits during the year on flats sold above 40 meters and had derecognized profits on sales of previous years that had been cancelled during the year. The Company had also recompensed flat owners, in accordance with a litigation plan framed by the Company for customers, with payments on account of the delay in completion of the project as a result of the above matter. Additionally provision for estimated loss on account of cancellation in the subsequent year had been made in the accounts.

Our report is not qualified in respect of these matters.

- 11) This report should not in any way be construed as a reissuance or re-dating of any of the previous audit reports issued by us or by other firms of Chartered Accountants, nor should this report be construed as a new opinion on any of the financial statements referred to herein.
- 12) We have no responsibility to update our report for events and circumstances occurring after the date of the report.
- 13) Our report is intended solely for use of the management and for inclusion in the offer document to be filed with Securities and Exchange Board of India, and stock exchanges where the equity shares are proposed to be listed and the relevant Registrar of Companies in India in connection with the proposed issue of Equity Shares of the Holding Company by way of fresh issue and an offer for sale by the existing shareholders. Our report should not be used, referred to or distributed for any other purpose except with our prior consent in writing.

## **Annexure V: Basis of preparation and Significant Accounting Policies**

### **1. Basis of preparation and presentation**

The Restated Consolidated Summary Statement of Assets and Liabilities of the Group as at September 30, 2018, March 31, 2018 and March 31, 2017 and the Restated Consolidated Summary Statement of Profit and Loss (including Other Comprehensive Income), the Restated Consolidated Summary Statement of Changes in Equity and the Restated Consolidated Summary Statement of Cash flows for the period/years ended September 30, 2018, March 31, 2018 and March 31, 2017 and Restated Other Consolidated Financial Information (together referred as 'Restated Consolidated Financial Information') has been prepared under Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015.

For all periods up to and including the year ended March 31, 2017, the Group prepared its audited consolidated financial information in accordance with accounting standards notified under Section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 ("Indian GAAP"). The consolidated financial statements for the year ended March 31, 2018 are the Group's first Ind AS financial statements. The date of transition to Ind AS is April 1, 2016.

The Group has elected to present all the five years including the period ended on September 30, 2018 in accordance with Ind AS/ Proforma Ind AS, instead of Indian GAAP. The Restated Consolidated Financial Information for the years ended March 31, 2016, 2015 and 2014 has been prepared on Proforma basis (i.e. "Proforma Consolidated Ind AS financial information") in accordance with requirements of SEBI Circular SEBI/HO/CFD/DIL/CIR/P/2016/47 dated March 31, 2016 ("SEBI Circular") and Guidance note on Reports in Company Prospectuses issued by Institute of Chartered Accountants of India (ICAI). For the purpose of Proforma Ind AS consolidated financial information for the years ended March 31, 2016, 2015 and 2014, the Group has followed the same accounting policy and accounting policy choices (both mandatory exceptions and optional exemptions availed as per Ind AS 101) as initially adopted on transition date i.e. April 1, 2016. Accordingly, suitable restatement adjustments (both re-measurements and reclassifications) in the accounting heads are made to the Proforma Ind AS Consolidated financial information as of and for the years ended March 31, 2016, 2015 and 2014. The basis of preparation for specific items where exemptions have been applied are as follows:

- (a) **Property, Plant and Equipment (PPE):** As permitted by Ind AS 101, the Group has elected to fair value land as at the date of transition to Ind AS (April 1, 2016) and use that fair value as its deemed cost at that date with the resultant impact being accounted for in the reserves.

For the purpose of Proforma Ind AS Consolidated Financial Information for the years ended March 31, 2016, March 31, 2015 and March 31, 2014, the same has been accounted in accordance with the Guidance Note on Reports in Company Prospectus (Revised 2016). The fair value as on transition date is basis the land parcels and subsequent capitalisations made to the cost of land (for purchase of additional FSI) till such date (i.e. April 1, 2016). For the purpose of pushback of such fair value, proportionate fair value of such additions made is calculated based on the ratio of cost (adjusted for inflation) incurred for purchase of such additions to the total cost of such land. The fair value of such additions has been considered in their respective years of purchase by the Group.

- (b) All other items of PPE have been measured as per the requirements of Ind AS 16 retrospectively

## **Annexure V: Basis of preparation and Significant Accounting Policies (continued)**

### **Basis of preparation and presentation (Continued)**

**(c) Intangible assets and Investment Properties-** As permitted by Ind AS 101, the Group has elected to continue with the carrying value of all of its Intangible assets and investment properties recognised as at April 1, 2016 measured as per the previous Indian GAAP and use that carrying value as the deemed cost. For the purpose of Proforma Ind AS Consolidated Financial Information for the years ended March 31, 2016, March 31, 2015 and March 31, 2014, the Group has provided the depreciation based on the estimated useful life of respective years.

**(d)** Ind AS 103 Business Combinations has not been applied to business combinations, which are considered businesses under Ind AS that occurred before 1 April 2016. Pursuant to this exemption, goodwill arising from business combination has been stated at the carrying amount under previous GAAP. Use of this exemption means that the Indian GAAP carrying amounts of assets and liabilities, that are required to be recognised under Ind AS, is their deemed cost at the date of the acquisition after considering specific adjustments as required by Para C4 of Appendix C of Ind AS 101. For the purpose of Proforma Ind AS Consolidated Financial Information for the year ended March 31, 2016, March 31, 2015 and March 31, 2014, the Group has continued with the existing exemption on the date of transition (i.e. April 1, 2016) and no retrospective assessment/ adjustments have been made except as those required by Para C4 of Appendix C of Ind AS 101.

**(e) Scheme of arrangement - Hotel and Retail Undertaking (refer note 41):**

The Board of Directors at their meeting held on 26 October 2013 had approved the merger proposal and approved the "Scheme of Arrangement" to demerge the Hotel Undertaking and the Retail Undertaking (together referred to as 'Demerged Undertaking') at Bengaluru from a subsidiary company, namely Magna Warehousing & Distribution Private Limited ('MWDPL') under Section 391 read with Section 394 of the Companies Act, 1956, with effect from 1 April 2013, ("the Appointed Date") subject to obtaining necessary approvals of the Shareholders, Honourable High Court of Karnataka at Bangalore and Honourable High Court of Bombay and other statutory and regulatory authorities. The Scheme has become effective from 11 September 2015.

The effect of the above scheme of demerger was given in the consolidated statutory accounts in the financial year ended March 31, 2015 when the said scheme has received all the requisite approvals with effect from Appointed Date. However for the purpose of restated Proforma Ind AS Consolidated Financial Information, the effect of the above scheme has been given in the consolidated financial information on the Appointed Date (1 April 2013). #### **(f) Other material restated adjustments (continued)**

As specified in the Guidance Note, the equity balance computed under Proforma Ind AS Consolidated Financial Information for the year ended March 31, 2016 (i.e. equity under Indian GAAP as at April 1, 2015, 2014 and 2013 adjusted for impact of Ind AS 101 items and after considering profit or loss for the years ended March 31, 2016, 2015 and 2014 with adjusted impact due to Ind- AS principles applied on proforma basis) and equity balance computed in opening Ind AS Balance sheet as at transition date (i.e. April 1, 2016), prepared for filing under Companies Act, 2013, differs due to restatement adjustments made as at April 1, 2015, 2014 and 2013. Accordingly, the closing equity balance as at March 31, 2016 of the Proforma Ind AS Consolidated Financial Information has not been carried forward to opening Ind AS Balance sheet as at transition date already adopted for reporting under Companies Act, 2013. Reconciliation of the same is disclosed in Note 54 of Annexure VI.

The Restated Proforma Ind AS Consolidated Financial Information have been prepared by the Management of the Company in connection with the proposed listing of equity shares of the Company by way of an offer for sale, to be filed by the Company with the Securities and Exchange Board of India, Registrar of Companies, Mumbai and the concerned Stock Exchange in accordance with the requirements of:

- a) Section 26 of the Companies (Prospectus and Allotment of Securities) Rules, 2014 to the Companies Act, 2013;
- b) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 issued by the Securities and Exchange Board of India ("SEBI") on August 26, 2009, as amended to date in pursuance of provisions of Securities and Exchange Board of India Act, 1992 read along with SEBI circular No. SEBI/HO/CFD/DIL/CIR/P/2016/47 dated March 31, 2016 (together referred to as the "SEBI ICDR regulations 2009"). SEBI has issued Securities Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 ('SEBI ICDR Regulations 2018') on 11 September 2018, which are effective from 11 November 2018. Accordingly, on and from the commencement of these regulations, the SEBI ICDR Regulations 2009 shall stand rescinded. In consonance with the information in Draft Red Herring Prospectus ('DRHP'), as advised by the merchant bankers, the Company continues to comply with the SEBI ICDR Regulations 2009; and
- c) Guidance note on reports in Company prospectuses (revised 2016) issued by the Institute of Chartered Accountants of India.

These Restated Proforma Ind AS Consolidated Financial Information have been compiled by the Group from the Audited Consolidated Financial Statements and:

- material amounts relating to adjustments for previous years in arriving at profit/loss of the years to which they relate, have been appropriately adjusted,
- adjustments for reclassification of the corresponding items of income, expenses, assets and liabilities, in order to bring them in line with the groupings as per the audited Consolidated financial statements of the Group as at and for the period ended ended September 30, 2018 prepared under Ind AS and the requirements of the SEBI Regulations, and

#### **(f) Other material restated adjustments (continued)**

- the resultant tax impact on above adjustments has been appropriately adjusted in deferred taxes in the respective years to which they relate.

The Restated Consolidated Summary Financial Information has been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities (including derivative instruments) that are measured at fair value (refer- Accounting policy regarding financials instruments);
- assets held for sale – measured at lower of cost or fair value less cost to sell;
- defined benefit plans – plan assets measured at fair value less present value of defined benefit obligation; and
- land at fair value on transition date

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

#### **A. Functional and presentation currency**

The Restated Consolidated Summary Financial Information is presented in Indian rupees, which is the Group's functional currency. All amounts have been rounded off to the nearest million with two decimals, unless otherwise indicated.

#### **B. Use of estimates and judgements**

While preparing the Restated Consolidated Summary Financial Information in conformity with Ind AS, the management has made certain estimates and assumptions that require subjective and complex judgments. These judgments affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses, disclosure of contingent liabilities at the restated consolidated summary statement of assets and liabilities date and the reported amount of income and expenses for the reporting period. Future events rarely develop exactly as forecasted and the best estimates require adjustments, as actual results may differ from these estimates under different assumptions or conditions.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Judgement, estimates and assumptions are required in particular for:

##### **- Determination of the estimated useful lives**

Useful lives of property, plant and equipment and investment property are based on the life prescribed in Schedule II of the Act. In cases, where the useful lives are different from that prescribed in Schedule II and in case of intangible assets, they are estimated by management based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support.

## **Annexure V: Basis of preparation and Significant Accounting Policies (continued)**

### **Basis of preparation and presentation (continued)**

- **Recognition and measurement of defined benefit obligations**  
The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation, actuarial rates and life expectancy. The discount rate is determined by reference to market yields at the end of the reporting period on government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations. Due to complexities involved in the valuation and its long term nature, defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting period.
- **Recognition of deferred tax assets**  
Deferred tax assets and liabilities are recognised for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases, and unutilised business loss and depreciation carry-forwards and tax credits. Deferred tax assets are recognised to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilised.
- **Recognition and measurement of other provisions**  
The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the closing date. The actual outflow of resources at a future date may therefore, vary from the amount included in other provisions.
- **Discounting of long-term financial assets / liabilities**  
All financial assets / liabilities are required to be measured at fair value on initial recognition. In case of financial liabilities/assets which are required to subsequently be measured at amortised cost, interest is accrued using the effective interest method.
- **Determining whether an arrangement contains a lease**  
At inception of an arrangement, the Group determines whether the arrangement is or contains a lease.

At inception or on reassessment of an arrangement that contains a lease, the Group separates payments and other consideration required by the arrangement into those for the lease and those for other elements on the basis of their relative fair values. If the Group concludes for a finance lease that it is impracticable to separate the payments reliably, then an asset and a liability are recognised at an amount equal to the fair value of the underlying asset; subsequently, the liability is reduced as payments are made and an imputed finance cost on the liability is recognised using the Group's incremental borrowing rate. And in case of operating lease, treat all payments under the arrangement as lease payments.

## **Annexure V: Basis of preparation and Significant Accounting Policies (continued)**

### **Basis of preparation and presentation (continued)**

- **Fair value of financial instruments**

Derivatives are carried at fair value. Derivatives includes foreign currency forward contracts. Fair value of foreign currency forward contracts are determined using the fair value reports provided by respective bankers.

Further information about the assumptions made in measuring fair values is included in the following notes:

- Note J – impairment test of non-financial assets: key assumptions underlying recoverable amounts; and
- Note L – determining the fair value less costs to sell of the assets classified as held for sale on the basis of significant unobservable inputs.

### **C. Measurement of fair values**

The Group's accounting policies and disclosures require the measurement of fair values for, both financial and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- *Level 1:* quoted prices (unadjusted) in active markets for identical assets or liabilities.
- *Level 2:* inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- *Level 3:* inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

## **2. Basis of consolidation**

### **Subsidiaries:**

The restated consolidated summary financial information incorporate the financial statements of the Company and entities controlled by the Company. Subsidiaries are all entities over which the holding company has control.

The Company controls an investee when the Company has power over the investee, is exposed to, or has rights to, variable returns from its involvement with the investee and has the ability to affect those returns through its power to direct the relevant activities of the investee. Subsidiaries are fully consolidated from the when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary.

The acquisition method of accounting is used to account for business combinations by the Group. The Group combines the financial statements of the Holding company and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intra-group transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the Restated Consolidated Summary Statement of Profit and Loss, Restated Consolidated Summary Statement of Changes in Equity and Restated Consolidated Summary Statement of Assets and Liabilities respectively.

In the restated consolidated summary financial information, 'Goodwill' represents the excess of the cost to the Holding company of its investment in the subsidiaries over its share of equity, at the respective dates on which the investments are made. Alternatively, where the share of equity as on the date of investment is in excess of cost of investment, it is recognised as 'Capital Reserve' in the consolidated financial statements.

### **Basis of preparation and presentation (continued)**

#### **2. Basis of consolidation (continued)**

##### **Associates:**

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decision of the investee, but is not control or joint control over those policies.

The Group's investment in its associate are accounted for using the equity method, except when the investment, or a portion thereof, is classified as held for sale, in which case it is accounted for in accordance with Ind AS 105. Under the equity method, the investment in an associate is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of the profit or loss and other comprehensive income of the associate since the acquisition date. Distributions received from an associate reduce the carrying amount of the investment. When the Group's share of losses of an associate exceeds the Group's interest in that associate, the Group discontinues recognising its share of further losses.

Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate.

Goodwill relating to the associates is included in the carrying amount of the investment and is not tested for impairment individually. The restated consolidated summary statement of profit and loss reflects the Group's share of the results of operations of the associates. Any change in other comprehensive income of those investees is presented as part of the Group's other comprehensive income. In addition, when there has been a change recognised directly in the equity of the associates, the Group recognises its share of any changes, when applicable, in the statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and the associated are eliminated to the extent of the interest in the associate.

Group discontinues the use of the equity method from the date when the investment ceases to be an associate, or when the investment is classified as held for sale. When the Group retains an interest in the former associate and the retained interest is a financial asset, the Group measures the retained interest at fair value at that date and the fair value is regarded as its fair value on initial recognition in accordance with Ind AS 109. The difference between the carrying amount of the associate at the date the equity method was discontinued, and the fair value of any retained interest and any proceeds from disposing of a part interest in the associate is included in the determination of the gain or loss on disposal of the associate. In addition, the Group accounts for all amounts previously recognised in other comprehensive income in relation to that associate on the same basis as would be required if that associate had directly disposed of the related assets or liabilities. Therefore, if a gain or loss previously recognised in other comprehensive income by that associate would be reclassified to profit or loss on the disposal of the related assets or liabilities, the Group reclassifies the gain or loss from equity to profit or loss (as a reclassification adjustment) when the equity method is discontinued.

# Chalet Hotels Limited

*(formerly known as Chalet Hotels Private Limited)*

## **Annexure V: Basis of preparation and Significant Accounting Policies (continued)**

### **Basis of preparation and presentation (continued)**

#### **2. Basis of consolidation (continued)**

When the Group reduces its ownership interest in an associate or a joint venture but the Group continues to use the equity method, the Group reclassifies to profit or loss the proportion of the gain or loss that had previously been recognised in other comprehensive income relating to that reduction in ownership interest if that gain or loss would be reclassified to profit or loss on the disposal of the related assets or liabilities.

The aggregate of the Group's share of profit and loss of an associate is shown on the face of the restated consolidated summary statement of profit and loss outside operating profit and represents profit and loss after tax of the associate. The financial statements of the associate are prepared for the same reporting period as of the Group. After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its associates. At each reporting date, the Group determines whether there is objective evidence that the investment in the associate is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associates and its carrying value, and recognises the loss as 'Share of profit of an associate' in the restated consolidated summary statement of profit and loss.

#### **3. Current and non-current classification**

The Schedule III to the Act requires assets and liabilities to be classified as either current or non-current.

An asset is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be realised in, or is intended for sale or consumption in, the entity's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is expected to be realised within twelve months after the balance sheet date; or
- (d) it is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the balance sheet date.

All other assets are classified as non-current.

A liability is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be settled in, the entity's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is due to be settled within twelve months after the balance sheet date; or
- (d) the Group does not have an unconditional right to defer settlement of the liability for at least twelve months after the balance sheet date.

All other liabilities are classified as non-current.

### **Basis of preparation and presentation (continued)**

#### **3. Current and non-current classification (continued)**

##### **Operating cycle**

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents.

Based on the nature of services and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current – non-current classification of assets and liabilities.

#### **4. Significant accounting policies**

##### **A. Business combination**

As part of its transition to Ind AS, the Group has elected to apply the relevant Ind AS, viz. Ind AS 103, Business combinations, to only those business combinations that occurred on or after the transition date i.e. April 1, 2016.

The Group has accounted merger schemes in a manner prescribed by the High Court orders. The book values of the assets, liabilities and reserves of the Transferor Company have been recorded and the identity of the reserves has been maintained. The excess of book value of the net assets and reserves of the Transferor Company taken over, over the face value of the shares issued by the transferee Company has been debited to the Goodwill as per the Scheme. Any goodwill that arises is tested annually for impairment.

Transaction costs are expensed as incurred, except to the extent related to the issue of debt or equity securities. The consideration transferred does not include amounts related to the settlement of pre-existing relationships with the acquiree. Such amounts are recognised in the restated consolidated summary statement of profit and loss.

##### **Common control**

Business combinations involving entities that are ultimately controlled by the same parties before and after the business combination are considered as Common control entities. Common control transactions are accounted using pooling of interest method. The financial statements in respect of prior periods have been restated from the period that the Transferor Company became a subsidiary of the Transferee Company where the assets and liabilities of the transferee are recorded at their existing carrying values, the identity of reserves of the transferee company is preserved.

##### **B. Revenue**

###### **i. Real estate development and sale**

Revenue from real estate activity is recognised to the extent that it is probable that the economic benefits will flow to the Group, all significant risks and rewards of ownership are transferred to the customers and it is not unreasonable to expect ultimate collection and no significant uncertainty exists regarding the amount of consideration.

# Chalet Hotels Limited

*(formerly known as Chalet Hotels Private Limited)*

## **Annexure V: Basis of preparation and Significant Accounting Policies** **(continued)**

### **Significant accounting policies (continued)**

Revenue from real estate development activity is recognised at a point in time when significant risks and rewards are transferred to the Customer i.e. when the control of the residential flat is transferred to the Customer.

Cost of construction/development includes all costs directly related to the Project and other expenditure as identified by the management which are reasonably allocable to the project.

Unbilled revenue from Real Estate represents revenue recognised over and above amount due as per payment plans agreed with the customers. Progress billings which exceed the costs and recognised profits to date on projects under construction are disclosed as advance received from customers under other current liabilities. Any billed amount that has not been collected is disclosed under trade receivables.

#### **ii. Hospitality business**

Revenue is measured at the fair value of the consideration received or receivable. Revenue comprises sale of rooms, food, beverages, smokes and allied services relating to hotel operations. Revenue is recognised upon rendering of the service, provided pervasive evidence of an arrangement exists, tariff / rates are fixed or are determinable and collectability is reasonably certain.

Revenue recognised is net of indirect taxes, returns and discounts.

#### **iii. Rental income**

Revenues from property leased out under an operating lease are recognised over the tenure of the lease / service agreement on a straight line basis over the term of the lease, except where the rentals are structured to increase in line with expected general inflation, and except where there is uncertainty of ultimate collection.

#### **iv. Income from other services**

Maintenance income is recognised as and when related expenses are incurred.  
Income from ancillary services are recognised as and when the services are rendered.

#### **v. Dividend income**

Dividend income is recognised only when the right to receive the same is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of dividend can be measured reliably.

