### **Competitive Conditions**

We operate in a competitive environment. See “**Our Business**”, “**Industry Overview**” and “**Risk Factors**” on pages 152, 133 and 18, respectively for further information on our industry and competition.

### **Seasonality of Business**

The hotel and hospitality industry in India is subject to seasonal variations. The periods during which our hotel properties experience higher revenues vary from property to property, depending principally upon location and the guests served. Our revenues are generally higher during the second half of each financial year as compared to first half of the financial year. Seasonality affects leisure travel and the MICE sector (meetings, incentives, conferences and events) including weddings. According to the Horwath Report, the winter months are preferred for travel in India, for leisure, MICE events, management or business travel and more recently for destination weddings. Further, inbound foreign leisure travel varies more with climatic factors, such that it mainly occurs between October and March and to a lesser extent (with lower visitor profile and travel budgets) during the summer and monsoon seasons, as per the Horwath Report. This seasonality can be expected to cause quarterly fluctuations in our revenue, profit margins and net earnings. Further, the timing of opening of newly constructed hotels and the timing of any hotel acquisitions or dispositions may cause a variation of revenue and earnings from quarter to quarter. Further, the hospitality industry is subject to weekly variations. While business travel is high during the weekdays, leisure travel is picking up during weekends encouraged by greater affordability, changing attitudes towards lifestyle, and improved road and air connectivity.

Further, the hospitality industry is cyclical and demand generally follows, on a lagged basis, key macroeconomic indicators. The combination of changes in economic conditions and in the supply of hotel rooms, including periods of excess supply, can result in significant volatility in results for owners and managers of hotel properties. The costs of running a hotel tend to be more fixed than variable. As a result, in an environment of declining revenues the rate of decline in profits can be higher than the rate of decline in revenues. As a result of such seasonal fluctuations, our room rates, sales and results of operations of a given half of the financial year may not be reliable indicators of the sales or results of operations of the other half of the financial year or of our future performance. See “**Risk Factors – Internal Risk Factors - Our business is subject to seasonal and cyclical variations that could result in fluctuations in our results of operations.**” on page 225.

### **New Products or Business Segments**

### **Significant developments subsequent to September 30, 2018**

**C. Other material outstanding litigation involving our Company**

***Material outstanding litigation by our Company***

1. Our Company has filed a writ petition (“**Writ Petition**”) before the Karnataka High Court at Bengaluru (“**Court**”) regarding the wrongful cancellation of the height NOC dated October 28, 2011 (“**NOC**”) issued by Hindustan Aeronautics Ltd. (“**HAL**”). The NOC was issued for the development of a 17 floor

residential building complex with a height of upto 62 meters on the Company's land at Koramangala Industrial Layout, Bengaluru. HAL is a public sector undertaking in-charge of the HAL aerodrome and is responsible to issue the height NOC for structures around the HAL aerodrome, as per the Notification SO 84(E) dated January 14, 2010. By a letter dated September 15, 2012, HAL first communicated an issue with the height of the project and asked our Company to conduct a re-survey, and thereafter also requested our Company to stop the construction of the project building. Therefore our Company suspended / limited the vertical construction of certain wings forming part of the project in May 2013; and also obtained and filed with HAL, an aeronautical study report dated March 12, 2013 issued by an expert, confirming that the building-wings completed at that point i.e. upto the full permitted height of 17 floors – 62 meters, did not “adversely affect aircraft operations”. A condition for demolition of such part(s) of the structure “which could adversely affect aircraft operations” (“**NOC-Condition**”) is provided for in paragraph 3 of the NOC. Thereafter, numerous communications were exchanged between our Company and HAL, and eventually on August 16, 2013, HAL issued communication to our Company cancelling the NOC issued by it, stating that the site elevation data as furnished by our Company varied from the actual elevation and further that our Company failed to carry out the re-survey as advised. At the time of cancellation of the NOC, five wings with 17 floors had been constructed with a height of upto 62 meters and more than 200 flats therein had been marketed by our Company.