(formerly known as Chalet Hotels Private Limited)

## **Annexure V: Basis of preparation and Significant Accounting Policies (continued)**

### **Significant accounting policies (continued)**

#### **vi. Interest income**

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that discounts the estimated future cash payments or receipts through the expected life of the financial instruments or a shorter period, where appropriate, to the net carrying amount of the financial assets on initial recognition. Interest income is included in other income in the Restated Consolidated statement of profit or loss.

#### **C. Foreign Currency**

##### Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the restated consolidated summary statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the restated consolidated summary statement of profit and loss on a net basis within other gains / (losses).

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of transactions. Non-monetary items that are measured at fair value in a foreign currency shall be translated using the exchange rates at the date when the fair value was measured.

#### **D. Employee benefits**

##### **i. Short-term employee benefits**

All employee benefits payable wholly within twelve months of rendering services are classified as short-term employee benefits. Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Short-term benefits such as salaries, wages, short-term compensation absences, etc., are determined on an undiscounted basis and recognised in the period in which the employee renders the related service.

##### **ii. Post-employment benefits**

###### *Defined contribution plans*

Obligations for contributions to defined contribution plans such as Provident Fund and Family pension maintained with Regional Provident Fund Office are expensed as the related service is provided.

## **Annexure V: Basis of preparation and Significant Accounting Policies (continued)**

### **Significant accounting policies (continued)**

#### *Defined benefit plans*

The following post – employment benefit plans are covered under the defined benefit plans:

- **Gratuity Fund**

The Group provides for gratuity, a defined benefit retirement plan covering eligible employees. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Group. The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus the Group's defined benefit plans.

When the calculation results in a potential asset for the Group, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the Restated Consolidated Summary Statement of changes in equity and in the Restated Consolidated Summary Statement of Assets and Liabilities.

#### **iii. Terminal Benefits:**

All terminal benefits are recognised as an expense in the period in which they are incurred.

#### **iv. Employee stock option expense**

The grant date fair value of equity settled share-based payment awards granted to employees is recognised as an employee expense, with a corresponding increase in equity, over the period that the employees unconditionally become entitled to the awards. The amount recognised as expense is based on the estimate of the number of awards for which the related service and non-market vesting conditions are expected to be met, such that the amount ultimately recognised as an expense is based on the number of awards that do meet the related service and non-market vesting conditions at the vesting date.

### **E. Income-tax**

Income-tax expense comprises current and deferred tax. It is recognised in net profit in the restated consolidated statement of profit or loss except to the extent that it relates to items recognised directly in equity or in the OCI.

#### **i. Current tax**

Current tax is the amount of tax payable (recoverable) in respect of the taxable profit / (tax loss) for the year determined in accordance with the provisions of the Income-tax Act, 1961. Taxable profit differs from 'profit before tax' as reported in the Restated Consolidated Summary Statement of Profit and Loss because of items of income or expenses that are taxable or deductible in other years & items that are never taxable

or deductible. Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Group:

- a) has a legally enforceable right to set off the recognised amounts; and
- a) intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

#### **ii. Deferred tax**

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss; and
- temporary differences related to investments in subsidiaries and associates to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves. Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Taxes relating to items recognised directly in equity or OCI is recognised in equity or OCI and not in the Restated Consolidated Summary Statement of profit and loss.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

- a) the entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

#### **F. Inventories**

##### **Hospitality**

Stocks of stores, food and beverages and operating supplies (viz. crockery, cutlery, glassware and linen) are carried at the lower of cost and net realizable value. Cost of inventories comprises of all costs of purchase and other costs incurred in bringing the inventories to their present condition and location. Cost is arrived at by the weighted average cost method.

Stocks of stores and spares and operating supplies (viz. crockery, cutlery, glassware and linen) once issued to the operating departments are considered as consumed and expensed to the Restated Consolidated Summary Statement of Profit and Loss.

##### **Real Estate Development (Residential Flats)**

Property is valued at lower of cost and net realizable value. Cost comprises of land, development rights, materials, services, and other expenses attributable to the projects. Costs of construction / development (including cost of land) incurred is charged to the Restated Consolidated Summary Statement of Profit and Loss proportionate to area sold and the balance cost is carried over under inventories as part of property under development. Cost of construction material (including unutilised project materials) at site is computed by the weighted moving average method and carried at lower of cost and Net Realizable value.

#### **G. Property, plant and equipment**

##### **i. Recognition and measurement**

Property, plant and equipment are stated at cost less accumulated depreciation / amortisation and impairment losses, if any except for freehold land which is not depreciated. Cost comprises of purchase price and any attributable cost such as duties, freight, borrowing costs, erection and commissioning expenses incurred in bringing the asset to its working condition for its intended use. If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted and depreciated for as separate items (major components) of property, plant and equipment. Any gain or loss on disposal of an item of property, plant and equipment is recognised in the Restated Consolidated Summary Statement of Profit and Loss.

Properties in the course of construction for production, supply or administration purposes are carried at cost, less any impairment loss recognised. Cost includes professional fees and, for qualifying assets borrowing costs capitalised in accordance with the group's accounting policy. Such properties are classified to the appropriate categories of Property, Plant & Equipment when completed and are ready for intended use. Depreciation on these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

### Significant accounting policies (continued)

#### ii. Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

#### iii. Transition to Ind AS

For transition to Ind AS, the Group has elected to apply Ind AS 16 retrospectively to its property, plant and equipment along with selective fair valuation of few assets (Freehold land at Powai and Sahar in Mumbai and Westin at Hyderabad are measured at fair value as deemed cost) and use that carrying value as its deemed cost. While measuring the property, plant and equipment in accordance with Ind AS, the Group has elected to measure certain items of property, plant and equipment at the date of transition to Ind AS at their fair values and use that fair values as their deemed cost.

#### iv. Depreciation

Depreciation is provided using the Straight line method (SLM) as per the useful life of the assets estimated by the management.

Depreciation on addition/deletion of fixed asset made during the year is provided on pro-rata basis from / upto the date of each addition / deletion. The useful lives of assets estimated by management is same as prescribed in Schedule II to the Act, except in respect of the following categories of assets, where the life is different than that of Schedule II to the Act.

## **Annexure V: Basis of preparation and Significant Accounting Policies (continued)**

### **Significant accounting policies (continued)**

Freehold land is measured at fair value as per Ind AS 113 with the resultant impact being accounted for in the reserves. The fair value of the Group's freehold land parcels as at April 1, 2016 have been arrived at on the basis of a valuation carried out by an independent registered appraiser not related to the Group with appropriate qualifications and relevant experience in the valuation of properties at relevant locations. The fair value was determined based on a combination of Discounted Cash Flow method and Residual method. The fair value of such freehold land has been pushed back to the earliest of reporting period in the restated financial statements in accordance with the Guidance Note on Reports in Company Prospectuses (Revised 2016).

#### **H. Borrowing costs**

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of a qualifying asset which necessarily take a substantial period of time to get ready for their intended use or sale are capitalised as part of the cost of that asset until such time as the assets are substantially ready for their intended use or sale. Other borrowing costs are recognised as an expense in the period in which they are incurred.

#### **I. Segment reporting**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The management committee assesses the financial performance and position of the group, and makes strategic decisions. It is identified as being the chief operating decision maker for the Group. Refer note 49 for segment information presented.

#### **J. Intangible assets**

##### **Recognition and measurement**

Intangible assets comprises of trademarks and computer software and are measured at cost less any accumulated amortisation and accumulated impairment loss, if any.

##### **Subsequent expenditure**

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates.

##### **Transition to Ind AS**

On transition of Ind AS, the Group has elected to continue with the carrying value of all of its intangible assets recognised as at 1 April 2016, measured as per the previous GAAP, and use that carrying value as the deemed cost of such intangible assets.

# Chalet Hotels Limited

*(formerly known as Chalet Hotels Private Limited)*

## **Annexure V: Basis of preparation and Significant Accounting Policies (continued)**

### **Significant accounting policies (continued)**

#### **Amortisation**

Amortisation is calculated over the cost of the asset, or other amount substituted for cost, less its residual value. Amortisation is recognised in the Restated Consolidated Statement of profit or loss on a straight-line basis over the estimated useful lives of intangible assets, from the date that they are available for use, since this most closely reflects the expected pattern of consumption of the future economic benefits embodied in the asset.

Intangible assets are amortised on straight-line method over estimated useful life of 3 years, which in management's view represents the economic useful life of these assets.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate prospectively.

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Restated consolidated summary statement of profit and loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

Goodwill on business combination is not amortised but it is tested for impairment annually or more frequently if events or changes in circumstances indicate that it might be impaired.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods which no longer exists or may have decreased, such reversal of impairment loss is recognised in the Restated consolidated summary statement of profit and loss, to the extent the amount was previously charged to the Restated consolidated summary statement of profit and loss. In case of revalued assets, such reversal is not recognised.

### **K. Investment property and investment property under construction**

#### **(a) Recognition and measurement**

Investment property is property held either to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes. Upon initial recognition, an investment property is measured at cost. Subsequent to initial

recognition, investment property is measured at cost less accumulated depreciation and accumulated impairment losses, if any.

On transition to Ind AS, the Group has elected to continue with the carrying value of all of its investment property recognised as at 1 April 2016, measured as per the previous GAAP and use that carrying value as the deemed cost of such investment property.

Investment property and investment property under construction represents the cost incurred in respect of areas retail block and commercial office space. Property under construction is accounted for as investment property under construction until construction or development is complete.

Direct expenses like cost of land, including related transaction costs, site labour cost, material used for project construction, project management consultancy, costs for moving the plant and machinery to the site and general expenses incurred specifically for the respective project like insurance, design and technical assistance, and construction overheads are taken as the cost of the project.

Investment properties are carried individually at cost less accumulated depreciation and impairment, if any. Investment properties under construction are carried individually at cost less impairment, if any. Impairment of investment property is determined in accordance with the policy stated for impairment of assets.

#### (b) Depreciation

Depreciation on investment property has been provided pro rata for the period of use by the Straight Line Method. The useful lives of Investment Property is estimated by management and the same is as prescribed in Schedule II to the Act, except in respect of the following categories of assets, where the life of these assets differs from Schedule II.

Any gain or loss on disposal of an investment property is recognised in Restated Consolidated summary statement of profit and loss.

The fair values of investment property are disclosed in the notes. Fair values are determined by an independent valuer who holds a recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued.

#### **L. Assets held for sale**

Non-current assets are classified as held for sale if it is highly probable that their carrying amount will be recovered primarily through sale rather than through continuing use. This condition is regarded as met only when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset (or disposal group) and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

When the Group is committed to a sale plan involving disposal of an investment, or a portion of an investment, in an associate, the investment or the portion of the investment that will be disposed of is classified as held for sale when the criteria described above are met, and the Group discontinues the use of the equity method in relation to the portion that is classified as held for sale. Any retained portion of an investment in an associate that has not been classified as held for sale continues to be accounted for using the equity method. The Group discontinues the use of the equity method at the time of disposal when the disposal results in the Group losing Significant influence over the associate or joint venture.

After the disposal takes place, the Group accounts for any retained interest in the associate in accordance with Ind AS 109 unless the retained interest continues to be an associate, in which case the Group uses the equity method (see the accounting policy regarding investments in associates above).

Such assets are generally measured at the lower of their carrying amount and fair value less costs to sell. Losses on initial classification as held for sale and subsequent gains and losses on remeasurement are recognised in Restated Consolidated summary statement of profit and loss. Refer Note 17.

#### **M. Financial Instruments**

##### **1. Financial assets**

###### ***(a) Recognition and initial measurement***

Trade receivable are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

A financial asset is initially measured at fair value plus, for an item not at Fair Value through Profit and Loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

###### ***(b) Classification and subsequent measurement***

The Group classifies its financial assets into a) financial assets measured at amortised cost, and b) financial assets measured at fair value through profit or loss (FVTPL). Management determines the classification of its financial assets at the time of initial recognition or, where applicable, at the time of reclassification.

# Chalet Hotels Limited

*(formerly known as Chalet Hotels Private Limited)*

## **Annexure V: Basis of preparation and Significant Accounting Policies** **(continued)**

### **Significant accounting policies (continued)**

#### **(i) Financial assets measured at amortised costs**

A financial asset is classified at amortised costs if it is held within a business model whose objective is to a) hold financial asset in order to collect contractual cash flows and b) the contractual terms of the financial asset give rise on specific dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using effective interest rate method (EIR). Amortised cost is arrived at after taking into consideration any discount on fees or costs that are an integral part of the EIR. The amortisation of such interests forms part of finance income in the restated consolidated summary statement of profit and loss. Any impairment loss arising from these assets are recognised in the restated consolidated summary statement of profit and loss.

#### **(ii) Financial assets measured at fair value through profit and loss (FVTPL)**

This is a residual category for classification. Any asset which do not meet the criteria for classification as at amortised cost, is classified as FVTPL. Financial assets at fair value through profit or loss are measured at fair value, and changes therein are recognised in the restated consolidated statement of profit or loss.

#### **(iii) Financial assets measured at fair value through other comprehensive income (FVOCI)**

- Debt investments at FVOCI: These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognised in restated consolidated summary statement of profit and loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to restated consolidated summary statement of profit and loss.

- Equity investments at FVOCI: These assets are subsequently measured at fair value. Dividends are recognised as income in Restated consolidated summary statement of profit and loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to Restated consolidated summary statement of profit and loss.

#### **(c) Derecognition**

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred. Any interest in transferred financial assets that is created or retained by the Group is recognised as a separate asset and associated liability for any amounts it may have to pay.

# Chalet Hotels Limited

*(formerly known as Chalet Hotels Private Limited)*

## **Annexure V: Basis of preparation and Significant Accounting Policies** ***(continued)***

### **Significant accounting policies *(continued)***

#### ***(d) Impairment of financial assets***

In accordance with Ind-AS 109, the Group applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance.

b) Trade receivables- The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables which do not contain a significant financing component. The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

## **2. Financial liabilities**

### ***(a) Recognition, measurement and classification***

Financial liabilities are classified as either held at a) fair value through profit or loss, or b) at amortised cost. Management determines the classification of its financial liabilities at the time of initial recognition or, where applicable, at the time of reclassification. The classification is done in accordance with the substance of the contractual arrangement and the definition of a financial liability and an equity instruments. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities at amortised cost includes loan and borrowings, interest free security deposit, interest accrued but not due on borrowings, Retention money payable, trade and other payables. Such financial liabilities are recognised initially at fair value minus any directly attributable transaction costs. Subsequent to initial recognition these financial liabilities are measured at amortised cost using the effective interest method.

The Group's financial liabilities at fair value through profit or loss includes derivative financial instruments.

### ***(b) Financial guarantee contracts***

The Group on a case to case basis elects to account for financial guarantee contracts as a financial instruments or as an insurance contracts as specified in Ind AS 109 on Financial Instruments and Ind AS 104 on Insurance contracts. The Group has regarded all its financial guarantee contracts as insurance contracts. At the end of each reporting period, the Group performs a liability adequacy test, (i.e. it assesses the likelihood of a pay-out based on current undiscounted estimates of future cash flows), and any deficiency is recognised in restated consolidated summary statement of profit and loss.

### ***(c) Derecognition***

The Group derecognises financial liabilities when its contractual obligations are discharged or cancelled or have expired.

## **Annexure V: Basis of preparation and Significant Accounting Policies (continued)**

### **Significant accounting policies (continued)**

#### **3. Offsetting of financial assets and financial liabilities**

Financial assets and liabilities are offset and the net amount presented in the restated consolidated summary statement of financial position when, and only when, the Group has legal right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

#### **4. Derivative financial instruments**

The Group uses derivative financial instruments, such as foreign exchange forward contracts, interest rate swaps and currency options to manage its exposure to interest rate and foreign exchange risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured to their fair value. The resulting gain/loss is recognised in Restated consolidated summary statement of profit and loss immediately at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. The Group does not designate the derivative instrument as a hedging instrument.

#### **N. Provisions, contingent liabilities and contingent assets**

Provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows specific to the liability. The unwinding of the discount is recognised as finance cost.

#### **O. Leases**

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases. In determining whether an arrangement is, or contains a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset, even if that right is not explicitly specified in the arrangement.

##### **i. Lease payments**

Payments made under operating leases are recognised in the Restated consolidated summary statement of profit and loss on a straight line basis over the term of the lease unless such payments are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increase, such increases are recognised in the years in which such benefits accrue.

# Chalet Hotels Limited

*(formerly known as Chalet Hotels Private Limited)*

## **Annexure V: Basis of preparation and Significant Accounting Policies (continued)**

### **Significant accounting policies (continued)**

#### **ii. Lease assets**

Assets held by the Group under leases that transfer to the Group substantially all of the risks and rewards of ownership are classified as finance leases. The leased assets are measured initially at an amount equal to the lower of their fair value and the present value of the minimum lease payments. The corresponding liability to the lessor is included in the restated consolidated summary statement of assets and liabilities. Subsequent to initial recognition, the assets are accounted for in accordance with the accounting policy applicable to that asset.

Assets held under other leases are classified as operating leases and are not recognised in the Group's restated consolidated statement of financial position.

#### **P. Cash and cash equivalents**

Cash and cash equivalent in the Restated consolidated summary statement of assets and liabilities comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

#### **Q. Government Grants**

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in Restated consolidated summary statement of profit and loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Group should purchase, construct or otherwise acquire non-current assets are recognised as deferred revenue in the Restated consolidated summary statement of assets and liabilities and transferred to Restated consolidated summary statement of profit and loss on a systematic and rational basis over the useful lives of the related assets.

#### **R. Earnings Per Share ("EPS")**

The basic Earnings Per Share ("EPS") is computed by dividing the net profit / (loss) after tax for the year attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, net profit/(loss) after tax for the year attributable to the equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

#### **S. Earnings before interest and depreciation and amortisation (“adjusted EBITDA”)**

The Group presents adjusted EBITDA in the restated consolidated summary statement of profit and loss; this is not specifically required by Ind AS 1. The terms adjusted EBITDA are not defined in Ind AS. Ind AS complaint Schedule III allows companies to present Line items, sub-line items and sub-totals shall be presented as an addition or substitution on the face of the financial statements when such presentation is relevant to an understanding of the Group’s financial position or performance or to cater to industry/sector-specific disclosure requirements or when required for compliance with the amendments to the Companies Act or under the Indian Accounting Standards.

#### **Measurement of adjusted EBITDA**

Accordingly, the Group has elected to present earnings before interest, tax, depreciation and amortisation (adjusted EBITDA) before exceptional items, as a separate line item on the face of the Restated Consolidated Summary Statement of Profit and Loss. The Group measures adjusted EBITDA before exceptional items, on the basis of profit/ (loss) from continuing operations including other income. In its measurement, the Group does not include exceptional items, depreciation and amortisation expense, finance costs, share of profit from associate and tax expense.

#### **Recent amendments:**

##### **Trade Receivable**

In exercise of the powers conferred by sub-section (1) of section 467 of the Companies Act, 2013 (18 of 2013), the Central Government have made the following further amendments in Schedule III to the said Act.

Trade Receivables shall be sub-classified as:

- (a) Trade Receivables considered good - Secured;
- (b) Trade Receivables considered good - Unsecured;
- (c) Trade Receivables which have significant increase in Credit Risk; and
- (d) Trade Receivables - credit impaired.”;

The Company has made the necessary amendments in the Restated Consolidated Financial Information.

##### **Trade Payables:**

Under the heading “Equity and Liabilities”, for the words “Trade payables” at both the places where they occur, the following shall be substituted, namely:—

“Trade Payables:-

- (A) total outstanding dues of micro enterprises and small enterprises; and
- (B) total outstanding dues of creditors other than micro enterprises and small enterprises.”;

### **Recent amendments (Continued)**

The following details relating to micro, small and medium enterprises shall be disclosed in the notes:-

(a) the principal amount and the interest due thereon (to be shown separately) remaining unpaid to any supplier at the end of each accounting year;

(b) the amount of interest paid by the buyer in terms of section 16 of the Micro, Small and Medium Enterprises Development Act, 2006 (27 of 2006), along with the amount of the payment made to the supplier beyond the appointed day during each accounting year;

(c) the amount of interest due and payable for the period of delay in making payment (which has been paid but beyond the appointed day during the year) but without adding the interest specified under the Micro, Small and Medium Enterprises Development Act, 2006;

(d) the amount of interest accrued and remaining unpaid at the end of each accounting year; and

(e) the amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues above are actually paid to the small enterprise, for the purpose of disallowance of a deductible expenditure under section 23 of the Micro, Small and Medium Enterprises Development Act, 2006.

The Company has made the necessary amendments in the Restated Consolidated Financial Information.

### **Government Grants:**

Appendix A of Ind AS 115, *Revenue from Contracts with Customers*, defines 'Revenue' as income arising in the course of an entity's ordinary activities. As per paragraph 3 of Ind AS 20, *Accounting for Government Grants and Disclosure of Government Assistance*, 'government grants' are assistance by government in the form of transfers of resources to an entity in return for past or future compliance with certain conditions relating to the operating activities of the entity. They exclude those forms of government assistance which cannot reasonably have a value placed upon them and transactions with government which cannot be distinguished from the normal trading transactions of the entity. The export incentive is in the nature of government grant and does not fall within the scope of Ind AS 115, as it is not revenue arising from contract with customer. Such export incentives are benefits given by the government to incentivise companies to export more products. In accordance with above, while recognising the income arising from SEIS scheme, the Company has applied the provisions of Ind AS 20. The presentation of such incentives is made in accordance with the relevant provisions of Ind AS 20 and Schedule III to the Companies Act, 2013.

The Company has made the necessary amendments in the Restated Consolidated Financial Information.

### Annexure VI - Notes to the Restated Consolidated Summary Financial Information

#### Note 2

#### Property, plant and equipment (*Continued*)

##### Footnotes

1) The Group has considered fair value for freehold land as of April 1, 2016 with impact of Rs. 5,887.72 million (related tax: Rs. 2,163.35 million) based on deemed cost exemption available under Ind AS 101 with the resultant impact being accounted for in the reserves. Further, the fair value of such freehold land has been pushed back to the earliest of reporting period in the restated financial statements in accordance with the Guidance Note on Reports in Company Prospectuses (Revised 2016). Refer note 54 of Annexure VI for details.

2) The Group has reviewed and revised the estimated economic useful lives of its property, plant and equipment in accordance with the useful lives specified in Schedule II of the Companies Act, 2013 in accordance with an internal evaluation which is more representative of the useful lives of its property, plant and equipment during the year ended March 31, 2015. Consequently, the depreciation expense for the year ended March 31, 2015 is lower by Rs. 89.32 million. Further, the Group has fully depreciated the carrying value of assets, net of residual value, where the remaining useful lives of the assets was determined to be Nil as on April 1, 2014 applying the revised lives and has consequently included Rs. 4.8 million under depreciation in the Statement of Profit and Loss for the year ended March 31, 2015. The change in estimated useful lives has effect of reduction in depreciation charge in future periods.

3) The Group has reviewed and revised the estimated economic useful lives of its property, plant and equipment in accordance with the useful lives specified in Schedule II of the Companies Act, 2013 and in accordance with an internal evaluation which is more representative of the useful lives of its property, plant and equipment for the year ended March 31, 2018. Consequently, the depreciation expense for the year ended March 31, 2018 is lower by Rs. 295.10 million. The change in estimated useful lives has effect of reduction in depreciation charge in future periods.

4) Refer note 20 and 25 of Annexure VI for information on Property, plant and equipment pledged as security by the Group.

5) Refer Note 42 of Annexure VI for contractual commitments with respect to property plant and equipment.

6) In December 2005, the Group had purchased the entire building comprising of the hotel and apartments therein, together with a demarcated portion of the leasehold rights to land at Vashi (Navi Mumbai) from K. Raheja Corp Private Limited (reflected in the schedule above). The Group has been operating the Four Points By Sheraton Hotel at the said premises. Two Public Interest Litigations challenging the allotment of land by CIDCO to K. Raheja Corp Private Limited had been filed in FY 2003-04. During the financial year 2014-15, the Honourable High Court at Bombay ordered K. Raheja Corp Private Limited to demolish the structure and hand back the land to CIDCO. K Raheja Corp Private Limited has filed a special leave petition against the order in the Supreme Court. The Supreme Court on January 22, 2015 directed the maintenance of a status quo. Pending the outcome of proceedings and a final closure of the matter no adjustments have been made in the Restated Consolidated financial information. The carrying value of property, plant and equipment as at September 30, 2018 is Rs. 443.78 million (March 31, 2018: Rs. 449.27 million, March 31, 2017: Rs. 474.47 million, March 31, 2016: Rs. 510.23 million, March 31, 2015: Rs. 562.92 million).

##### Deemed cost exemption

On transition to Ind AS, the Group has elected to continue with the carrying value of all of its investment properties recognised as at April 1, 2016 measured as per the previous Indian GAAP and use that carrying value as the deemed cost of the investment properties. The Group has followed the same accounting policy choice as initially adopted on transition date i.e. April 1, 2016 while preparing Restated schedule for the years ended March 31, 2015, March 31, 2014 and March 31, 2013.

##### Notes:

1. Pursuant to the Companies Act, 2013 being effective from April 1, 2014, the Group has revised the depreciation rates on investment property based on the management estimate of the useful lives of the assets, which are lower than or in accordance with Part 'C' of Schedule II of the Act. Consequently, depreciation charged for the period April 1, 2014 to March 31, 2015 is higher by Rs 9.04 million due to change in estimated useful life of certain assets wherein the opening carrying value as at April 1, 2014 is depreciated over the balance useful life.
2. The Group has reviewed and revised the estimated economic useful lives of its investment property in accordance with the useful lives specified in Schedule II of the Companies Act, 2013 in accordance with an internal evaluation which is more representative of the useful lives of its investment property during the year ended March 31, 2018. Consequently, the depreciation expense for the year ended March 31, 2018 is lower by Rs. 52.14 million. The change in estimated useful lives has effect of reduction in depreciation charge in future periods.
3. Borrowing cost aggregating to Rs. 0.13 million (March 31, 2018: Rs. 221.41 million, March 31, 2017: 266.57 million, March 31, 2016: Rs 224.52 million, March 31, 2015 : Rs. 193.21 million, March 31, 2014 : Rs. 171.93 million) are capitalised under investment property under construction.
4. Refer note 20 and 25 of Annexure VI for information on investment property pledged as security by the Group.

##### ii. Valuation technique and significant unobservable inputs

##### Valuation technique

The fair value of investment property has been determined by external, independent property valuers / management, having appropriate recognised professional qualifications and recent experience in the location and category of the property being valued.

The fair value measurement for all of the investment property has been categorised as a Level 3 fair value based on the inputs to the valuation technique used.

The Group follows discounted cash flows technique. The valuation model considers the present value of net cash flows to be generated from the property, taking into account the expected rental growth rate, vacant periods, occupancy rate, lease incentive costs such as rent-free periods and other costs not paid by tenants. The expected net cash flows are discounted using risk-adjusted discount rates. Among other factors, the discount rate estimation considers the quality of a building and its location (prime vs secondary), tenant credit quality and lease terms. The land of Commercial Complex, Bengaluru - I is valued by residual method.

### Note 5 Goodwill

(Rs. in million)

#### Impairment testing for cash generating unit (CGU) containing goodwill

For the purpose of impairment testing, goodwill is allocated to the Group's operating segments which represent the lowest level within the Group at which goodwill is monitored for internal management purposes. The aggregate carrying amounts of goodwill allocated to each cash generating unit are as follows:

Goodwill for Commercial complex at Bengaluru pertains to acquisition of 40% stake in Magna Warehousing and Distribution Private Limited in the financial year ended March 31, 2014. The same represents excess of consideration paid (Rs. 47.11 million) over book value of proportionate net assets acquired (Rs.10.53 million). The Group has chosen not to restate past business combinations in line with exemptions available under Ind AS 101 "First Time Adoption of Ind AS" (refer note 54) and accordingly, the carrying value of goodwill under the previous GAAP has been continued to be reflected under Ind AS without any adjustment.

The recoverable amount is based on a value-in-use calculation using the discounted cash flow method.

Value in use has been determined by discounting the future cash flows generated from the continuing use of the unit. The calculation of the value in use is based on the following key assumptions:

The table below shows the key assumptions used in the value in use calculations of :

#### Discount rate

The discount rate is a pre tax measure based on the rate of 10 year government bonds issued by the Government of India, adjusted for a risk premium to reflect both the increased risk of investing in equities generally and the systematic risk of the specific CGU.

#### Terminal value growth rate

Terminal value growth rate used for the purpose of calculation of terminal value has been determined based on the long-term compound annual growth rate in EBITDA.

The above assumptions are reviewed annually as part of management's budgeting and strategic planning cycles. These estimates may differ from actual results. The values assigned to each of the key assumptions reflect the Management's past experience as their assessment of future trends, and are consistent with external / internal sources of information.

Based on the above assumptions and analysis, no impairment was identified for any of the CGU as at September 30, 2018, March 31, 2018, March 31, 2017, March 31, 2016, March 31, 2015 and March 31, 2014 as the recoverable value of the CGU exceeded the carrying value.

With regard to the assessment of value in use, no reasonably possible change in any of the above key assumptions would cause the carrying amount of the CGUs to exceed their recoverable amount.

#### Deemed cost exemption

On transition to Ind AS, the Group has elected to continue with the carrying value of all of its intangible asset recognised as at April 1, 2016 measured as per the previous Indian GAAP and use that carrying value as the deemed cost of the intangible assets. The Group has followed the same accounting policy choice as initially adopted on transition date i.e. April 1, 2016 while preparing Proforma Restated schedule for the years ended March 31, 2015, March 31, 2014 and March 31, 2013.

In December 2005, the Group had purchased the entire building comprising of the hotel and apartments therein, together with a demarcated portion of the leasehold rights to land at Vashi (Navi Mumbai) from K. Raheja Corp Private Limited (reflected under prepayment and others above). The Group has been operating the Four Points By Sheraton Hotel at the said premises. Two Public Interest Litigations challenging the allotment of land by CIDCO to K. Raheja Corp Private Limited had been filed in FY 2003-04. During the financial year 2014-15, the Honourable High Court at Bombay ordered K. Raheja Corp Private Limited to demolish the structure and hand back the land to CIDCO. K Raheja Corp Private Limited has filed a special leave petition against the order in the Supreme Court. The Supreme Court on January 22, 2015 directed the maintenance of a status quo. Pending the outcome of proceedings and a final closure of the matter no adjustments have been made in the Restated Consolidated financial information. The balance of prepaid lease rental in relation to such leasehold land as at September 30, 2018 is Rs. 53.92 million (March 31, 2018: Rs. 54.52 million, March 31, 2017: Rs. 55.71 million, March 31, 2016: Rs. 56.91 million, March 31, 2015: Rs. 58.11 million, March 31, 2014: Rs. 59.30 million).

\* Pursuant to the Court scheme (refer note 41), the Hotel and Retail undertaking of Magna Warehousing & Distribution Private Limited (wholly owned subsidiary company) were demerged into Genext Hardware and Parks Private Limited. Consequently, during the year ended March 31, 2016, 220 fully paid equity shares of Genext Hardware and Parks Private Limited were allotted to the Group.

The investment in all companies were acquired exclusively with a view of its subsequent disposal within twelve months from the date of purchase. They were classified as held for sale on acquisition during the year ended March 31, 2014 and consequently measured at the lower of their carrying amount and fair value less costs to sell. The Group was able to sell off the investment in Sundew Properties Limited within a twelve month period. The investments in Genext Hardware & Parks Private Limited and Intime Properties Limited required additional time beyond twelve months due to regulatory approvals and approvals from the local state governments.

The Group ceased to hold significant influence on sale of partial stake in Intime Properties Limited on March 30, 2016. Subsequent to partial sale of investment, it does not meet classification as an associate and was accounted under Ind AS 109 - 'Financial Instruments'. (Refer note 7)

Annexure VI - Notes to the Restated Consolidated Summary Financial Information (Continued)

Note 20  
Long-term borrowings

(d) Rights, Preferences and restrictions attached to preference shares.

The Group has two classes of preference shares having a par value of Rs.100,000 each per share.

**1,600 0.001% Non-cumulative redeemable preference shares of Rs 100,000 each.**

**Rights, Preferences and restrictions attached to 0.001% Non-cumulative redeemable preference shares**

The preference shares do not carry any voting rights, even if dividend has remained unpaid for any year or dividend has not been declared by the Group for any year. Preference shares shall, subject to availability of profits during any financial year, be entitled to nominal dividend of Re.1 per preference share per year.

Preference shares issued by the Group are due for redemption at par. Accordingly, the preference shares are liable to be redeemed at any time at the option of the Group but not later than December 21, 2023.

In the event of liquidation of the Group before redemption of the equity shares, holders of the preference shares will have priority over equity shares in the payment of dividend and repayment of capital.

**20,000 0(Zero) %(Series A & Series B) Non-cumulative, Non-convertible redeemable preference shares of Rs 100,000 each.**

**Rights, Preferences and restrictions attached to 0(Zero) %(Series A & Series B) Non-cumulative Non convertible redeemable preference shares**

The preference shares do not carry any voting rights.

Preference shares issued by the Group are due for redemption at par. The Company and its Board shall have the right to redeem the preference shares to the extent of any surplus amounts available from the Bengaluru Residential Project. However, the preference shares are liable to be redeemed not later than one month prior to completion of 20 years from the date of allotment.

The Preference Shares do not carry any voting rights whatsoever in any meetings of the shareholders of the Company or of members of any class of shares of the Company. Subject to applicable laws, other than the amounts payable for redemption, no amounts shall be payable to the Preference Shareholders, whether by way of dividend or in any other manner whatsoever.

In the event of liquidation of the Group before redemption of the equity shares, holders of the preference shares will have priority over equity shares in the payment of dividend and repayment of capital.

The Company's weighted average tax rates for period/years ended September 30, 2018, March 31, 2018, 2017, 2016, 2015 and 2014 were 30.51%, (47.08%), (61.08%), 32.24%, 10.24% and 21.35%, respectively.

The effective tax rate is primarily lower on account of indexation benefit recognised on land and unquoted equity shares. Further unabsorbed tax losses have been utilised during some years to reduce the current tax expense.

The Group offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Significant management judgement is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income and the period over which deferred income tax assets will be recovered. Any changes in future taxable income would impact the recoverability of deferred tax assets.

Deferred tax assets for the carry forward of unused tax losses are recognised to the extent that it is probable that future taxable profits will be available against which the unused tax losses can be utilised. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Group recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

The Group has recognised deferred tax asset to the extent that the same will be recoverable using the estimated future taxable income based on the approved business plans and budgets of the Group. The Group has generated taxable income for the financial year ended March 31, 2018 and has adjusted the carry forward losses partially. The Group is expected to continue generating taxable income going forward. The business losses can be carried forward for a period of 8 years as per the tax regulations and the Group expects to recover the losses.

The Retail block at Sahar, Mumbai will become operational during the financial year ended March 31, 2019 and is expected to generate profits for the Group. Further, the Group has merged the hotel and retail undertaking from Genext Hardware & Parks Private Limited for which the Scheme was filed in the financial year ended March 31, 2017. The said Scheme received the approval of the National Company Law Tribunal (NCLT) at Mumbai and Bangalore and other statutory and regulatory authorities and became effective from October 1, 2017.

Further, the Group had incurred losses in relation to the residential project at Bengaluru pursuant to litigation which arose during the financial year ended March 31, 2014. During the financial year ended March 31, 2018, without prejudice to its rights and remedies under law and keeping the commercial considerations in perspective, the Board of Directors of the Group, decided that the Group should proactively consider re-commencement of construction upto the minimum permissible limits and engage with the buyers above the 10th floor for evaluating possible options. Consequently, the Group has made a provision for estimated losses on such cancellations pertaining to all flats above 10 floors and had recognised the same during the financial year ended March 31, 2018 (refer note 36 of Annexure VI). Such costs have been pushed back for the purpose of restated consolidated summary financial statements (refer Annexure VII). Further, the Group does not expect any further material losses to be incurred in relation to the said project.

Accordingly, the Group, has recognised deferred tax asset on the carried forward business losses after considering the relevant facts and circumstances during each financial year to the extent that the Group had convincing evidence based on its business plans and budgets to the extent that the deferred tax asset will be realised. Consequently, the Group has recognised a deferred tax asset of Rs. 1,053.91 million as at September 30, 2018 (March 31, 2018: Rs. 856.32 million, March 31, 2017: Rs. 865.20 million, March 31, 2016: Rs. 519.12 million, March 31, 2015: Rs. 116.21 million, March 31, 2014: Rs.114.13 million ) on the carried forward losses of the Group.

### Bengaluru residential project

During the year 2013-14, Hindustan Aeronautics Limited (HAL) had raised an objection with regard to the permissible height of buildings of the Group's Bengaluru residential project. Pursuant to an interim order passed by the Karnataka High Court, in the petition filed by the Group, the Group had suspended construction activity at the Project and sale of flats.

Pending the outcome of the proceedings and a final closure of the matter, the Group suspended revenue recognition based on the percentage completion method after financial year ended March 31, 2014. Further, in case of cancellations subsequent to March 31, 2014, the Group reversed the revenue and derecognised margins in the respective year of cancellation. The Group also recompensed flat owners, in accordance with mitigation plans framed by the Group on account of the delay in completion of the project.

During the year ended March 31, 2018, without prejudice to its rights and remedies under law and keeping the commercial considerations in perspective, the Board of Directors of the Group, decided that the Group should proactively consider re-commencement of construction up to the minimum permissible limit and engage with the buyers above the 10th floor for evaluating possible options. Accordingly, the Group has reassessed the estimated cost of completion of the project up to the 10th floor as per the aforementioned plan and has recognised a provision towards the following:

- cost of alteration of superstructure

- estimated cost in relation to potential cancellations.

Further, cost of actual cancellations (where applicable) has also been provided for and included in the provision referred to above.

#### Note

During the year 2013-14, Hindustan Aeronautics Limited (HAL) had raised an objection with regard to the permissible height of buildings of the Group's Bengaluru Residential Project ("Project"). Pursuant to an interim order passed by the Karnataka High Court, in the petition filed by the Group, the Group had suspended construction activity at the Project and sale of flats.

Pending the outcome of the proceedings and a final closure of the matter, the Group suspended revenue recognition based on the percentage completion method after financial year ended March 31, 2014. Further, in case of cancellations subsequent to March 31, 2014, the Group reversed the revenue and derecognised margins in the respective year of cancellation. The Group also recompensed flat owners, in accordance with mitigation plans framed by the Group on account of the delay in completion of the Project.

During the year ended March 31, 2018, without prejudice to its rights and remedies under law and keeping the commercial considerations in perspective, the Board of Directors of the Group, decided that the Group should proactively consider re-commencement of construction upto the permissible limits and engage with the buyers above the 10th floor for evaluating possible options. Accordingly, the Group has reassessed the estimated cost of completion of the Project up to the 10th floor as per the aforementioned plan and has recorded the following adjustments as exceptional items as at March 31, 2018:

- Provision towards impairment of super structure of Rs 350.89 million and expected cost of alteration of super structure of Rs 250 million
- Provision for cost of mitigation program compensation and related expenses of Rs 420.63 million in relation to potential cancellations referred to in above, net of compensation already provided for; and
- Impact of revised estimated cost of completion of the project on the net realisable value of inventory resulting in write down of Rs 93.74 million.
- In the event all the buyers of flats above 10th floor decide to exercise exit option, the Group has to refund Rs 944.07 million which is presently being accounted as an advance from customers.

Construction of and sales in the Project have been suspended due to an on-going litigation relating to the Project. Parties who have booked flats in the Project, are paid compensation for delay in delivery of their respective units and those who seek to cancel their bookings are repaid the advances / deposits made by them together with interest thereon, leading to considerable cash out flows for the Group.

Subsequent to March 31, 2018, the Promoter-Directors of the Company have agreed to provide funds to the Company either by themselves or through their Nominees, to meet its cash flow requirements for the Project to the extent of Rs. 2000 million by way of subscription to '0%' Non-Cumulative Redeemable Preference Shares of the Company, for which a Subscription Agreement has been executed by them.

The proceeds of issue of Preference Shares will be deposited in a separate Designated Bank Account of the Company and will be utilised for meeting future cash outflows of the Project. The redemption of Preference Shares shall be not later than one month prior to completion of 20 years from the date of allotment, or earlier, out of surplus from the Project, subject to applicable law/s.

For the purpose of the restated financial statements, the cost of alteration, write off of the superstructure and provision for impairment loss of inventory are reflected in the year in which the litigation had been initiated i.e. the financial year 2013-14. The impact of interest cost net off goodwill compensation and reversal of margins may be reflected in the year to which the impact relates to.

#### Note:

Weighted average number of shares is the number of equity shares outstanding at the beginning of the year adjusted by the number of equity shares issued during year, multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the period/year.

The impact of dilution on account of ESOP is not considered as they are anti-dilutive.

##### Government grant

##### Export Promotion Capital Goods (EPCG) scheme

The Group under the EPCG scheme receives a grant from the Government towards import of capital goods without any levy of import duty. The Group has an obligation towards future exports of the Group.

The Group has recognised a deferred grant at the point of waiver of import duty in relation to import of capital goods. Given that the grant is conditional on fulfilment of future export obligation, the same is treated as a revenue grant and is accordingly recognised in the Restated Consolidated Summary Statement of Profit and Loss on fulfilment of such obligation.

##### Served from India scheme (SFIS)/Service exports from India scheme (SEIS)

The Group under SFIS / SEIS receives an entitlement / credit to be sold separately (only in case of SEIS) or utilised against future imports.

The Group recognises income in respect of duty credit entitlement arising from export sales under the SFIS/SEIS of the Government of India in the year of exports, provided there is no significant uncertainty regarding the entitlement and availment of the credit and the amount thereof. Export credit entitlement can be utilized within specified benefit period, by way of adjustment against duties payable on purchase of capital equipments, spare parts and consumables or sale of such licenses.

#### Employee benefits

##### a) Defined contribution plan

The contributions paid/payable to Provident Fund, Employees State Insurance Scheme, Employees Pension Schemes, 1995 and other funds, are determined under the relevant approved schemes and/or statutes and are recognised as expense in the Statement of Profit and Loss during the period in which the employee renders the related service. There are no further obligations other than the contributions payable to the approved trusts/appropriate authorities.