Aggrieved, our Company filed the Writ Petition to (a) challenge the cancellation letter dated August 16, 2013 issued by HAL cancelling the NOC (b) for directing HAL to permit construction up to maximum height which does not adversely affect aircraft operations as may be determined by an aeronautical study to be conducted by AAI/ICAO, and ancillary reliefs (including an amended relief for re-validating the NOC for a further period). The Court also passed an interim order dated October 23, 2013 (the “**Interim Order**”) directing our Company not to modify / alter / renovate / develop the building above 40 meters from ground level, and not to sell or agree to sell or enter into any agreement with third parties in whatsoever manner in respect of any portion of the building above 40 meters. Several customers of our Company, as also certain neighbouring residents, have got themselves impleaded as Respondents in the Writ Petition.

By a subsequent detailed judgement and order dated July 31, 2014 (“**Order**”), the Court directed the aeronautical study to be conducted by Airport Authority of India (“**AAI**”). HAL's writ appeal to challenge the Order was dismissed by the Division Bench of the Court on November 3, 2015 *inter alia* with a direction for expediting the hearing of the writ petition and to decide the matter uninfluenced by the observations in the Order. By a further order dated November 5, 2015, the Court clarified that the aeronautical study was to be carried out in accordance with the notified parameters of HAL Airport and Notification SO 84(E) dated January 14, 2010. Accordingly, AAI conducted the study and filed its report on January 27, 2016, in effect confirming that the full height of the then completed building-wings was permissible as it does not adversely affect aircraft operations. HAL has filed objections to the aeronautical study report of AAI, *inter alia* alleging that it is a unique defence airport carrying out test flying. Our Company has also *inter alia* submitted that it had no motive or any additional area to gain, as the project has sufficient land to absorb and construct the entire FAR sanctioned for 17 floors -62 meters in a horizontal structure of 10 floors - 40 meters. The Writ Petition is currently pending before the High Court of Karnataka.

Further, certain communications were also exchanged between HAL and Bruhat Bengaluru Mahanagara Palike (“**BBMP**”) and our Company between 2013 and 2017, wherein our Company *inter alia* updated BBMP regarding the writ petition and furnished an undertaking to BBMP not to make a further vertical expansion / modification, alteration or development above 40 meters. Our Company *vide* letter dated January 16, 2017 requested BBMP for an extension of the validity period of the building sanction plan for the project.

Our Company had executed Memorandum of Understanding's (“**MOU's**”) with customers for a provisional reservation of a right to purchase various apartments, providing them with an option right. Our Company has also executed and registered agreements for sale with a few customers. The issue in respect of the NOC cancellation by HAL, was informed to the customers on December 21, 2013 and thereafter numerous communications were exchanged with them. Eventually, our Company proposed a mitigation program. In the events that have followed, some customers exited the project, and some customers have continued with the project and are being paid and have accepted the goodwill compensation pursuant to the mitigation program (which has been extended from time to time)., In view of the Real Estate (Regulation and Development) Act, 2016 (“**RERA**”), our Company addressed a communication dated October 10, 2017 to customers relating to the possession date. Eventually, by letter

dated November 18, 2017 the mitigation program was extended up to June 30, 2018 on a without prejudice basis as stated in the communications. Our Company has now by its communication of June 2018, further extended the date of mitigation program upto 31<sup>st</sup> December 2018. The mitigation period has been further extended to March 31, 2019 by a letter dated December 18, 2018 on a without prejudice basis. As a matter of abundant caution, our Company has also registered the project under RERA on a without prejudice basis. Our Company has filed interim applications dated November 29, 2018 before the Court for removal of certain respondents from the suit and change of its name to 'Chalet Hotels Limited' in the suit. Our Company also filed an application before the Court requesting it to take on record the fact that the Respondent has no objection to the construction of the structure upto 40 meters at Koramangala Industrial Layout, Bengaluru to enable us to apply for a building sanction plan. HAL has filed its objection to this interim application inter alia stating that any alteration or construction of the building will be in violation of the Interim Order, although the said order directs parties not to modify / alter / renovate / develop the building above 40 meters from ground level. The matter is currently pending before the Court.