The Group has recognised the following amounts in the statement of profit and loss for the period/year

###### Gratuity

The Group provides for gratuity for employees as per the Payment of Gratuity Act, 1972.

The Group follows unfunded gratuity except for one of its Hotel division (Westin, Hyderabad) where fund is maintained with Life Insurance Corporation of India.

The most recent actuarial valuation of plan assets and the present value of the defined benefit obligation for gratuity was carried out as at September 30, 2018. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

Based on the actuarial valuation obtained in this respect, the following table sets out the details of the employee benefit obligation and the plan assets as at balance sheet date:

| Particulars                                     | September 30, 2018 | March 31, 2018 | March 31, 2017 | March 31, 2016 | March 31, 2015 | March 31, 2014 |

The above sensitivity analysis have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the reporting date. In practice, generally it does not occur. When we change one variable, it affects to others. In calculating the sensitivity, project unit credit method at the end of the reporting period has been applied.

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

8 Expected contributions to gratuity fund for the year ended March 31, 2019 is Rs 6.37 million.

9 The expected future cash flows as at each reporting date were as follows:

#### Scheme of Arrangements

##### b. Merger of Hotel and Retail undertaking of Genext Hardware & Parks Private Limited with the Company

The Board of Directors of the Company at its meeting held on January 5, 2017, approved the demerger proposal and approved the "Scheme of Arrangement" ('the Scheme') to demerge the Hotel Undertaking and the Retail Undertaking of Genext Hardware & Parks Private Limited ("Transferor Company") with the Company ("Transferee Company") under Section 230 to 232 of the Companies Act, 2013, with effect from November 1, 2016, ("the Appointed Date") subject to obtaining necessary approvals of National Company Law Tribunal (NCLT) at Mumbai.

The said Scheme received the approval of the National Company Law Tribunal (NCLT) at Mumbai and Bangalore and other statutory and regulatory authorities on September 11, 2017. The Scheme has become effective October 1, 2017.

The scheme has been accounted in a manner prescribed by the Hon'ble court order. The book values of the assets, liabilities and reserves of the Transferor company as of November 1, 2016 have been recorded and the identity of the reserves have been maintained. The consideration for such merger was Rs. 189.53 million in the form of equity shares. Such equity shares were issued during the year ended March 31, 2018 and accordingly has been presented as shares pending allotment in the financial statements for the year ended March 31, 2017. Further, the effect of shares pending allotment has been appropriately considered for computation of basic and diluted earnings per share from the Appointed Date.

The excess of book value of the net assets and reserves of the Transferor Company taken over, amounting to Rs. 189.53 million over the face value of the shares issued by the transferee Company has been debited to the Goodwill as per the Scheme. Further, the results of the operations of the hotel and retail undertaking have been incorporated with effect from November 1, 2016. Accordingly, the results for the periods covered by Restated Consolidated Summary Statement of Profit and Loss may not be comparable.

Book value of assets and liabilities related to the commercial business transferred to Company i.e. November 1, 2016 are as under:

a. The Group is a party to various other proceedings in the normal course of business and does not expect the outcome of these proceedings to have an adverse effect on its financial conditions, results of operations or cash flows.

b. Further, claims by parties in respect of which the Management has been legally advised that the same are frivolous and not tenable, have not been considered as contingent liabilities as the possibility of an outflow of resources embodying economic benefits is highly remote.

c. In December 2005, the Group had purchased the entire building comprising of the hotel and apartments therein, together with a demarcated portion of the leasehold rights to land at Vashi (Navi Mumbai) from K. Raheja Corp Private Limited. The Group has been operating the Four Points By Sheraton Hotel at the said premises. Two Public Interest Litigations challenging the allotment of land by CIDCO to K. Raheja Corp Private Limited had been filed in FY 2003-04. During the financial year 2014-15, the Honourable High Court at Bombay ordered K. Raheja Corp Private Limited to demolish the structure and hand back the land to CIDCO. K Raheja Corp Private Limited has filed a special leave petition against the order in the Supreme Court. The Supreme Court on 22 January 2015 directed the maintenance of a status quo. Pending the outcome of proceedings and a final closure of the matter no adjustments have been made in the restated consolidated financial information. The balance of prepaid lease rental in relation to such leasehold land as of September 30, 2018 is Rs. 53.92 million (March 31, 2018 is Rs. 54.22 million, March 31, 2017: Rs. 55.71 million, March 31, 2016: Rs. 56.91 million, March 31, 2015: 58.11 million) and carrying value of property, plant and equipment as at September 30, 2018 is Rs 443.78 million (March 31, 2018 : Rs. 449.27 million, March 31, 2017: Rs. 474.47 million, March 31, 2016: Rs. 510.23 million, March 31, 2015: Rs. 562.92 million).

d. The Directorate of Revenue Intelligence (“DRI”) has issued a show-cause notice dated November 29, 2018 to the Company in respect of import of goods against SFIS Scrip/License under Foreign Trade Policy 2004-09 and 2009-14 and the post-export service benefits availed, under the provisions of the Customs Act, 1962 directing the Company to show cause as to why duty amounting to ₹ 195.18 million and ₹ 23.14 million, plus interest and penalty as may be levied under the Customs Act, should not be recovered.

**(ii) Valuation techniques used to determine fair value**

Specific valuation techniques used to value financial instruments include :

- the fair value of certain unlisted equity shares are determined based on the income approach or the comparable market approach.
  - the fair value for the currency swap is determined using forward exchange rate for balance maturity
  - the fair value of interest rate swaps is calculated as the present value of the estimated future cash flows based on observable yield curves
  - the fair value of the forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date.
  - the fair value preference shares and the remaining financial instruments is determined using discounted cash flow analysis. The valuation model considers the present value of expected receipt/payment discounted using appropriate discounting rates.
- The investments included in level 3 of the fair value hierarchy have been valued using the discounted cashflow technique to arrive at the fair value.

#### Financial risk management

The Group has exposure to the following risks arising from financial instruments:

- Credit risk ;
- Liquidity risk;
- Market risk;

#### Risk management framework

The Group's Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The Board of Directors is responsible for developing and monitoring the Group's risk management policies.

The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the Group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

### Note 47

#### Financial instruments – Fair values and risk management (Continued)

##### (B) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers, cash and cash equivalents and other bank balances, derivatives and investment securities. The carrying amounts of financial assets represent the maximum credit exposure.

##### (a) Trade receivables from customers

The Group does not have any significant credit exposure in relation to revenue generated from the hospitality business. For other segments, the Group has established a credit policy under which each new customer is analysed individually for creditworthiness before entering into a contract. Sale limits are established for each customer, reviewed regularly and any sales exceeding those limits require approval from the appropriate authorities. There are no significant concentrations of credit risk within the Group.

##### Impairment

The ageing of trade and other receivables that were not impaired was as follows.

##### (C) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

##### Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements.

### Note 47

#### Financial instruments – Fair values and risk management (Continued)

##### (D) Market risk

Market risk is the risk that the changes in market prices such as foreign exchange rates, interest rates and equity prices will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Group uses derivative to manage market risk.

##### (E) Currency risk

The Group is exposed to currency risk on account of its operating and financing activities. The functional currency of the Group is Indian Rupee. The exchange rate between the Indian rupee and foreign currencies has changed substantially in recent periods and may continue to fluctuate substantially in the future. Consequently, the Group uses derivative instruments, i.e, foreign exchange forward contracts to mitigate the risk of changes in foreign currency exchange rates in respect of recognized liabilities. The Group enters into foreign currency forward contracts which are not intended for trading or speculative purposes but for hedge purposes to establish the amount of reporting currency required or available at the settlement date of certain payables.

Following are the derivative financial instruments outstanding:

##### Sensitivity analysis

A reasonably possible strengthening (weakening) of the Indian Rupee against all other foreign currencies at September 30, would have affected the measurement of financial instruments denominated in a foreign currency and affected profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

**(F) Interest rate risk**

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing financial assets or borrowings because of fluctuations in the interest rates, if such assets/borrowings are measured at fair value through profit or loss. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing borrowings will fluctuate because of fluctuations in the interest rates.

The Group adopts a policy to hedge the interest rate movement in order to mitigate the risk with regards to floating rate linked loans based on the market outlook on interest rates. This is achieved partly by entering into fixed rate instruments and partly by borrowing at a floating rate and using interest rate swaps as hedges of the variability in cash flows attributable to interest rate risk.

**Particulars of outstanding interest rate swaps as at**

**Fair value sensitivity analysis for fixed-rate instruments**

The Group's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107 *Financial Instruments: Disclosures*, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

**Cash flow sensitivity analysis for variable-rate instruments**

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased (decreased) profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant. In cases where the related interest rate risk is capitalised to fixed assets, the impact indicated below may affect the Group's income statement over the remaining life of the related fixed assets.

Note 48  
Capital management

The Group's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital as well as the level of dividends to ordinary shareholders.

The Group monitors capital using a ratio of ‘adjusted net debt’ to ‘adjusted equity’. For this purpose, adjusted net debt is defined as total borrowings, comprising interest-bearing loans and borrowings, less cash and cash equivalents and bank deposits. Adjusted equity comprises all components of equity.

The Group's adjusted net debt to equity ratio are as follows:

#### Segment reporting

##### A. General information

##### (a) Factors used to identify the entity's reportable segments, including the basis for segmentation

For management purposes, the company is organised into business units based on its products and services and has three reportable segments, as follows:

- Hospitality (Hotels) comprises of the income earned through Hotel operations
- Real estate comprises of income from sale of residential flats
- Retail comprises of the income earned through leasing of commercial properties

The Chief Operating Decision Maker ("CODM") evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by operating segments. The CODM reviews revenue and gross profit as the performance indicator for all of the operating segments, and does not review the total assets and liabilities of an operating segment.

##### (b) Following are reportable segments

## Annexure VI - Notes to the Restated Consolidated Summary Financial Information (Continued)

### Note 54

#### First time adoption of Ind AS

The Restated Consolidated statement of assets and liabilities of the Group as at March 31, 2018 and March 31, 2017 and the Restated Consolidated statement of profit and loss, the Restated statement of changes in equity and the restated statement of cash flows for the years ended March 31, 2018 and March 31 2017 and restated other financial information (together referred as 'restated consolidated financial information') has been prepared under Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015.

The Group has elected to present all five years as per Ind AS / Proforma Ind AS. The restated consolidated financial information for the years ended March 31, 2016, 2015 and 2014 has been prepared on Proforma basis (i.e. "Proforma Ind AS financial information") in accordance with requirements of SEBI Circular SEBI/HO/CFD/DIL/CIR/P/2016/47 dated March 31, 2016 ("SEBI Circular") and Guidance note on reports in company prospectuses issued by ICAI. For the purpose of Proforma Ind AS financial information for the year ended March 31, 2016, 2015 and 2014, the Group has followed the same accounting policy and accounting policy choices (both mandatory exceptions and optional exemptions availed as per Ind AS 101) as initially adopted on transition date i.e. April 1, 2016. Accordingly, suitable restatement adjustments (both re-measurements and reclassifications) in the accounting heads are made to the Proforma Ind AS financial information as of and for the years ended March 31, 2016, 2015, and 2014 following accounting policies and accounting policy choices (both mandatory exceptions and optional exemptions) consistent with that used at the date of transition to Ind AS (i.e. April 1, 2016).

In addition to the adjustments carried herein, the Group has also made material restatement adjustments as required by the SEBI Circular and the Guidance note on reports in company prospectuses (refer Annexure VII). Together these constitute the restated consolidated summary financial information.

#### Exemptions applied

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the following exemptions:

1 **Business combination**

The Group has applied the exemption as provided in Ind AS 101 in relation to Ind AS 103, "Business Combinations" for business combinations consummated prior to the date of transition (April 1, 2016). Pursuant to this exemption, goodwill arising from business combination has been stated at the carrying amount under previous GAAP. Accordingly, Ind AS 103 has been applied prospectively to business combinations occurring after its transition date.

Further, in accordance with Guidance Note on Reports in Company Prospectuses (Revised 2016), the Group has adopted the same accounting policy choice for preparing the restated Proforma Ind AS financial statements as adopted initially at the transition date. Accordingly, business combinations that have occurred between April 1, 2013 and March 31, 2016 have not been restated as per Ind AS 103 Business Combinations.

2 **Property, plant and equipment**

On the date of transition the Group has chosen to reflect the fair value of all freehold land as of April 1, 2016 as their respective deemed cost. All other items of property, plant and equipment have been measured as per the requirements of Ind AS 16 "Property, Plant and Equipment" retrospectively.

3 **Intangible assets and Investment property**

As permitted by IND AS 101, the Group has elected to continue with the carrying values under previous GAAP as 'deemed cost' at April 1, 2016 for all the items of intangible assets and investment property. For the purpose of Proforma Ind AS financial information for the year ended March 31, 2016, 2015 and 2014, the Group has provided the depreciation based on the estimated useful life of respective years.

4 **Classification and measurement of financial assets and financial liabilities**

Ind AS 101 requires an entity to assess classification of financial assets and financial liabilities on the basis of facts and circumstances existing as on the date of transition. Further, the standard permits measurement of financial assets and financial liabilities accounted at amortised cost based on facts and circumstances existing at the date of transition if retrospective application is impracticable. Accordingly, the Group has determined the classification of financial assets and financial liabilities based on facts and circumstances that exist on the date of transition. Measurement of the financial assets and financial liabilities accounted at amortised cost has been done retrospectively except where the same is impracticable.

5 **Estimates**

On assessment of the estimates made under the Previous GAAP financial statements, the Company has concluded that there is no necessity to revise the estimates under Ind AS, as there is no objective evidence of an error in those estimates. However, estimates that were required under Ind AS but not required under Previous GAAP are made by the Company for the relevant reporting dates reflecting conditions existing as at that date.

### Annexure VI - Notes to the Restated Consolidated Summary Financial Information (Continued)

#### Note 54

##### First Time Adoption of Ind AS (Continued)

##### A. Reconciliation between previous GAAP and Ind AS (Continued)

##### (IV) Notes to First time adoption:

The Group has followed the same accounting policy choice as initially adopted on transition date i.e. April 1, 2016 while preparing Proforma Restated Consolidated Summary Financial Information for the years ended March 31, 2016, March 31, 2015 and March 31, 2014 and as at April 1, 2013. Accordingly, suitable restatement adjustments are made to the consolidated retained earnings as at March 31, 2016, March 31, 2015, March 31, 2014 and April 1, 2013.

##### 1 Fair valuation of land treated as deemed cost

On the date of transition the Group has chosen to reflect the fair value of all freehold land as of April 1, 2016 as their respective deemed cost. All other items of property, plant and equipment have been measured as per the requirements of Ind AS 16 "Property, Plant and Equipment" retrospectively. The impact of both these adjustments has been considered through retained earnings and corresponding assets/liabilities, as appropriate. The fair value has been determined with reference to residual value approach which also involves determining the business value of the respective hotel building. The fair value so determined is categorised as Level 3 in accordance with the requirements of Ind AS 113. The key unobservable inputs used for determination of the fair value referred to above includes the rate used for discounting (12.10%) and growth rate (5%).

The fair value of land taken as deemed cost on transition date has been pushed back for restated consolidated financial statements as per the Guidance note on Reports in Company Prospectus (revised 2016) issued by the Institute of Chartered Accountants of India. The fair value as on transition date is basis the land parcels and subsequent capitalisations made to the cost of land (for purchase of additional FSI) till such date (i.e. April 1, 2016). For the purpose of pushback of such fair value, proportionate fair value of such additions made is calculated based on the ratio of cost (adjusted for inflation) incurred for purchase of such additions to the total cost of such land. The fair value of such additions has been considered in their respective years of purchase by the company.

##### 2 Accounting for transaction costs on borrowings as per effective interest method

Under previous GAAP, directly attributable transaction costs were charged to the Consolidated Statement of Profit and Loss or capitalised as part of property, plant and equipment in the year of disbursement of the loan. As per the requirements of Ind AS, the Group has measured the borrowings at amortised cost (including the directly attributable transaction costs) based on the effective interest rate of the borrowings. Accordingly, suitable restatement adjustments have been made in the Restated Consolidated Summary Statement of Profit and Loss and Property, plant and equipment.

##### 3 Fair value movement of FVTPL investments

Under previous GAAP, non-current investments were carried at cost less provision for diminution (other than temporary). Under Ind AS, investment in equity shares (other than subsidiaries and associates) are measured at fair value, with fair value changes being routed through the Consolidated Summary Statement of Profit and Loss.

##### 4 Investment in preference shares measured at amortised cost

Under previous GAAP, non-current investments in preference shares were carried at cost less provision for diminution (other than temporary). Under Ind AS, investment in 0.001% non-cumulative redeemable preference shares of Genext Hardware & Parks Private Limited are measured at amortised cost as per Ind AS 109. Accordingly, suitable restatement adjustments have been made in the Restated Consolidated Summary Statement of Profit and Loss and Investment in preference shares.

##### 5 Accounting of EPCG Scheme as a government grant, including depreciation impact

The Group under the EPCG Scheme has received grants from the Government in form of waiver of import duty on purchase of capital goods. These, however are conditional on the Group achieving specified future export obligations.

Under previous GAAP, the Group recognised its property, plant and equipment at the net cost i.e. the import duty was excluded from the cost of the property, plant and equipment and adjusted directly with the export benefits. Under Ind AS, the Group has recognised the value of import duty waiver as part of the cost of the property, plant and equipment with the corresponding impact to deferred grant. The deferred grant is recognised in Restated Consolidated Summary Statement of Profit and Loss on fulfilment of the respective export obligation.

##### 6 Scheme of arrangement - hotel and retail undertaking (refer note 41)

The Board of Directors at their meeting held on October 26, 2013 had approved the merger proposal and approved the "Scheme of Arrangement" to demerge the Hotel Undertaking and the Retail Undertaking (together referred to as "Demerged Undertaking") at Bengaluru from a subsidiary company, namely Magna Warehousing & Distribution Private Limited under Section 391 read with Section 394 of the Companies Act, 1956, with effect from April 1, 2013, ("the Appointed Date") subject to obtaining necessary approvals of the Shareholders, Honourable High Court of Karnataka at Bangalore and Honourable High Court of Bombay and other statutory and regulatory authorities. The Scheme has become effective from September 11, 2015 and has been given effect to from the appointed date (in line with the accounting treatment prescribed in the Scheme).

The effect of the above scheme of demerger under previous GAAP was given in the consolidated statutory accounts in the financial year ended March 31, 2015 when the scheme had received all the requisite approvals with effect from Appointed Date. However for the purpose of restated proforma Ind AS financial information, the effect of the above scheme has been given in the consolidated financial information on the Appointed Date (April 1, 2013).

##### 7 Merger of Genext Hardware & Parks Private Limited (refer note 41)

The Board of Directors at their meeting held on January 5, 2017, had approved the merger proposal and approved the "Scheme of Arrangement" to merge the Hotel Undertaking and the Retail Undertaking at Bengaluru from Genext under Section 230 to 232 of the Companies Act, 2013, with effect from November 1, 2016, ("the Appointed Date") subject to obtaining necessary approvals of the Shareholders, Honourable High Court of Karnataka at Bangalore and Honourable High Court of Bombay and other statutory and regulatory authorities. The Scheme has become effective from October 1, 2017 and has been given effect to from the appointed date (in line with the accounting treatment prescribed in the Scheme).

##### 8 Adjustment for profit on sale of subsidiary

The Group had earlier recognised unrealised profit on disposal of the related subsidiary through retained earnings. Such unrealised profit, under Ind AS, has been recognised through the statement of profit and loss.

##### 9 Deferred tax

Previous GAAP requires deferred tax to be recognised with reference to the income statement approach. Ind AS 12 requires entities to determine deferred taxes with reference to the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind AS 12 approach has resulted in recognition of deferred tax related adjustments in relation to certain items such as fair valuation of land, indexation benefit on land, indexation benefit on investment property, fair value of investments which were not required to be considered under the income statement approach.

Further, under the previous GAAP, deferred tax asset on carry forward business losses and unabsorbed depreciation was recognised only on existence of virtual certainty of taxable profits. The application of Ind AS 12 approach has resulted in recognition of deferred tax assets in case of reasonable certainty. The deferred tax impact of all Ind AS adjustments (as applicable) has also been considered.

## Annexure VI - Notes to the Restated Consolidated Summary Financial Information (Continued)

### (V) Reconciliation of retained earnings as at April 1, 2013

As specified in the Guidance Note, the equity balance computed under Proforma Consolidated Ind AS financial information for the year ended March 31, 2016 (i.e. equity under Indian GAAP as at April 1, 2015, 2014 and 2013 adjusted for impact of Ind AS 101 items and after considering profit or loss for the years ended March 31, 2016, 2015 and 2014 with adjusted impact due to Ind AS principles applied on proforma basis) and equity balance computed in opening Consolidated Ind AS Balance sheet as at transition date (i.e. April 1, 2016), prepared for filing under Companies Act, 2013, differs due to restatement adjustments made as at April 1, 2015, 2014 and 2013. Accordingly, the closing equity balance as at March 31, 2016 of the Proforma Consolidated Ind AS financial information has not been carried forward to the opening Consolidated Ind AS Balance sheet as at transition date already adopted for reporting under Companies Act, 2013. Reconciliation of the same is disclosed below:

## Annexure VI - Notes to the Restated Consolidated Summary Financial Information (Continued)

### Note 55

#### Disclosure on transition to Ind AS 115

##### Changes in accounting policies:

Except for the changes below, the Group has consistently applied the accounting policies to all periods presented in these Restated Consolidated Summary Financial Information.

The Group has adopted Ind AS 115 *Revenue from Contracts with Customers* ("Ind AS 115") with a date of initial application of April 1, 2018. As a result, the group has changed its accounting policy for revenue recognition as detailed below.

#### A. Real Estate development

The Group accounted for its sale of residential flats in their real estate projects on a percentage completion basis as prescribed under the Guidance note for Accounting for Real Estate Transactions issued by the ICAI. Under Ind AS 115, the Group recognises the revenue from its sale of residential projects at a point in time, i.e. when control of the flats is transferred to the customer and the Group satisfies the performance obligation. Accordingly, the Group has reversed the cumulative revenue recognised on sale of residential flats in the opening reserve as on April 1, 2018.

Further for the purpose of preparation of restated financial information, the Group has retrospectively adopted Ind AS 115 and restated prior years.

#### A. Reconciliation between balances without adoption of Ind AS 115 and as reported

Ind AS 8 requires an entity to reconcile equity and total comprehensive income for the reported period.

##### (I) Reconciliation of equity as at September 30, 2018

### Annexure VII - Statement of Adjustments to the Audited Consolidated Financial Statements (Continued)

#### Notes to Adjustments

##### 1. Adjustments for audit qualification: None

##### 2. Material regrouping

Appropriate adjustments have been made in the Restated Consolidated Financial Information, wherever required, by a reclassification of the corresponding items of income, expenses, assets, liabilities and cash flows in order to bring them in line with the groupings as per the audited Consolidated Interim Ind AS Financial Statements of the Group as at and for the period ended September 30, 2018, prepared in accordance with Division II Ind AS Schedule III of the Companies Act, 2013 ('the Act') and the requirements of the Securities and Exchange Board of India (Issue of Capital & Disclosure Requirements) Regulations, 2009 (as amended). Accordingly, the Group has presented the Restated Consolidated Financial Information as at and for the years ended March 31, 2018, March 31, 2017, March 31, 2016, March 31, 2015 and March 31, 2014 following the requirements of Schedule III of the Act.

##### 3. Material restatement adjustments

###### (a) Export benefit entitlements written off

The Group recognises income in respect of duty credit entitlement arising from export sales under the "Served from India Scheme" of the Government of India in the year of exports, provided there is no significant uncertainty regarding the entitlement and availment of the credit and the amount thereof. Export credit entitlement can be utilised within a specified benefit period, by way of adjustment against duties payable on purchase of capital equipments, spare parts and consumables. Unutilised export entitlement is written off in the year in which the time period of utilisation of such licenses expires. The Group had written off export entitlement receivable during the year ended March 31, 2014 on expiry of the utilisation period.

For the purpose of these restated consolidated financial information, the Group has appropriately adjusted this in the year in which the duty credit entitlement was first recognised. Adjustments related to financial years prior to March 31, 2014 have been adjusted against the opening balance of the retained earnings as per restated consolidated financial information as at April 1, 2013.

###### (b) Adjustments due to change in status of residential project at Bengaluru

In view of Hindustan Aeronautical Limited (HAL's) raising an objection with regards to the permissible height and pursuant to the interim order passed by the Honourable Karnataka High Court ('the Court') in the petition filed by the Group, in respect of the Group's residential project at Bengaluru during the year 2013-14, the Group suspended and limited the vertical construction of all wings up to a particular height, pending outcome of the matter.

Further, pending the outcome of the proceedings and a final closure of the matter, the Group had decided to suspend revenue recognition based on the percentage completion method and has also been derecognising profits on cancellation of flats previously sold. Pursuant to a subsequent order passed by the Court for conduct of an Aeronautical Study by the Airports Authority of India [AAI], AAI conducted the required Aeronautical Study and filed its report in January 2015, confirming that the full height of the then completed building-wings does not adversely affect aircraft operations. HAL has filed objections to the Aeronautical Study Report of AAI, and the matter is currently sub-judice.

Since the litigation has prolonged and is yet to be concluded, the Group explored the option of restructuring the construction plan in consultation with the relevant stakeholders to achieve a mutually beneficial solution. Consequently, during the year ended March 31, 2018, without prejudice to its rights and remedies under law and keeping the commercial considerations in perspective, the Board of Directors of the Holding Company, decided that the Group should proactively consider re-commencement of construction upto the permissible limit and engage with the buyers above the 10th floor for evaluating possible options. Accordingly, the Group has reassessed the estimated cost of completion of the project upto the 10th floor as per the aforementioned plan and has recorded the following adjustments as exceptional items during the year ended March 31, 2018:

i) the provision towards impairment of super structure of Rs. 350.89 million and the expected cost of alteration of super structure of Rs. 250 million during the year ended March 31, 2014, being the year in which the litigation had initiated.

ii) Provision for cost of mitigation program compensation and related expenses of Rs 555 million for expected cancellations for flats above 10th floor, net of compensation already provided for has been adjusted to the respective year to which interest cost relates. Adjustments related to financial years prior to March 31, 2014 have been adjusted against the opening balance of the retained earnings as per restated financial information as at April 1, 2013.

iii) Impact of revised estimated cost of completion of the project on the net realisable value of inventory resulting in write down of Rs 25.76 million has been adjusted during the year ended March 31, 2014, being the year in which the litigation had initiated.

The auditors' reports for the years ended March 31, 2017 and March 31, 2016 included an Emphasis of Matters paragraph in respect of the amounts related to the residential project at Bengaluru (inventories aggregating to Rs 2,659.87 million and Rs 2,533.02 million and trade receivables of Rs 9.12 million and Rs 6.77 million as at March 31, 2017 and March 31, 2016 respectively. The Group has made necessary adjustments to inventories and trade receivables in these Restated Consolidated Summary Financial Information as per the aforementioned plan.

The auditors' reports for the year ended March 31, 2014 included an Emphasis of Matters paragraph in respect of the residential project at Bengaluru for which the Group had not recognized profits during the year on flats sold above 40 meters, derecognized profits on sales of previous years that have been cancelled during the year, the Group had recompensed flat owners, in accordance with mitigation plan, with payments on account of the delay in completion of the project and additionally provision for estimated loss on account of cancellation in the subsequent year was been made in the accounts. The Group has made necessary adjustments in these Restated Consolidated Summary Financial Information as per the aforementioned plan.

For the purpose of these restated consolidated financial information, the Group has appropriately adjusted this in the respective year in which the provision should have been originally created, net of the reversal of such provision. Further, adjustments related to financial years prior to March 31, 2014 have been adjusted against the opening balance of the retained earnings as per restated consolidated financial information as at April 1, 2013.

### **(e) Prior period tax adjustments**

Excess and short provision for income taxes pertaining to earlier years, based on intimations / orders / received / returns filed, accounted for during the years ended March 31, 2017 of Rs 7.50 million and March 31, 2014 of Rs 2.85 million respectively has been adjusted in the respective financial years to which it pertains. The Group had also written off MAT credit of Rs 2.7 million during the year ended March 31, 2015. The adjustments related to financial years prior to March 31, 2014 have been adjusted against the opening balance of retained earnings as per restated consolidated financial information as at April 1, 2013.

### **(f) Adjustment for cost related to mitigation program compensation**

The Group has recorded additional compensation net of goodwill compensation, in respect of its residential project at Bengaluru, in the respective year of cancellation.

The Group, on restatement, has adjusted the additional compensation cost net of goodwill compensation to the year to which the same pertains as it relates to period cost and is payable for period of delay. Adjustments related to financial years prior to March 31, 2014 have been adjusted against the opening balance of the retained earnings as per restated consolidated financial information as at April 1, 2013.

### **(g) Adjustment for deferred tax**

The Group has recognised deferred tax credit pertaining to incorrect computation in deferred taxes during the period ended September 30, 2018 and also for the year ended March 31, 2017. The Group, on restatement, has adjusted the deferred tax credit in the financial statements as of and for the year ended March 31, 2018 and as of and for the year ended March 31, 2017 respectively.

### **(h) Adjustments on account of alignment of accounting policies**

Pursuant to applicability of Ind AS 115, Revenue from Contracts with Customers from 1 April 2018, the Company has changed its accounting policy for accounting of its real estate contracts from the percentage completion method as prescribed in the erstwhile Guidance note on accounting for real estate transactions (for entities to whom Ind AS is applicable) to completed contract method under Ind AS 115.

For the purpose of these restated financial information, the Company has appropriately adjusted this in the respective year in which the revenue and cost was recognised. Adjustments related to financial years prior to March 31, 2014 have been adjusted against the opening balance of the retained earnings as per restated financial information as at April 1, 2013.

### **(i) Provision for doubtful debts**

The Group had provided Rs 12.57 million towards a trade receivable as at September 30, 2018 which relates to a receivable against a dispute with the customer. This amount has been pushed back to March 31, 2018, the year in which the services were originally provided to the customer.

### **(j) Deferred tax impacts**

Deferred tax has been computed on adjustments made as detailed above and has been adjusted in the restated consolidated financial information for the years ended March 31, 2017, March 31, 2016, March 31, 2015 and March 31, 2014. The adjustments related to financial years prior to March 31, 2014 have been adjusted against the opening balance of retained earnings as per restated consolidated financial information as at April 1, 2013.

##### 1. Emphasis of matters in the Auditors' report which do not require any corrective adjustments in the Restated Consolidated Summary Financial Information

###### a) Leasehold land at Vashi

For the period / years ended September 30, 2018, March 31, 2018, March 31, 2017 and March 31, 2016: the auditors' report has drawn attention in respect of the hotel building purchased, together with a demarcated portion of the leasehold rights to land at Vashi (Navi Mumbai), from K. Raheja Corp Private Limited, on which the Company's Four Points by Sheraton Hotel has been built. The allotment of land by City & Industrial Development Corporation of Maharashtra Limited ('CIDCO') to K. Raheja Corp Private Limited has been challenged by two public interest litigations and the matter is currently pending with the Honorable Supreme Court of India. Pending the outcome of proceedings and a final closure of the matter, no adjustments have been made in the standalone Ind AS financial statements as at and for the year ended 31 March 2018 to the carrying value of the leasehold rights (reflected as prepayments) and the hotel assets thereon aggregating to Rs 497.70 million, Rs 503.79 million, Rs 530.18 million and Rs 567.14 million as at September 30, 2018, March 31, 2018, March, 31 2017 and April 1, 2016 respectively. (Refer Annexure VI, Note 2 and 10).

###### b) Acquisition of Hotel and Retail division at Bengaluru from Genext Hardware & Parks Private Limited

For the year ended March 31, 2018, the auditors' report has drawn attention in respect of the Scheme of Arrangement ('the Scheme') between Genext Hardware & Parks Private Limited ('Genext') and the Company for demerger of the Hotel undertaking and Retail undertaking ('demerged undertaking') of Genext which has been approved by the National Company Law Tribunal ('NCLT') at Mumbai and Bengaluru and other regulatory authorities on September 11, 2017, with effect from the Appointed date specified in the Scheme i.e. November 1, 2016. The Scheme has been accounted in the manner prescribed by the NCLT order i.e. the book values of the assets, liabilities and reserves of the demerged undertaking of Genext as of November 1, 2016 have been recorded by the Company and the identity of the reserves have been maintained. The excess of the book value of the net assets and reserves of the demerged undertaking of Genext acquired over the face value of the shares issued by the Company amounting to Rs. 189.53 million has been debited to Goodwill in accordance with the Scheme. This accounting treatment is different from that prescribed under Ind AS 103 on Business Combination. (Refer Annexure VI, Note 41).

###### c) Disclosure of comparative balances

Note 1.2 to the consolidated interim Ind AS financial statements, which describes the basis of preparation. These consolidated interim Ind AS financial statements have been prepared for inclusion in the Restated Consolidated Summary Financial Information in the Red Herring Prospectus / Prospectus in connection with the proposed issue of Equity Shares of the Company by way of a fresh issue and/or an offer for sale by the existing shareholders. These consolidated interim Ind AS financial statements are not the statutory consolidated Ind AS financial statements of the Group.

###### d) ICDR 2018

As at and for the period ended 30 September 2018 and for the years ended March 31, 2018, March 31, 2017 and March 31, 2016, March 31, 2015 and March 31, 2014: Securities Exchange Board of India as issued Securities Exchange Board of India (Issued of Capital and Disclosure Requirements) Regulations, 2018 ('SEBI ICDR Regulations 2018') on 11 September 2018, which are effective from 11 November 2018. Accordingly, on and from the commencement of this regulations, the SEBI ICDR regulations 2009 shall stand rescinded. Based on the advice received by the Management, the Group continues to comply with the SEBI ICDR Regulations 2009.

##### 2. Audit Qualifications in Annexure to Auditors' Report, which do not require any corrective adjustments in the Restated Consolidated Summary Financial Information

In addition to the audit opinion on the consolidated financial statements, the auditors are required to comment upon the matters included in the Companies (Auditor's Report) Order, 2016 ('CARO') issued by the Central Government of India terms of sub-section (11) of Section 143 of the Companies Act, 2013 for the years ended March 31, 2018, March 31, 2017 and March 31, 2016, the Companies (Auditor's Report) Order, 2015 issued by the Central Government of India terms of sub-section (11) of Section 143 of the Companies Act, 2013 for the year ended March 31, 2015 and the Companies (Auditor's Report) Order, 2003 issued by the Central Government of India under sub-section (4A) of Section 227 of the Companies Act, 1956 for the year ended March 31, 2014. Certain statements/comments included in the annexure to the Auditors' report on the financial statements (i.e. CARO), which do not require any adjustments in the Restated Consolidated Financial Information are reproduced below in respect of the financial statements presented:

### Annexure VII - Statement of Adjustments to the Audited Consolidated Financial Statements (Continued)

#### Notes to Adjustments (Continued)

For the year ended March 31, 2016

Chalet Hotels Limited

##### Clause (i) (c)

According to the information and explanations given to us and based on the examination of the registered transfer deed provided to us, we report that, the title deeds, of such immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date. Immovable properties of land and buildings whose title deeds have been mortgaged as security for loans taken from Banks and financial institutions are held in the name of the Company based on confirmations directly received by us from the lenders I parties. In respect of immovable properties of land and buildings that have been taken on lease and disclosed as fixed asset in the financial statements, the lease agreements are in the name of the Company. Attention is however invited to Footnote (2) to note 13(a) regarding the leasehold land on which the Company's Four Points by Sheraton Hotel - Vashi (Navi Mumbai) has been built, which is presently under litigation.

##### Clause (iii) (b)

According to the information and explanations given to us, the Company has granted unsecured loans to companies covered in the register maintained under Section 189 of the Companies Act, 2013, in respect of which:

(b) The schedule of repayment of principal has not been stipulated. The schedule of payment of interest has been stipulated and receipts of interest have been regular as per stipulations, except for a loan granted to one party where interest of Rs. 17.66 million was paid after a delay of 80 days.

### Annexure VII - Statement of Adjustments to the Audited Consolidated Financial Statements (Continued)

#### Notes to Adjustments (Continued)

For the year ended March 31, 2015

#### Chalet Hotels Limited

##### Clause (iii) (c)

In our opinion and according to the information and explanations given to us, the Group has maintained proper records of its inventories and no material discrepancies were noticed on physical verification, other than at the hotel at Sahar (Mumbai) which commenced operations in February 2015 and in respect of which systems for recording of receipt and issue of stocks are being put in place.

##### Clause (v)

In our opinion and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business for the purchase of inventories other than at the Sahar Hotel (refer clause (iii) (c) above) and fixed assets and for the sale of goods and services. During the course of our audit, we have not observed any major weakness in such internal control system, except as stated in clause (iii) (c) above.

### Note:

- The above Annexure should be read with the Basis of preparation and Significant Accounting Policies appearing in Annexure V, Notes to the Restated Consolidated Summary
- The ratios have been computed as follows:
  - Earning Per Share (Basic) =  $\frac{\text{Restated net profit after tax and adjustments, available for equity shareholders}}{\text{Weighted average number of equity shares outstanding during the period/year}}$
  - Earning Per Share (Diluted) =  $\frac{\text{Restated Profit for the period/year}}{\text{Weighted average number of diluted potential equity shares outstanding during the period/year}}$
  - Return on Net worth (%) =  $\frac{\text{Restated net profit after tax and adjustments, available for equity shareholders}}{\text{Restated net worth at the end of the period/year}}$
  - Net Asset Value per Share (Rs.) =  $\frac{\text{Restated net worth at the end of the period/year}}{\text{Weighted average number of equity shares outstanding during the period/year}}$
- Net worth for ratios mentioned in point 4 is = Equity share capital + Reserves and surplus (including Securities Premium, General Reserve and Retained earnings). Retained earnings includes impact of fair valuation of land considered as deemed cost on transition to Ind AS (net of related tax impact): Rs. 3,710.05 million (March 31 2018: Rs. 3,710.05 million, March 31 2017: Rs. 3,724.38 million, March 31, 2016: Rs. 3,724.38 million, March 31, 2015: Rs. 3,750.36 million, March 31, 2014: Rs. 2,868.51 million)
- Weighted average number of equity shares is the number of equity shares outstanding at the beginning of the period/year adjusted by the number of equity shares issued during the period/year multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the period/year.
- The Company does not have any revaluation reserves or extra-ordinary items.
- Earnings per share calculations are in accordance with Indian Accounting Standard 33 (Ind AS 33) - Earnings per share. The impact of dilution on account of ESOP is not considered as they are anti-dilutive.

### Overview

We are an owner, developer and asset manager of high-end hotels in key metro cities in India. Our hotel platform comprises five operating hotels, including a hotel with a co-located serviced residence, located in the Mumbai Metropolitan Region, Hyderabad and Bengaluru, representing 2,328 keys, as of September 30, 2018. Our hotels are branded with globally recognized hospitality brands and are in the luxury-upper upscale and upscale hotel segments, according to the Horwath Report. Our hotel platform emphasizes strategic locations, efficient design and development, appropriate positioning in hotel segments together with branding and operational tie-ups with leading hospitality companies. We use our experience to actively manage the hotel assets to drive performance. In addition, we have developed commercial and retail spaces, in close proximity to certain of our hotels.

We have developed our hotels at strategic locations generally with high barriers-to-entry and in high density business districts of their respective metro cities, according to the Horwath Report. We generally develop our hotels on large land parcels, allowing us to situate a greater number of rooms, as well as provide a wide range of amenities, such as, fine dining and specialty restaurants, large banquet and outdoor spaces. We endeavour to build our hotels to superior standards targeting the luxury-upper upscale and upscale hotel segments at an efficient gross built up area and development cost per key.

We believe we have a competitive advantage in key metro cities due to, the significant time outlay required to build and establish a profitable hotel or commercial project, our early mover advantage in large, mixed-use developments in specific micro-markets and availability of unutilized land at certain of our hotel properties to further expand our operations, among others.

We seek to brand our hotels with leading global hospitality brands, which we believe are well matched to the location, size, target customer base and intended hotel segment of our hotel properties. This allows us to save on the time and cost required to build, develop and maintain our 'own hotel brand'. Our hotels are currently branded with global brands such as JW Marriott, Westin, Marriott, Marriott Executive Apartments, Renaissance and Four

Points by Sheraton which are held by Marriott Hotels India Private Limited and its affiliates (collectively “**Marriott**”). We also determine, by detailed financial and operational analysis, whether hotel operations should be undertaken directly by us or by engaging third party hotel operators. Currently, our hotel at Vashi, Navi Mumbai, is operated by us under a license agreement with Marriott, and four of our hotels, including our serviced residence, are operated pursuant to hotel operation and related agreements with Marriott.

We follow an active asset management model for our hotels operated by third parties, pursuant to which we closely monitor, and exercise regular oversight over, the performance of our hotel properties. Among other things, we discuss and agree on budgeting and operational and financial targets, review performance reports, engage with the hotel management team at each hotel by conducting detailed monthly performance review meetings and provide regular inputs on cost saving initiatives and potential improvements. We believe that our active asset management model, the premium location of our hotels, our large room inventory and large function spaces, together with our relationship with international hospitality brands, has allowed our hotels to achieve competitive financial and operational parameters. For example most of our hotels have higher ADR, occupancies and RevPAR compared to the average of other hotels in their respective micro-markets and hotel segments, for the financial year 2018, according to the Horwath Report. See “**Industry Overview**” on page 133.

We are part of K. Raheja Corp group which is a leading business group in India and we believe that we derive significant benefit from the confidence that consumers, lenders, hospitality partners, vendors and others place in the group. The companies forming part of the K. Raheja Corp group (“**K. Raheja Companies**”) have extensive experience in developing large scale real estate, hospitality and commercial projects resulting in a strong understanding of industry and market trends, which we leverage to identify suitable locations and opportunities. We further leverage the experience and relationships of these companies with construction companies, architects and designers, to develop, refurbish and maintain hotels at optimal cost and quality.