Our Company has also challenged Section 108A of the Karnataka Municipal Corporation Act, 1976 which provided for the special manner in which property tax will be levied for buildings situated in Bruhat Bangalore Mahanagar Palike area. Our Company has denied liability as, under the Agreement, the statutory cost was not included and therefore, the power factor incentive did not form part of the tariff. On May 2, 2018, Global Energy invoked the bank guarantee given by our Company, following which our Company requested the former to refund the amount invoked. Upon failure of Global Energy to respond to the same, our Company sent a notice to Global Energy for invocation of arbitration. 11. Ravi C. Raheja, Neel C. Raheja and two others (“**Plaintiffs/CLR**”) filed a civil suit before the Bombay High Court (“**High Court**”) against (1) Gopal L. Raheja, (2) Sandeep G. Raheja, (3) Durga S. Raheja, (4) Sabita R. Narang and (5) Sonali N. Arora (“**Defendants/GLR**”).

The Plaintiffs and the Defendants were the persons primarily involved in the operation and management of the activities and businesses of the group known as K. Raheja Group in certain cities of Western and Southern India. However, certain disputes and differences arose between CLR group and the GLR group that threatened the running of the business of the K. Raheja Group.

After attempts to amicably resolve and finally settle the disputes and differences between the two groups in order to avoid protracting the matter any further, GLR and CLR decided to split/partition entities and assets of the K. Raheja Group between them and accordingly a list indicating division of certain individual assets was executed in May 1995. On April 5, 1996 and November 16, 1996, further written agreements were executed wherein the manner, method and procedure of the division was agreed upon by the parties. Thereafter, on December 9, 1996, GLR and CLR groups made further confirmations to enable the division of certain assets in the agreed manner which was duly completed in respect of a portion of the assets, businesses and entities of the K. Raheja Group. The agreements and writings referred to above i.e. dated May 1995, April 5, 1996, November 16, 1996 and December 9, 1996 are collectively referred to as the “**Family Arrangement Documents**”.

Further, apart from the entities, assets and businesses of the two groups which were divided as above, there are additional properties and entities, the separation and distribution of which remained unresolved due to the differences between the groups. The two groups had agreed to take steps to divide these undivided properties comprising various companies, partnership firms, trusts and also certain properties situated at Mumbai i.e. the “**Mumbai Undivided Entities**” and situated in South India i.e. the “**Southern Undivided Entities**” along with certain other residual properties (collectively referred to as the “**Balance Properties**”). Further, the distribution and ascertainment of the monies payable/receivable did not transpire and certain disputes again arose between GLR and CLR in respect of the division of the Balance Properties, the management of certain entities and other such disputes.

After various correspondences between the two groups over the course of more than two decades to amicably resolve the disputes, the present suit was filed by the Plaintiffs, *inter alia* seeking enforcement/implementation of the family arrangement documents. The Plaintiffs have alleged that the arrangement was only partially implemented and *inter alia* alleged that certain arrangements were

wrongly implemented. The Plaintiffs have further alleged that due to the inactivity in management of the undivided companies, the registrar of companies has struck-off and dissolved certain of these companies. The Plaintiffs have *inter alia* prayed for implementation of the Family Arrangement Documents, restoration of the companies that have been struck-off/dissolved, division of the companies situated in South India in the manner agreed by the parties and also for injunction restraining the Defendants from creating third party interests and/or encumbrances upon the properties that are the subject matter of the family arrangement. The Defendant nos.2 and 3 have filed their written statement on record along with a counter-claim *inter alia* praying for dismissal of the suit filed by the Plaintiffs and to fully implement the Family Arrangement Documents. The matter is pending before the High Court.

The GLR group also filed suits before the High Court pursuant to the family arrangement against Ravi C. Raheja, Neel C. Raheja and others alleging liability/obligation of the Plaintiffs to hand over certain title deeds, documents and papers and other assets belonging to them which are allegedly in the custody of the Plaintiffs and also seeking injunction for handover of the same. These suits are pending before the High Court.