Our Promoters include Mr. Ravi C. Raheja and Mr. Neel C. Raheja, who have been instrumental in the growth of our business and actively advise us on finance, corporate strategy and planning as well as our hotel and retail businesses. We have a strong management team with significant industry experience. Our Managing Director and CEO, Mr. Sanjay Sethi has three decades of experience in the hospitality industry and our Executive Director and CFO, Mr. Rajeev Newar, has over 26 years of experience in various industries. Our Key Management Personnel and senior management include qualified professionals and industry experts with significant experience across various industries and functions including finance, legal, projects and design, asset management, hospitality.

### **Significant Factors Affecting our Results of Operations**

Our results of operations and financial condition are affected by a number of important factors including:

#### ***Competition***

We operate in a highly competitive industry and our success is dependent on our ability to compete on various factors such as attractiveness and quality of our offerings, quality of accommodation, food and beverage, location, service levels, and amenities, together with the brand reputation of our brand licensors. We may also have to compete with any new hotel properties that commence operation in the markets in which we operate or intend to commence operations. Our engagement with our hotel operators and brand licensors to enhance guest experiences and drive guest satisfaction is critical to compete and outperform other hotels in our markets. In addition, our ability to capture the expected growth in tourism and the hotel industry, and respond to the consequent competition in the hotel industry, will be critical to our results of operations in the future. See “*Risk Factors – Internal Risk Factors - The hotel industry is intensely competitive and our inability to compete effectively may adversely affect our business, results of operations and financial condition.*” on page 31.

#### ***Seasonality and Cyclicalities of Business***

The hospitality industry is seasonal in nature. The periods during which our properties experience higher revenues vary from property to property, depending principally upon location and the guest base served. Our revenues are higher during the second half of each financial year as compared to first half of the financial year. Seasonality affects leisure travel and the MICE segment (meetings, incentives, conferences and events); however, business travel is generally more consistent throughout the year. Seasonality can be expected to cause quarterly fluctuations in our revenue, profit margins and earnings.

The hospitality industry is cyclical and demand generally follows, on a lagged basis, key macroeconomic indicators. There is a history of increases and decreases in demand for hotel rooms, in occupancy levels and in

room rates realized by hotels through economic cycles. The combination of changes in economic conditions and in the supply of hotel rooms can result in significant volatility in results of hotel properties. The costs of running a hotel tend to be more fixed than variable. These expenses include employee costs, utilities and insurance. When demand for our hotels decreases, due to high operating leverage the resulting decline in our revenues can have an adverse effect on our net cash flow, margins and profits. This effect can be especially pronounced during periods of economic contraction or slow economic growth. Similarly in conditions of economic upturns, when the demand for hotel rooms increases, due to high operating leverage, our net cash flow, margins and profits may increase disproportionately to the increase in revenues. See *“Risk Factors – Internal Risk Factors - Our business is subject to seasonal and cyclical variations that could result in fluctuations in our results of operations.”* on page 25.

### ***Changes in Consumer Demand***

Economic growth drives business and leisure travel as well as conferences, banquets and events which impact the success of our operations. In addition, the hotel industry and the demand for rooms is also affected by travel advisories, worldwide health concerns, geo-political developments, natural disasters in the region and inflation. Declines in consumer demand due to adverse general economic conditions, risks affecting or reducing travel patterns, lower consumer confidence and adverse political conditions can lower the revenues and profitability of our hotels. Further, adverse general economic conditions may negatively impact the demand for, and occupancies in, our commercial and retail projects. As a result, changes in consumer demand can subject and have subjected our revenues to significant volatility. See *“Risk Factors – Internal Risk Factors - A slowdown in economic growth in India could have an adverse effect on our business, results of operations and financial condition”* on page 18.

### ***Relationship with Hotel Operators and Leading Hospitality Brands***

Our hotel at Vashi, Navi Mumbai, is operated by us under a license agreement with Marriott, and four of our hotels, including our serviced residence, are operated pursuant to hotel operation and related agreements with Marriott. We utilize the brands of our hotel operators and brand licensor to operate and market our hotels. Our hotels are generally obliged to pay periodic management fees, royalty fees, fees for technical services and reimbursements for advertising, marketing, promotion, sales and software, among others. These payments to hotel operators and our brand licensor are based on a fixed percentage of the gross revenue of the hotel, as well as a portion of gross operational profits, subject to certain exclusions and adjustments including periodic increments, together with reimbursements for costs incurred and certain per-transaction service charges. In aggregate, payments including reimbursements, made to Marriott ranged from 8% to 12% of each of our hotel's total operating revenue, for the six months ended September 30, 2018 and financial years 2018 and 2017.

Further, the hotel operation contracts for our hotel, including out serviced residence, at Powai, Mumbai will be due for renewal in March 2020, and for our hotel at Mindspace, Hyderabad will be due for renewal in December 2021. We may seek to rebrand or reflag our properties by using alternate brands at our hotels or renegotiate terms of our existing hotel operation contracts. In the event we are unable to execute agreements on favorable terms our business, financial condition and results of operations may be adversely affected. See *“Our Business – Description of Our Business – Our Hotel Business”* and *“Risk Factors – Internal Risk Factors - We have entered into hotel operation and related agreements with Marriott to receive operation and marketing services in relation to our hotels. If our hotel operators decide to terminate or not renew any agreement with us, our business, financial condition and results of operations may be adversely affected.”* on pages 157 and 19, respectively.

### ***Cost of land, third party contractors and construction materials***

We are developing three additional hotel projects which are expected to have 588 keys and two retail and office projects representing approximately 1.12 million square feet of leasable area. We intend to grow our portfolio through both organic and inorganic means. In our efforts to grow organically we face risks with regards to acquisition of the appropriate land and the development costs.

**Land:** The growth of our business is dependent on the availability of vacant land in areas where we intend to develop projects and cost thereof. Any change in regulations relating to land use including recent and proposed changes in land regulations which could increase or decrease the FSI available to us in our existing projects could have an impact on the growth of our business and operations.

**Third Party Contractors and Development Costs:** We utilize third parties for the design, construction and periodic maintenance and repairs of our hotel properties and projects. We engage international and domestic architects and third-party contractors, generally under fixed price contracts. Our development costs largely comprises of cost of various third-party agencies which include contractors, designers, architects, surveyors, engineers, consultants

and project management team. The progress and quality of construction of the hotel properties and projects we develop depends on the availability and skill of our contractors and consultants, as well as contingencies affecting them, including labour and industrial actions. Our cost of development and periodic maintenance and repairs is affected by price fluctuations in raw materials (in particular cement and steel), bricks and glass, electrical accessories, plumbing materials, tiles and paints, lifts and escalators. We oversee the progress and quality of construction to ensure that the costs are under budgetary control. However, any unreasonable cost escalation due to shortage, supply limitations or circumstances beyond our control, could adversely impact the cost and time taken for development and resultantly our return on investment.

See “Risk Factors – Internal Risk Factors – We are exposed to risks associated with the development of our hotel properties and commercial and retail projects. Delays in the constructions of new buildings or improvements on our properties may have an adverse effect on our business, results of operations and financial condition.” on page 26.

### Government Regulations and Policies

Our business is subject to significant governmental regulation, particularly in relation to the development of our projects. Regulations applicable during development include standards regarding land acquisition, the ratio of built-up area to land area, land usage, water supply, sewage disposal systems, electricity supply, environmental suitability and size of the project. Approval of development plans is conditioned on, among other things, completion of the acquisition of the site and compliance with relevant conditions. Approvals must be obtained at both the national and local levels, and our results of operations are expected to continue to be affected by the nature and extent of the regulation of our business.

Further, government regulations and policies of India, can also impact the demand for, expenses related to and availability of our hotel services and rooms. We are also subject to regulations, which are periodically amended, including relating to the sale and service of food, alcoholic and non-alcoholic beverages and hosting of events and weddings at our hotel properties. These regulations and policies can be extensive and any amendments thereto would require adequate time for implementation. Further, the regulatory and policy environment in which we operate is evolving and subject to change. For example, the Government of India implemented a comprehensive national goods and services tax (“GST”) regime with effect from July 1, 2017 that combines multiple taxes and levies by the Central and State Governments into a unified tax structure. Generally, the GST rate applicable on room rates at all our hotels ranges between 18% to 28% of the declared room rate. For further details see, “Risk Factors – Internal Risk Factors – We are subject to extensive government regulation with respect to safety, health, environmental, real estate, excise and labour laws. Any non-compliance with, or changes in, regulations applicable to us may adversely affect our business, results of operations and financial condition”.

### Key indicators of operating performance

The table below sets forth certain key operating performance parameters for our hotels:

\* As of the end of the period.

- (1) ADR represents revenue from room rentals at our hotels divided by total number of room nights sold (including keys that were available for only a certain portion of a period).
- (2) Average occupancy represents the total number of room nights sold divided by the total number of room nights available at a hotel or group of hotels.
- (3) RevPAR is calculated by multiplying ADR and average occupancy.
- (4) Total operating revenue comprises of revenue from hotels including room revenue, food and beverage revenue and other income from hotel operations.
- (5) Operating expenses comprises of expenses towards food and beverage consumed, operating supplies, employee benefit cost and other expenses.
- (6) Staff per room is calculated by dividing total staff at the end of the relevant period by number of available keys as of the last date of relevant period. Staff includes our employees and personnel engaged on a contractual basis at our hotel.
- (7) Average power consumed per day per room for the year.

## **Significant Accounting Policies and Basis of Preparation and Presentation**

### ***Basis of preparation and presentation***

The Restated Consolidated Summary Statement of Assets and Liabilities of our Company as at September 30, 2018, March 31, 2018, March 31, 2017, March 31, 2016, March 31, 2015 and March 31, 2014, the Restated Consolidated Summary Statement of Profit and Loss (including Other Comprehensive Income), the Restated Consolidated Summary Statement of Changes in Equity and the Restated Consolidated Summary Statement of Cash Flows for each of the years ended September 30, 2018, March 31, 2018, March 31, 2017, March 31, 2016, March 31, 2015 and March 31, 2014 and Restated Other Consolidated Financial Information (together referred as '**Restated Consolidated Summary Financial Information**') has been prepared under Indian Accounting Standards ('**Ind AS**') notified under Section 133 of the Companies Act, 2013 ('the **Act**') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standard) Rules, 2016 and other relevant provisions of the Act, to the extent applicable. The Restated Consolidated Summary Financial Information have been compiled by us from:

- Our Audited Consolidated Financial Statements as at and for the years ended March 31, 2016, March 31, 2015 and March 31, 2014 ('**Audited Consolidated Financial Statements**') prepared under previous generally accepted accounting principles followed in India ('**Previous GAAP**' or '**Indian GAAP**').

The Restated Consolidated Summary Financial Information for these years along with respective underlying schedules and notes are "Proforma Restated Consolidated Ind AS Financial Information", and in accordance with the requirements of SEBI Circular SEBI/HO/CFD/DIL/CIR/P/2016/47 dated March 31, 2016 ('**SEBI Circular**') and the Guidance note on Reports in Company Prospectuses (revised 2016) ('**Guidance Note**'), issued by Institute of Chartered Accountants of India ('the **ICAI**').

We have followed the same accounting policies and accounting policy choices (both mandatory exceptions and optional exemptions availed as per Ind AS 101) as initially adopted on transition date i.e. April 1, 2016 while preparing Restated Standalone Summary Financial Information for the years ended March 31, 2016, March 31, 2015 and March 31, 2014. Accordingly, suitable restatement adjustments (both re-measurements and reclassifications) in the accounting heads are made to the Proforma Restated Consolidated Ind AS Financial Information as of and for the years ended March 31, 2016, March 31, 2015 and March 31, 2014; and

- Our Audited Consolidated Financial Statements as at and for the six months ended September 30, 2018 and years ended March 31, 2018, and March 31, 2017 are prepared under Ind AS (as at and for the year ended March 31, 2017, are in accordance with Ind AS being comparative period for year ended March 31, 2018).

In accordance with Ind AS 101 First-time Adoption of Indian Accounting Standards, we have presented a reconciliation from the presentation of Restated Consolidated Summary Financial Information under Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 ('**Previous GAAP**' or '**Indian GAAP**') to Ind AS for Restated Consolidated Shareholders' equity as at March 31, 2017, March 31, 2016, March 31, 2015, March 31, 2014 and April 1, 2013 and of the Restated Consolidated Summary Statement of profit and loss for the years ended March 31, 2017, March 31, 2016, March 31, 2015 and March 31, 2014. (Refer Note 54 to Annexure VI).

The Restated Consolidated Summary Financial Information have been compiled by us from the Audited Consolidated Financial Statements and:

- there were no changes in accounting policies under Previous GAAP during the years of these financial statements,
- material amounts relating to adjustments for previous years in arriving at profit/loss of the years to which they relate, have been appropriately adjusted,
- adjustments for reclassification of the corresponding items of income, expenses, assets and liabilities, in order to bring them in line with the groupings as per our audited consolidated financial statements as at and for the year ended March 31, 2018 prepared under Ind AS and the requirements of the SEBI Regulations, and the resultant tax impact on above adjustments has been appropriately adjusted in deferred taxes in the respective years to which they relate.

### ***Basis of measurement***

The Restated Consolidated Summary Financial Information has been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities (including derivative instruments) that are measured at fair value (refer- Accounting policy regarding financial instruments);
- assets held for sale – measured at fair value less cost to sell;
- defined benefit plans – plan assets measured at fair value less present value of defined benefit obligation; and
- land at fair value on transition date.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

### ***Significant accounting policies***

#### ***Business combination***

As part of its transition to Ind AS, we have elected to apply the relevant Ind AS standard, Ind AS 103, Business combinations, to only those business combinations that occurred on or after the transition date i.e. April 1, 2016.

We have accounted merger schemes in a manner prescribed by the High Court or the National Company Law Tribunal orders. The book values of the assets, liabilities and reserves of the transferor company have been recorded and the identity of the reserves has been maintained. The excess of book value of the net assets and reserves of the transferor company taken over, over the face value of the shares issued by the transferee company has been debited to the goodwill as per the scheme. Any goodwill that arises is tested annually for impairment. Transaction costs are expensed as incurred, except to the extent related to the issue of debt or equity securities. The consideration transferred does not include amounts related to the settlement of pre-existing relationships with the acquiree. Such amounts are recognised in the restated consolidated summary statement of profit and loss.

#### ***Common control***

Business combinations involving entities that are ultimately controlled by the same parties before and after the business combination are considered as common control entities. Common control transactions are accounted using pooling of interest method. The financial statements in respect of prior periods have been restated from the period that the transferor company became a subsidiary of the transferee company where the assets and liabilities of the transferee are recorded at their existing carrying values, the identity of reserves of the transferee company is preserved.

### ***Revenue***

#### ***Real estate development and sale***

Revenue from real estate activity is recognised to the extent that it is probable that the economic benefits will flow to us, all significant risks and rewards of ownership are transferred to the customers and it is not unreasonable to expect ultimate collection and no significant uncertainty exists regarding the amount of consideration.

Revenue from real estate development activity is recognised at a point in time when significant risks and rewards are transferred to the customer, such as when the control of the residential flat is transferred to the customer.

Cost of construction/development includes all costs directly related to the project and other expenditure as identified by the management which are reasonably allocable to the project.

Unbilled revenue from real estate represents revenue recognised over and above the amount due as per the payment plans agreed with the customers. Progress billings which exceed the costs and recognised profits to date on projects under construction are disclosed as advance received from customers under other current liabilities. Any billed amount that has not been collected is disclosed under trade receivables.

#### *Hospitality business*

Revenue is measured at the fair value of the consideration received or receivable. Revenue comprises sale of rooms, food, beverages, smokes and allied services relating to hotel operations. Revenue is recognised upon rendering of the service, provided pervasive evidence of an arrangement exists, tariff or rates are fixed or are determinable and collectability is reasonably certain. Revenue recognised is net of indirect taxes, returns and discounts.

#### *Rental income*

Revenues from property leased out under an operating lease are recognised over the tenure of the lease or service agreement on a straight line basis over the term of the lease, except where the rentals are structured to increase in line with expected general inflation, and except where there is uncertainty of ultimate collection.

#### *Income from other services*

Maintenance income is recognised as and when related expenses are incurred. Income from ancillary services are recognised as and when the services are rendered.

#### *Dividend income*

Dividend income is recognised only when the right to receive the same is established, it is probable that the economic benefits associated with the dividend will flow to us, and the amount of dividend can be measured reliably.

#### *Interest income*

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (“**EIR**”), which is the rate that discounts the estimated future cash payments or receipts through the expected life of the financial instruments or a shorter period, where appropriate, to the net carrying amount of the financial assets on initial recognition. Interest income is included in other income in the restated consolidated statement of profit or loss.

#### **Foreign currency**

##### *Transactions and balances*

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss. Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the restated consolidated summary statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the restated consolidated summary statement of profit and loss on a net basis within other gains / (losses). Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of transactions. Non-monetary items that are measured at fair value in a foreign currency shall be translated using the exchange rates at the date when the fair value was measured.

#### **Employee benefits**

##### *Short-term employee benefits*

All employee benefits payable wholly within twelve months of rendering services are classified as short-term

employee benefits. Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if we have a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Short-term benefits such as salaries, wages, short-term compensation absences, etc., are determined on an undiscounted basis and recognised in the period in which the employee renders the related service.

#### *Post-employment benefits*

##### *Defined contribution plans*

Obligations for contributions to defined contribution plans such as provident fund and family pension maintained with regional provident fund office are expensed as the related service is provided.

##### *Defined benefit plans*

The following post-employment benefit plans are covered under the defined benefit plans:

- Gratuity Fund

We provide for gratuity, a defined benefit retirement plan covering eligible employees. The gratuity plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with us. The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus of our defined benefit plans. When the calculation results in a potential asset for us, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the Restated Consolidated Summary Statement of changes in equity and in the Restated Consolidated Summary Statement of Assets and Liabilities.

##### *Other long-term employee benefits*

Liability toward long-term compensated absences is provided for on the basis of an actuarial valuation, using the projected unit credit method, as at the date of the balance sheet. Actuarial gains / losses comprising of experience adjustments and the effects of changes in actuarial assumptions are immediately recognised in the Restated Consolidated Summary Statement of Profit and Loss.

##### *Terminal Benefits*

All terminal benefits are recognised as an expense in the period in which they are incurred.

#### **Income-tax**

Income-tax expense comprises current and deferred tax. It is recognised in net profit in the restated consolidated statement of profit or loss except to the extent that it relates to items recognised directly in equity or in the OCI.

##### *Current tax*

Current tax is the amount of tax payable (recoverable) in respect of the taxable profit / (tax loss) for the year determined in accordance with the provisions of the Income-tax Act, 1961. Taxable profit differs from 'profit before tax' as reported in the Restated Consolidated Summary Statement of Profit and Loss because of items of income or expenses that are taxable or deductible in other years & items that are never taxable or deductible. Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, we:

- have a legally enforceable right to set off the recognised amounts; and
- intend either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

#### *Deferred tax*

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss; and
- temporary differences related to investments in subsidiaries and associates to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

#### ***Inventories***

##### *Hospitality*

Stocks of stores, food and beverages and operating supplies (crocery, cutlery, glassware and linen) are carried at the lower of cost and net realizable value. Cost of inventories comprises of all costs of purchase and other costs incurred in bringing the inventories to their present condition and location. Cost is arrived at by the weighted average cost method.

Stocks of stores and spares and operating supplies (crocery, cutlery, glassware and linen) once issued to the operating departments are considered as consumed and expensed to the Restated Consolidated Summary Statement of Profit and Loss.

##### *Real Estate Development (Residential Flats)*

Property is valued at lower of cost and net realizable value. Cost comprises of land, development rights, materials, services, and other expenses attributable to the projects. Costs of construction / development (including cost of land) incurred is charged to the Restated Consolidated Summary Statement of Profit and Loss proportionate to area sold and the balance cost is carried over under inventories as part of property under development.

Cost of construction material (including unutilised project materials) at site is computed by the weighted moving average method and carried at lower of cost and Net Realizable value.

#### ***Property, plant and equipment***

##### *Recognition and measurement*

Property, plant and equipment are stated at cost less accumulated depreciation / amortisation and impairment losses, if any except for freehold land which is not depreciated. Cost comprises of purchase price and any attributable cost such as duties, freight, borrowing costs, erection and commissioning expenses incurred in bringing the asset to its working condition for its intended use. If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted and depreciated for as separate items (major components) of property, plant and equipment. Any gain or loss on disposal of an item of property, plant and equipment is recognised in the Restated Consolidated Summary Statement of Profit and Loss.

Properties in the course of construction for production, supply or administration purposes are carried at cost, less any impairment loss recognised. Cost includes professional fees and, for qualifying assets borrowing costs capitalised in accordance with the group's accounting policy. Such properties are classified to the appropriate categories of Property, Plant & Equipment when completed and are ready for intended use. Depreciation on these

assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

#### *Subsequent expenditure*

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to us.

#### *Transition to Ind AS*

For transition to Ind AS, we have elected to apply Ind AS 16 retrospectively to its property, plant and equipment along with selective fair valuation of few assets (Freehold land at Powai and Sahar in Mumbai and our hotel at Hyderabad are measured at fair value as deemed cost) and use that carrying value as its deemed cost. While measuring the property, plant and equipment in accordance with Ind AS, we have elected to measure certain items of property, plant and equipment at the date of transition to Ind AS at their fair values and use that fair values as their deemed cost.

#### *Depreciation*

Depreciation is provided using the straight line method as per the useful life of the assets estimated by the management.

Depreciation on addition or deletion of fixed asset made during the year is provided on pro-rata basis from or up to the date of each addition or deletion. The useful lives of assets estimated by management is same as prescribed in Schedule II to the Act, except in respect of the following categories of assets, where the life is different than that of Schedule II to the Act.

| Asset Type                               | Useful Life         |                                            |                     |                                             | Schedule II |

Building interiors and accessories comprise of the interiors of the hotel building which will undergo renovation, are depreciated on a straight line method basis over a period of 10 years, which in our management's view represents the useful life of such assets. Building constructed on leasehold land are amortised from the date of commencement of commercial operations over the balance lease period. Leasehold Improvements are depreciated over the primary period of lease. Temporary structures and assets costing ₹ 5,000 or less are depreciated at 100% in the year of capitalization.

Freehold land is measured at fair value as per Ind AS 113 with the resultant impact being accounted for in the reserves. The fair value of our freehold land parcels as at April 1, 2016 have been arrived at on the basis of a valuation carried out by an independent registered appraiser not related to us with appropriate qualifications and relevant experience in the valuation of properties at relevant locations. The fair value was determined based on a combination of discounted cash flow method and residual method. The fair value of such freehold land has been

pushed back to the earliest of reporting period in the restated summary financial information in accordance with the Guidance Note on Reports in Company Prospectuses (Revised 2016).

### ***Borrowing costs***

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of a qualifying asset which necessarily take a substantial period of time to get ready for their intended use or sale are capitalised as part of the cost of that asset until such time as the assets are substantially ready for their intended use or sale. Other borrowing costs are recognised as an expense in the period in which they are incurred.

### ***Segment reporting***

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The management committee assesses our financial performance and position, and makes strategic decisions. It is identified as being the chief operating decision maker for our Company. Refer note 49 for segment information presented.

### ***Intangible assets***

#### ***Recognition and measurement***

Intangible assets comprises of trademarks and computer software and are measured at cost less any accumulated amortisation and accumulated impairment loss, if any.

#### ***Subsequent expenditure***

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates.

#### ***Transition to Ind AS***

On transition of Ind AS, our Company has elected to continue with the carrying value of all of our intangible assets recognised as at April 1, 2016, measured as per the previous GAAP, and use that carrying value as the deemed cost of such intangible assets.

#### ***Amortisation***

Amortisation is calculated over the cost of the asset, or other amount substituted for cost less its residual value. Amortisation is recognised in the Restated Consolidated Statement of profit or loss on a straight-line basis over the estimated useful lives of intangible assets, from the date that they are available for use, since this most closely reflects the expected pattern of consumption of the future economic benefits embodied in the asset.

Intangible assets are amortised on straight-line method over estimated useful life of three years, which in management's view represents the economic useful life of these assets.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate prospectively.

#### ***Intangible assets (continued)***

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Restated consolidated summary statement of profit and loss, unless the asset is carried at revalued amount, in which case any impairment loss of

the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

Goodwill on business combination is not amortised but it is tested for impairment annually or more frequently if events or changes in circumstances indicate that it might be impaired.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods which no longer exists or may have decreased, such reversal of impairment loss is recognised in the Restated consolidated summary statement of profit and loss, to the extent the amount was previously charged to the Restated consolidated summary statement of profit and loss. In case of revalued assets, such reversal is not recognised.

### ***Investment property and investment property under construction***

#### ***(a) Recognition and measurement***

Investment property is property held either to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes. Upon initial recognition, an investment property is measured at cost. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and accumulated impairment losses, if any.

On transition to Ind AS, our Company has elected to continue with the carrying value of all of our investment property recognised as at 1 April 2016, measured as per the previous GAAP and use that carrying value as the deemed cost of such investment property.

Investment property and investment property under construction represents the cost incurred in respect of areas retail block and commercial office space. Property under construction is accounted for as investment property under construction until construction or development is complete.

Direct expenses like cost of land, including related transaction costs, site labour cost, material used for project construction, project management consultancy, costs for moving the plant and machinery to the site and general expenses incurred specifically for the respective project like insurance, design and technical assistance, and construction overheads are taken as the cost of the project.

Investment properties are carried individually at cost less accumulated depreciation and impairment, if any. Investment properties under construction are carried individually at cost less impairment, if any. Impairment of investment property is determined in accordance with the policy stated for impairment of assets.

#### ***(b) Depreciation***

Depreciation on investment property has been provided pro rata for the period of use by the Straight Line Method. The useful lives of Investment Property is estimated by management and the same is as prescribed in Schedule II to the Act, except in respect of the following categories of assets, where the life of these assets differs from Schedule II.

Any gain or loss on disposal of an investment property is recognised in Restated Consolidated summary statement of profit and loss.

The fair values of investment property are disclosed in the notes. Fair values are determined by an independent valuer who holds a recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued.

### ***Assets held for sale***

Non-current assets are classified as held for sale if it is highly probable that their carrying amount will be recovered primarily through sale rather than through continuing use. This condition is regarded as met only when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset (or disposal group) and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

When our Company is committed to a sale plan involving disposal of an investment, or a portion of an investment, in an associate, the investment or the portion of the investment that will be disposed of is classified as held for sale when the criteria described above are met, and our Company discontinues the use of the equity method in relation to the portion that is classified as held for sale. Any retained portion of an investment in an associate that has not been classified as held for sale continues to be accounted for using the equity method. We discontinue the use of the equity method at the time of disposal when the disposal results in our Company losing Significant influence over the associate or joint venture.

After the disposal takes place, we accounts for any retained interest in the associate in accordance with Ind AS 109 unless the retained interest continues to be an associate, in which case we use the equity method (see the accounting policy regarding investments in associates above).

Such assets are generally measured at the lower of their carrying amount and fair value less costs to sell. Losses on initial classification as held for sale and subsequent gains and losses on remeasurement are recognised in Restated Consolidated summary statement of profit and loss. Refer Note 17.

### ***Financial Instruments***

#### ***1. Financial Assets***

##### ***a) Recognition and initial measurement***

Trade receivable are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when our Company becomes a party to the contractual provisions of the instrument.

A financial asset is initially measured at fair value plus, for an item not at fair value through profit and loss (“FVTPL”), transaction costs that are directly attributable to its acquisition or issue.

##### ***b) Classification and subsequent measurement***

We classify our financial assets into a) financial assets measured at amortised cost, and b) financial assets measured at FVTPL. Management determines the classification of its financial assets at the time of initial recognition or, where applicable, at the time of reclassification.

##### ***i. Financial assets measured at amortised costs***

A financial asset is classified at amortised costs if it is held within a business model whose objective is to a) hold financial asset in order to collect contractual cash flows

and b) the contractual terms of the financial asset give rise on specific dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using effective interest rate method (“**EIR**”). Amortised cost is arrived at after taking into consideration any discount on fees or costs that are an integral part of the EIR. The amortisation of such interests forms part of finance income in the restated consolidated summary statement of profit and loss. Any impairment loss arising from these assets are recognised in the restated consolidated summary statement of profit and loss.

ii. Financial assets measured at fair value through profit and loss

This is a residual category for classification. Any asset which do not meet the criteria for classification as at amortised cost, is classified as FVTPL. Financial assets at fair value through profit or loss are measured at fair value, and changes therein are recognised in the restated consolidated statement of profit or loss.

iii. Financial assets measured at fair value through other comprehensive income

Debt investments at FVOCI: These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognised in restated consolidated summary statement of profit and loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to restated consolidated summary statement of profit and loss.

Equity investments at FVOCI: These assets are subsequently measured at fair value. Dividends are recognised as income in Restated consolidated summary statement of profit and loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to Restated consolidated summary statement of profit and loss.

c) Derecognition

Our Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred. Any interest in transferred financial assets that is created or retained by the Group is recognised as a separate asset and associated liability for any amounts it may have to pay.

d) Impairment of financial assets

In accordance with Ind-AS 109, our Company applies expected credit loss (“**ECL**”) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- i. Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance.
- ii. Trade receivables- Our Company follows ‘simplified approach’ for recognition of impairment loss allowance on trade receivables which do not contain a significant financing component.

The application of simplified approach does not require us to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

2. *Financial Liabilities*

a) Recognition, measurement and classification

Financial liabilities are classified as either held at a) fair value through profit or loss, or b) at amortised cost. Management determines the classification of its financial liabilities at the time of initial recognition or, where applicable, at the time of reclassification. The classification is done in accordance with the substance of the contractual arrangement and the definition of a financial liability and an equity instruments.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Our Company's financial liabilities at amortised cost includes loan and borrowings, interest free security deposit, interest accrued but not due on borrowings, Retention money payable, trade and other payables. Such financial liabilities are recognised initially at fair value minus any directly attributable transaction costs. Subsequent to initial recognition these financial liabilities are measured at amortised cost using the effective interest method.

Our Company's financial liabilities at fair value through profit or loss includes derivative financial instruments.

b) Financial guarantee contracts

Our Company on a case to case basis elects to account for financial guarantee contracts as a financial instruments or as an insurance contracts as specified in Ind AS 109 on Financial Instruments and Ind AS 104 on Insurance contracts. Our Company has regarded all our financial guarantee contracts as insurance contracts. At the end of each reporting period, our Company performs a liability adequacy test, (i.e. it assesses the likelihood of a pay-out based on current undiscounted estimates of future cash flows), and any deficiency is recognised in restated consolidated summary statement of profit and loss.

c) Derecognition

Our Company derecognises financial liabilities when its contractual obligations are discharged or cancelled or have expired.

***Offsetting of financial assets and financial liabilities***

Financial assets and liabilities are offset and the net amount presented in the restated consolidated summary statement of financial position when, and only when, our Company has a legal right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

***Derivative financial instruments***

Our Company uses derivative financial instruments, such as foreign exchange forward contracts, interest rate swaps and currency options to manage our exposure to interest rate and foreign exchange risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured to their fair value. The resulting gain/loss is recognised in the Restated Consolidated Summary Statement of Profit and Loss immediately at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Our Company does not designate the derivative instrument as a hedging instrument.

***Provisions, contingent liabilities and contingent assets***

Provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows specific to the liability. The unwinding of the discount is recognised as finance cost.

***Cash and cash equivalents***

Cash and cash equivalent in the Restated Consolidated Summary Statement of Assets And Liabilities comprise

cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

### ***Adjusted EBITDA before Exceptional Items***

We present Adjusted EBITDA before Exceptional Items in the restated summary statement of profit and loss; this is not specifically required by Ind AS 1. The terms EBITDA and Adjusted EBITDA before Exceptional Items are not defined in Ind AS. Ind AS complaint Schedule III allows companies to present line items, sub-line items and sub-totals shall be presented as an addition or substitution on the face of the financial statements when such presentation is relevant to an understanding of their financial position or performance or to cater to industry or sector-specific disclosure requirements or when required for compliance with the amendments to the Companies Act or under the Indian Accounting Standards.

### ***Measurement of Adjusted EBITDA before Exceptional Items***

Accordingly, we have elected to present Adjusted EBITDA before Exceptional Items as a separate line item on the face of the restated summary statement of profit and loss. We measure Adjusted EBITDA before Exceptional Items on the basis of profit/ (loss) from continuing operations including other income. In our measurement, we do not include exceptional items, depreciation and amortisation expense, finance costs, share of profit from associate and tax expense.

### ***Usefulness for certain Non GAAP items***

### ***Adjusted EBITDA before Exceptional Items***

Adjusted EBITDA before Exceptional Items is included as supplemental disclosure because we believe it is a useful indicator of our operating performance. Derivations of EBITDA are well-recognized performance measurements that are frequently used by companies, investors, securities analysts and other interested parties in comparing the operating performance of companies in our industry. We also believe Adjusted EBITDA before Exceptional Items is useful for evaluating performance of our senior management team.

### ***Average Cost of Indebtedness***

The Average Cost of Indebtedness is helpful in understanding the overall interest rate being paid by a company for various types of debt financing. This measure gives investors an idea of a company's risk level compared to others because riskier companies generally have a higher cost of debt.

The table below sets out the manner of calculation for our Average Cost of Indebtedness:

| Components                                                                | in ₹ million                                          |                                                        |                                                        |                                                        |

## Segmental Information

Our operations are broadly divided into the following financial segments:

- *Hospitality* comprises of the income earned through hotel operations;
- *Real estate* comprises of income from sale of residential flats; and
- *Commercial and Retail Block* comprises of the income earned through letting out of commercial and retail space.

Segment revenue, segment results, segment assets and segment liabilities include the respective amounts identifiable to each of the segments and amounts are allocated thereunder on a reasonable basis. Net expenditure that is not directly attributable to any business segment is shown under unallocated segment. The following table sets out our segment-wise revenue and results for the periods indicated:

## Income and Expenses

Our income and expenditure is reported in the following manner:

### Income

Total income consists of revenue from operations and other income.

*Revenue from operations.* Revenue from operations primarily comprises (a) hospitality operations which primarily comprise (i) room income, (ii) food, beverages and smokes, and (iii) other hospitality related revenue

such as revenue from spa, laundry, car hire and concierge services; (b) property development which comprises revenue from sale of residential flats and sale of transferable development rights; and (c) retail and commercial operations which primarily comprise lease rent received from our properties and revenue from maintenance and other services.

*Other Income.* Other income primarily comprises export benefits and entitlements, interest income from instruments measured at an amortised cost, profit on sale of investments and net mark to market gain on derivative contracts.

### **Expenses**

Expenses comprise real estate development costs, food and beverages consumed, operating supplies consumed, employee benefits expenses, depreciation and amortisation expenses, finance cost, tax expenses and other expenses.

*Real Estate Development Costs.* Real estate development costs comprise cost of construction and development rights, cost of sale for residential flats and compensation paid to customers for delay in handing over possession including interest payable to customers on cancellation of flats.

*Food and beverages consumed.* Food and beverages consumed consists of expenses towards consumption of all food and beverage items (including alcoholic and non-alcoholic beverages, banquet costs, room service and restaurants), groceries and food staples.

*Operating supplies consumed.* Operating supplies consumed consist of expenses towards purchase of crockery, cutlery, glassware, silverware and linen.

*Employee benefits expense.* Employee benefits expense comprise salaries, wages and bonus, contributions to provident and other funds and other staff welfare expenses.

*Depreciation and amortisation expenses.* Depreciation and amortisation expenses comprise depreciation on tangible assets and amortization of intangible assets.

*Finance costs.* Finance costs comprise interest expenses paid by us for long-term loans and short-term borrowings, including working capital loans, processing fees and incidental borrowing costs.

*Other expenses.* Other expenses primarily comprise power and fuel costs primarily for our hotels, rates and taxes paid, commission, royalty and management fees paid to our hotel operators and their affiliates under our hotel operating agreements and license agreement, legal and professional charges and miscellaneous expenses comprising primarily of security expenses, communication expenses, music and entertainment expenses and others.

*Tax expense.* We are subject to income tax liability in India pursuant to the Income Tax Act, 1961. Also, pursuant to Income Tax Act, 1961, in certain instances, companies are subject to a minimum alternate tax (MAT) liability based on book profit. We make provision for current tax as well as for deferred tax liability (the difference between taxable profit and book profit) based on the effect of timing differences.

### **Our Results of Operations**

The following table sets forth select financial data from our restated consolidated statement of profit and loss for the six months ended September 30, 2018 and financial years 2018, 2017 and 2016, the components of which are also expressed as a percentage of total revenue for such periods:

### Six months ended September 30, 2018

Our results of operations for the six months ended September 30, 2018 were particularly affected by the following factors:

- our finance costs were ₹ 1,398.74 million or 28.14% of our Total Income for the six months ended September 30, 2018, while our finance costs were ₹ 2,119.21 million or 22.80% of our Total Income for the financial year 2018. Our Average Cost of Indebtedness (excluding exchange (gain)/loss) was 9.09% for the six months ended September 30, 2018 compared to 8.73% for the financial year 2018. However, our finance costs during the six months ended September 30, 2018 were impacted due to an exchange loss in finance expenses and exchange loss in other expenses of ₹ 168.55 million and ₹ 389.09, respectively during the period. This resulted in higher Average Cost of Indebtedness (including exchange loss) at 12.92% for the six months ended September 30, 2018 compared to 8.65% for the financial year 2018. See “- Quantitative and Qualitative Analysis of Market Risks – Currency Risk” on page 613; and
- our real estate development costs were ₹ 316.77 million or 6.37% of our Total Income for the six months ended September 30, 2018, while our real estate development costs were ₹ 194.81 million or 2.10% of our Total Income for the financial year 2018. Real estate development costs for the six months ended

September 30, 2018, were primarily towards construction of our residential project in Hyderabad and towards cost of mitigation of interest on cancellations at our residential property situated at Koramangala Industrial Layout, Bengaluru. See “- *Certain Exceptional Items*” on page 614.

**Tax expenses.** Our tax credit, comprising deferred tax income was ₹ 191.73 million for the six months ended September 30, 2018.

**Loss for the year.** Our loss for the year was ₹ 436.69 million for six months ended September 30, 2018. Our loss for the year represented 8.79% of our total income for the six months ended September 30, 2018.

**Total comprehensive loss for the year.** Our total comprehensive loss for the year was ₹ 440.45 million for the six months ended September 30, 2018.

#### **Financial Year 2018 compared to Financial Year 2017**

Our results of operations for the financial year 2018 compared to the financial year 2017 were particularly affected by the following factors:

- the completion of the demerger and transfer of our hotel and retail project at Whitefield, Bengaluru into our Company, effective November 1, 2016, as an entire business undertaking. Pursuant to the transfer, we recognized revenues and expenses in relation to hotel operations and 324 keys at our hotel at Whitefield, Bengaluru and lease income and expenses for the retail operations at Whitefield, Bengaluru, for five months in the financial year 2017 as compared to the full year in the financial year 2018;
- an increase in ADR and occupancy levels for our hotels from ₹ 7,821.71 and 67.46%, respectively, for the financial year 2017 to ₹ 7,857.55 and 72.76%, respectively, for the financial year 2018;
- an increase in our total number of keys from 2,259 as of March 31, 2017 to 2,328 as of March 31, 2018; and
- a decrease in profit on sale of investments to ₹ 114.57 million for the financial year 2018 from ₹ 1,301.24 million for the financial year 2017 was due to sale of equity in Associates held for sale, in the financial year 2017.

#### **Income**

Our total income increased by 0.54% to ₹ 9,295.14 million for the financial year 2018 from ₹ 9,245.37 million for the financial year 2017, due to an increase in revenue from operations, which was offset by a decrease in other income.

**Revenue from Operations.** Our revenue from operations increased by 23.79% to ₹ 8,737.83 million for the financial year 2018 from ₹ 7,058.80 million for the financial year 2017, primarily due to:

- an increase in hospitality revenue from room income by 22.59% to ₹ 4,855.89 million for the financial year 2018 from ₹ 3,961.01 million for the financial year 2017 due to recognition of room revenues in relation to hotel operations at Whitefield, Bengaluru for five months in the financial year 2017 as compared to the full year in the financial year 2018 and improvement in operating revenues from the existing keys in line with an increase in ADR and occupancy levels for our hotels from ₹ 7,821.71 and 67.46%, respectively, in the financial year 2017 to ₹ 7,857.55 and 72.76%, respectively, in the financial year 2018, together with an increase in the total number of keys from 2,259 as of March 31, 2017 to 2,328 as of March 31, 2018;
- an increase in hospitality revenue from sale of food, beverages and smokes by 21.25% to ₹ 2,821.93 million for the financial year 2018 from ₹ 2,327.42 million for the financial year 2017 primarily due to recognition of food and beverage revenues in relation to hotel operations at Whitefield, Bengaluru for five months in the financial year 2017 as compared to the full year in the financial year 2018 and in line with a general growth in our business;
- an increase in other hospitality revenue by 38.33% to ₹ 717.11 million for the financial year 2018 from ₹ 518.42 million for the financial year 2017 primarily due to recognition of revenues in relation to hotel operations at Whitefield, Bengaluru for five months in the financial year 2017 as compared to the full year in the financial year 2018 and in line with a general growth in our business; and
- an increase in revenue from retail and commercial operations by 71.35% to ₹ 240.77 million for the financial year 2018 from ₹ 140.51 million for the financial year 2017 due to recognition of revenue in relation to retail operations at Whitefield, Bengaluru for five months in the financial year 2017 as compared to the full year in the financial year 2018,

which was partially offset by:

- a decrease in revenue from real estate operations to ₹ 102.13 million for the financial year 2018 from ₹ 111.44 million for the financial year 2017.

*Other income.* Our other income decreased by 74.51% to ₹ 557.31 million for the financial year 2018 from ₹ 2,186.57 million for the financial year 2017, primarily due to a recognition of profit on sale of investments of ₹ 114.57 million for the financial year 2018 compared to ₹ 1,301.24 million for the financial year 2017 due to sale of equity in Associates held for sale in the financial year 2017, a decrease in export benefits and entitlements by 36.35% to ₹ 200.33 million for the financial year 2018 from ₹ 314.74 million for the financial year 2017, a decrease in gain on foreign exchange fluctuation (net) to ₹ 4.63 million for the financial year 2018 from ₹ 213.66 million for the financial year 2017 due to currency fluctuations and derivative exposure in relation our external commercial borrowings (excluding interest accrued) which were USD 87.05 million as of March 31, 2017 and USD 75.85 million as March 31, 2018; and a decrease in interest income received from instruments measured at amortised cost to ₹ 197.39 million for the financial year 2018 from ₹ 228.70 million for the financial year 2017.

### **Expenses**

Our total expenses increased by 17.35% to ₹ 5,793.66 million for the financial year 2018 from ₹ 4,937.06 million for the financial year 2017, primarily due to an increase in food and beverages consumed, operating supplies consumed, employee benefits expense and other expenses, partially offset by a decrease in real estate development costs, including due to recognition of expenses in relation to hotel operations at our hotel at Whitefield, Bengaluru and lease income and expenses for the retail operations at Whitefield, Bengaluru, for five months in the financial year 2017 as compared to the full year in the financial year 2018 and in line with a general growth in our business.

*Real estate development costs.* Real estate development costs decreased by 6.34% to ₹ 194.80 million for the financial year 2018 from ₹ 207.99 million for the financial year 2017.

*Food and beverages consumed.* Food and beverages consumed increased by 14.73% to ₹ 765.65 million for the financial year 2018 from ₹ 667.35 million for the financial year 2017.

*Operating supplies consumed.* Operating supplies consumed increased by 17.29% to ₹ 256.17 million for the financial year 2018 from ₹ 218.40 million for the financial year 2017, primarily due to recognition of operating supplies consumed in relation to hotel operations at Whitefield, Bengaluru for five months in the financial year 2017 as compared to the full year in financial year 2018.

**Employee benefits expense.** Employee benefits expense increased by 9.03% to ₹ 1,295.59 million for the financial year 2018 from ₹ 1,188.25 million for the financial year 2017, primarily due to the employee benefits expense in relation to operations at Whitefield, Bengaluru for five months in the financial year 2017 as compared to the full year operations in the financial year 2018 and the standard increases in the employee benefits expense. Within this increase, there was an increase in salaries, wages and bonus paid to employees to ₹ 1,085.03 million for the financial year 2018 from ₹ 986.60 million for the financial year 2017 and an increase in staff welfare expenses to ₹ 160.08 million for the financial year 2018 from ₹ 148.11 million for the financial year 2017. Our number of permanent employees was 2,347 employees as of March 31, 2017 and 2,402 employees as of March 31, 2018.

**Depreciation and amortisation expense.** Our depreciation and amortisation expense decreased by 12.08% to ₹ 1,116.33 million for the financial year 2018 from ₹ 1,269.76 million for the financial year 2017, primarily due to revision in estimated economic useful life of property, plant and equipment.

**Finance costs.** Our finance costs decreased by 2.77% to ₹ 2,119.21 million for the financial year 2018 from ₹ 2,179.58 million for the financial year 2017, primarily due to a decrease in interest incurred on term loans availed from banks to ₹ 2,076.35 million for the financial year 2018 from ₹ 2,137.84 million for the financial year 2017 due to decrease in our average weighted indebtedness and capitalization of interest for projects under development.

**Other expenses.** Our other expenses increased by 23.59% to ₹ 3,281.45 million for the financial year 2018 from ₹ 2,655.07 million for the financial year 2017, primarily as a result of:

- an increase in rates and taxes to ₹ 417.07 million for the financial year 2018 from ₹ 182.32 million for the financial year 2017 due to stamp duty and transfer charges payable in the financial year 2018 in relation to scheme of amalgamation for the hotel and retail project in Whitefield, Bengaluru;
- an increase in miscellaneous expenses to ₹ 358.01 million for the financial year 2018 from ₹ 265.10 million for the financial year 2017 due to recognition of expenses in relation to hotel operations at Whitefield, Bengaluru for five months in the financial year 2017 as compared to the full year in the financial year 2018; and
- an increase in power and fuel to ₹ 627.40 million for the financial year 2018 from ₹ 544.96 million for the financial year 2017 due to recognition of expenses at our hotel in Whitefield, Bengaluru for five months in the financial year 2017 as compared to the full year in the financial year 2018 and in line with an increased number of guests staying at our hotels, which was partially offset by decrease in costs due to purchase of power through open access at our developments.

**Profit from continuing operations before income tax.** Our profit from continuing operations before income tax decreased by 73.22% to ₹ 211.86 million for the financial year 2018 from ₹ 791.16 million for the financial year 2017. Our profit before tax represented 2.28% and 8.56% of our total income for the financial years 2018 and 2017, respectively.

**Tax expenses.** Our tax credit reduced to ₹ (99.74) million for the financial year 2018 as compared to ₹ (483.22) million for the financial year 2017, due to higher deferred tax credit in the financial year 2017.

**Profit for the year.** Our profit for the year decreased by 75.55% to ₹ 311.60 million for the financial year 2018 from ₹ 1,274.38 million for the financial year 2017, primarily due to:

- decrease in profit on sale of investments of the Company to ₹ 114.57 million for the financial year 2018 from ₹ 1,301.24 million for the financial year 2017 due to sale of equity in Associates held for sale, in the financial year 2017;
- increase in other expenses of the Company by 23.59% to ₹ 3,281.45 million for the financial year 2018 from ₹ 2,655.07 million for the financial year 2017 commensurate with the increase in the revenue from operations, provision for doubtful debts and loss on foreign exchange fluctuation; and
- variation in gain on foreign exchange fluctuation (net) of ₹ 4.63 million for the financial year 2018 as compared to ₹ 213.66 million for the financial year 2017;

which was partially offset by

- completion of the demerger and transfer of a hotel and retail project at Whitefield, Bengaluru into the

Company, effective November 1, 2016, as an entire business undertaking and corresponding recognition of revenues and expenses in relation to hotel operations and 324 keys at the hotel and lease income and expenses for the retail operations at Whitefield, Bengaluru, for five months in the financial year 2017 as compared to the full year in the financial year 2018.

Our profit for the year represented 3.35% and 13.78% of our total income for the financial years 2018 and 2017, respectively.

**Total comprehensive income for the year.** Our total comprehensive income for the year decreased by 74.40% to ₹ 326.26 million for the financial year 2018 from ₹ 1,274.51 million for the financial year 2017 in line with a decrease in profit for the year.

#### **Financial Year 2017 compared to Financial Year 2016**

Our results of operations for the financial year 2017 compared to the financial year 2016 were particularly affected by the following factors:

- the completion of the demerger and transfer of our hotel and retail project at Whitefield, Bengaluru into our Company, effective November 1, 2016, as an entire business undertaking. Pursuant to the transfer, we recognized revenues and expenses in relation to 324 keys at our hotel at Whitefield, Bengaluru and lease income and expenses for the retail project at Whitefield, Bengaluru, for five months in the financial year 2017;
- our luxury hotel at Sahar, Mumbai commenced operations in February 2015. Our revenue from hospitality operations at this hotel were lower in the financial year 2016 compared to the financial year 2017 due to the time taken for a hotel to achieve targeted occupancies and ADRs from its date of commencement of operations;
- an increase in ADR and occupancy levels for our hotels from ₹ 7,585.60 and 60.30%, respectively, in the financial year 2016 to ₹ 7,821.71 and 67.46%, respectively, in the financial year 2017;
- an increase in our total number of keys from 1,921 as of March 31, 2016 to 2,259 as of March 31, 2017; and
- an increase in profit on sale of investments to ₹ 1,301.24 million for the financial year 2017 from ₹ 46.10 million for the financial year 2016 due to sale of equity in Associates held for sale, in the financial year 2017.

#### **Total Income**

Our total income increased by 54.72% to ₹ 9,245.37 million for the financial year 2017 from ₹ 5,975.61 million for the financial year 2016, due to an increase in revenue from operations and other income.

**Revenue from Operations.** Our revenue from operations increased by 23.20% to ₹ 7,058.80 million for the financial year 2017 from ₹ 5,729.43 million for the financial year 2016, primarily due to:

- an increase in hospitality revenue from room income by 23.16% to ₹ 3,961.01 million for the financial year 2017 from ₹ 3,216.11 million for the financial year 2016 due to recognition of room revenues at our hotel at Whitefield, Bengaluru for five months in the financial year 2017, an increase in ADR and occupancy levels for our hotels from ₹ 7,585.60 and 60.30%, respectively, in the financial year 2016 to ₹ 7,821.71 and 67.46%, respectively, in the financial year 2017, together with an increase in our total number of keys from 1,921 as of March 31, 2016 to 2,259 as of March 31, 2017;
- an increase in hospitality revenue from sale of food, beverages and smokes by 14.61% to ₹ 2,327.42 million for the financial year 2017 from ₹ 2,030.79 million for the financial year 2016 primarily due to recognition of food and beverage revenues in relation to hotel operations at Whitefield, Bengaluru for five months and increased revenues from our hotel in Sahar, Mumbai in the financial year 2017, and in line with the growth of our business;
- an increase in other hospitality revenue by 30.45% to ₹ 518.42 million for the financial year 2017 from ₹ 397.41 million for the financial year 2016 primarily due to recognition of revenues in relation to hotel operations at Whitefield, Bengaluru for five months and increased revenues from our hotel in Sahar,

Mumbai in the financial year 2017;

- an increase in revenue from real estate operations by 44.00% to ₹ 111.44 million for the financial year 2017 from ₹ 77.39 million for the financial year 2016 due to increased sales; and
- an increase in revenue from retail and commercial operations to ₹ 140.51 million for the financial year 2017 from ₹ 7.73 million for the financial year 2016 due to recognition of revenue in relation to retail operations at Whitefield, Bengaluru for five months in the financial year 2017.

*Other income.* Our other income increased to ₹ 2,186.57 million for the financial year 2017 from ₹ 246.18 million for the financial year 2016, primarily due to recognition of profit on sale of investments of ₹ 1,301.24 million for the financial year 2017 compared to ₹ 46.10 million for the financial year 2016 due to sale of equity in Associates held for sale, in the financial year 2017, an increase in hospitality operations for export benefits and entitlements to ₹ 314.74 million for the financial year 2017 from ₹ 95.14 million for the financial year 2016, an increase in gain on foreign exchange fluctuation (net) to ₹ 213.66 million for the financial year 2017 from a loss of ₹ 11.37 million for the financial year 2016 recognized under other expenses due to currency fluctuations and derivative exposure in relation our external commercial borrowings (excluding interest accrued), which were USD 57.20 million as of March 31, 2016 and USD 87.05 million as March 31, 2017; and an increase in interest income received from instruments measured at amortised cost to ₹ 228.70 million for the financial year 2017 from ₹ 50.61 million for the financial year 2016.

### **Expenses**

Our total expenses increased by 11.78% to ₹ 4,937.06 million for the financial year 2017 from ₹ 4,416.67 million for the financial year 2016, primarily due to an increase in food and beverages consumed, operating supplies consumed, employee benefits expense and other expenses, including due to recognition of expenses in relation to hotel operations at our hotel at Whitefield, Bengaluru and lease income and expenses for the retail operations at Whitefield, Bengaluru, for five months in the financial year 2017, partially offset by a decrease in real estate development cost.

*Real estate development costs.* Real estate development costs decreased by 17.98% to ₹ 207.99 million for the financial year 2017 from ₹ 253.57 million for the financial year 2016, due to lower cancellations and relevant adjustments.

*Food and beverages consumed.* Food and beverages consumed increased by 10.52% to ₹ 667.35 million for the financial year 2017 from ₹ 603.85 million for the financial year 2016.

*Operating supplies consumed.* Operating supplies consumed increased by 14.91% to ₹ 218.40 million for the financial year 2017 from ₹ 190.06 million for the financial year 2016, primarily due to operating supplies consumed pursuant to the opening of our luxury hotel at Sahar, Mumbai.

*Employee benefits expense.* Employee benefits expense increased by 11.34% to ₹ 1,188.25 million for the financial year 2017 from ₹ 1,067.20 million for the financial year 2016, primarily due to the employee benefits expense in relation to operations at Whitefield, Bengaluru for five months in the financial year 2017 and the standard increases in the employee benefits expense for our other hotel operations. Within this increase, there was an increase in salaries, wages and bonus paid to employees to ₹ 986.60 million for the financial year 2017 from ₹ 892.52 million for the financial year 2016 and an increase in staff welfare expenses to ₹ 148.11 million for the financial year 2017 from ₹ 131.79 million for the financial year 2016. Our number of permanent employees was 2,063 employees as of March 31, 2016 and 2,347 employees as of March 31, 2017.

*Other expenses.* Our other expenses increased by 15.34% to ₹ 2,655.07 million for the financial year 2017 from ₹ 2,301.99 million for the financial year 2016, primarily as a result of:

- an increase in miscellaneous expenses to ₹ 265.10 million for the financial year 2017 from ₹ 150.67 million for the financial year 2016 due to recognition of expenses in relation to hotel operations at Whitefield, Bengaluru for five months in the financial year 2017;
- an increase in royalty and management fees paid to ₹ 304.69 million for the financial year 2017 from ₹ 241.62 million for the financial year 2016 primarily due to increased payments under our hotel operation, license and related agreements, in line with increased revenue and improved operational performance at our hotel in Sahar, Mumbai; and

- an increase in repairs and maintenance for plant and machinery to ₹ 179.94 million for the financial year 2017 from ₹ 107.82 million for the financial year 2016 due to refurbishment and repairs carried out at our hotel and convention centre in Powai, Mumbai during the financial year 2017;

which was partially offset by:

- a decrease in power and fuel from ₹ 612.28 million for the financial year 2016 to ₹ 544.96 million for the financial year 2017 due to purchase of power through open access at our developments which was partially offset by recognized expenses at Whitefield, Bengaluru for five months in the financial year 2017 and in line with an increased number of guests staying at our hotels.

**Depreciation and amortization expense.** Our depreciation and amortization expense increased by 28.51% to ₹ 1,269.76 million for the financial year 2017 from ₹ 988.08 million for the financial year 2016, primarily due to depreciation and amortization in relation to property at Whitefield, Bengaluru for five months in the financial year 2017 and depreciation and amortization recognized on the retail project at Sahar, Mumbai.

**Finance costs.** Our finance costs increased by 0.97% to ₹ 2,179.58 million for the financial year 2017 from ₹ 2,158.70 million for the financial year 2016.

**Profit or loss from continuing operations before income tax.** Our profit before income tax increased to ₹ 791.16 million for the financial year 2017 from a loss of ₹ 1,660.04 million for the financial year 2016. Our profit before tax represented 8.56% of our total income for the financial year 2017.

**Tax expenses.** Our tax credit reduced to ₹ (483.22) million for the financial year 2017 from ₹ (535.14) million for the financial year 2016, on account of higher deferred tax credit recognized in financial year 2016.

**Profit or loss for the year.** Our profit for the year increased to ₹ 1,274.38 million for the financial year 2017 from a loss of ₹ 1,124.90 million for the financial year 2016, primarily due to:

- completion of the demerger and transfer of a hotel and retail project at Whitefield, Bengaluru into the Company, effective November 1, 2016 as an entire business undertaking and corresponding recognition of revenues and expenses for five months in the financial year 2017;
- increase in profit on sale of investments of the Company to ₹ 1,301.24 million for the financial year 2017 from ₹ 46.10 million for the financial year 2016 due to sale of equity in Associates held for sale, in the financial year 2017; and
- variation in gain on foreign exchange fluctuation (net) of ₹ 213.66 million for the financial year 2017 compared to Nil in the financial year 2016.

Our profit for the year represented 13.78% of our total income for the financial year 2017.

**Total comprehensive income or loss for the year.** Our total comprehensive income for the year increased to ₹ 1,274.51 million for the financial year 2017 from a loss of ₹ 1,123.64 million for the financial year 2016, primarily due to an increase in our profit for the year.

Our total borrowings include two classes of redeemable preference shares (i) 0.001% non-cumulative redeemable preference shares amounting to ₹ 160 million. These preference shares are liable to be redeemed at any time at the option of our Company, but not later than December 21, 2023. (ii) Non-cumulative, non-convertible redeemable preference shares amounting to ₹ 176.82 million after making adjustment for EIR. The Company and its Board shall have the right to redeem these preference shares to the extent of any surplus amounts available from the Bengaluru Residential Project. However, the preference shares are liable to be redeemed not later than one month prior to completion of 20 years from the date of allotment. See “*Financial Indebtedness*” for a description of broad terms of our indebtedness on page 617 of this Red Herring Prospectus and “*Summary Financial Information*” on page 258 of this Red Herring Prospectus.

In the event our lenders declare an event of default, such current and any future defaults could lead to acceleration of our obligations, termination of one or more of our financing agreements or force us to sell our assets, which may adversely affect our business, results of operations and financial condition. See “*Risk factors – Internal Risk Factors - Our inability to meet our obligations, including financial and other covenants under our debt financing arrangements could adversely affect our business and results of operations*”.

### Off-Balance Sheet Commitments and Arrangements

We do not have any off-balance sheet arrangements, derivative instruments, swap transactions or relationships with affiliates or other unconsolidated entities or financial partnerships that would have been established for the purpose of facilitating off-balance sheet arrangements other than a guarantee given by our Company for the loans taken by an Associate in the financial year 2016.

### Quantitative and Qualitative Analysis of Market Risks

#### Credit risk

Credit risk is the risk of financial loss to us if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from our receivables from customers, cash and cash equivalents and other bank balances, derivatives and investment securities. The carrying amounts of financial assets represent the maximum credit exposure.

#### Trade receivables from customers

We do not have any significant credit exposure in relation to revenue generated from the hospitality business. For our other segments, we have established a credit policy under which each new customer is analyzed individually for creditworthiness before entering into a contract. Sale limits are established for each customer, reviewed regularly and any sales exceeding those limits require approval from the appropriate authorities. There are no significant concentrations of credit risk.

#### Currency risk

We are exposed to currency risk on account of our operating and financing activities. Our functional currency is

Indian Rupee. The exchange rate between the Indian rupee and foreign currencies has changed substantially in recent periods and may continue to fluctuate substantially in the future. We have availed external commercial borrowings (excluding interest accrued) of USD 74.06 million as of September 30, 2018, which also exposes us to currency risk. Consequently, we use derivative instruments, such as foreign exchange forward contracts to mitigate the risk of changes in foreign currency exchange rates in respect of recognized liabilities. We enter into foreign currency forward contracts which are not intended for trading or speculative purposes but for hedge purposes to establish the amount of reporting currency required or available at the settlement date of certain payables.

### **Liquidity risk**

Liquidity risk is the risk that we will encounter difficulty in meeting the obligations associated with our financial liabilities that are settled by delivering cash or another financial asset. Our approach to managing liquidity is to ensure, as far as possible, that we will have sufficient liquidity to meet our liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to our reputation.

### **Market risk**

Market risk is the risk that the changes in market prices such as foreign exchange rates, interest rates and equity prices will affect our income or the value of our holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return. We use derivatives to manage market risk.

### **Certain Exceptional Items**

We own a property situated at Koramangala Industrial Layout, Bengaluru, where we are constructing a residential complex. The completion of the residential complex is stalled on account of the revocation of certain approvals by Hindustan Aeronautical Limited. We have filed a writ petition before the Karnataka High Court in relation to the cancellation of the approvals and the construction and further sale of residential apartments at this property, among others. Pending the outcome of the proceedings and a final closure of the matter, we suspended revenue recognition based on the percentage completion method and have also been derecognizing profits on cancellation of flats previously sold. The accounting impact has been reflected under exceptional items. See ***“Our residential project at Koramangala, Bengaluru is the subject matter of a litigation with Hindustan Aeronautics Limited. Any adverse order in relation to this litigation may adversely affect our ability to complete the project, and our business, results of operations and reputation”*** on page 21 and see ***“Outstanding Litigation and Other Material Developments”*** on page 619.

### **Known Trends or Uncertainties**

Our business has been subject, and we expect it to continue to be subject, to significant economic changes arising from the trends identified above in ***“Factors Affecting our Results of Operations”*** and the uncertainties described in ***“Risk Factors”*** on page 18. To our knowledge, except as discussed in this Red Herring Prospectus, there are no known trends or uncertainties that have or had or are expected to have a material adverse impact on revenues or income of our Company from continuing operations.

### **Future Relationship between Cost and Revenue**

Other than as described in ***“Risk Factors”***, ***“Our Business”*** and ***“Management’s Discussion and Analysis of Financial Condition and Results of Operations”*** on pages 18, 152 and 585, respectively, to our knowledge there are no known factors that may adversely affect our business prospects, results of operations and financial condition.