*SEBI through its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 has proposed to introduce an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines in a phased manner. From January 1, 2019, the UPI mechanism for RIIs applying through Designated Intermediaries will be made effective along with the existing process and existing timeline of T+6 days. - (b) Under-subscription in any category (except QIB category) is allowed to be met with spill-over from any other category or combination of categories at the discretion of the Issuer and in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations. Unsubscribed portion in QIB Category is not available for subscription to other categories.
- (c) In case of under subscription in the Net Offer, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Net Offer. For allocation in the event of an under-subscription applicable to the Issuer, Bidders/Applicants may refer to the RHP.
- (d) **Illustration of the Book Building and Price Discovery Process**

*Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors.*

Bidders can bid at any price within the price band. For instance, assume a price band of Rs. 20 to Rs. 24 per share, issue size of 3,000 equity shares and receipt of five bids from bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the equity shares of the issuer at various prices and is collated from bids received from various investors.

| Bid Quantity | Bid Amount (Rs.) | Cumulative Quantity | Subscription |
|--------------|------------------|---------------------|--------------|
| 500          | 24               | 500                 | 16.67%       |
| 1,000        | 23               | 1,500               | 50.00%       |
| 1,500        | 22               | 3,000               | 100.00%      |
| 2,000        | 21               | 5,000               | 166.67%      |
| 2,500        | 20               | 7,500               | 250.00%      |

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Offer the desired number of equity shares is the price at which the book cuts off, i.e., Rs. 22.00 in the above example. The issuer, in consultation with the book running lead managers, may finalise the Offer Price at or below such cut-off price, i.e., at or below Rs. 22.00. All bids at or above this Offer Price and cut-off bids are valid bids and are considered for allocation in the respective categories.

(e) **Alternate Method of Book Building**

In case of FPOs, Issuers may opt for an alternate method of Book Building in which only the Floor Price is specified for the purposes of Bidding (“**Alternate Book Building Process**”).

The Issuer may specify the Floor Price in the RHP or advertise the Floor Price at least one Working Day prior to the Bid/Offer Opening Date. QIBs may Bid at a price higher than the Floor Price and the Allotment to the QIBs is made on a price priority basis. The Bidder with the highest Bid Amount is allotted the number of Equity Shares Bid for and then the second highest Bidder is Allotted Equity Shares and this process continues until all the Equity Shares have been allotted. RIIs, NIIs and Employees are Allotted Equity Shares at the Floor Price and allotment to these categories of Bidders is made proportionately. If the number of Equity Shares Bid for at a price is more than available quantity then the Allotment may be done on a proportionate basis. Further, the Issuer may place a cap either in terms of number of specified securities or percentage of issued capital of the Issuer that may be Allotted to a single Bidder, decide whether a Bidder be allowed to revise the bid upwards or downwards in terms of price and/or quantity and also decide whether a Bidder be allowed single or multiple bids.

## **SECTION 6: OFFER PROCEDURE IN FIXED PRICE ISSUE**

**Applicants may note that there is no Bid cum Application Form in a Fixed Price Issue.** As the Offer Price is mentioned in the Fixed Price Issue therefore on filing of the Prospectus with the RoC, the Application so submitted is considered as the application form.

Applicants may only use the specified Application Form for the purpose of making an Application in terms of the Prospectus which may be submitted through the Designated Intermediary.

ASBA Applicants may submit an Application Form either in physical form to the Designated Intermediaries or in the electronic form to the SCSB or the Designated Branches of the SCSBs authorising blocking of funds that are available in the ASBA Account specified in the Application Form only. The Application Form is also made available on the websites of the Stock Exchanges at least one day prior to the Bid/Offer Opening Date.

In a fixed price Issue, allocation in the net offer to the public category is made as follows: minimum fifty per cent to Retail Individual Investors; and remaining to (i) individual investors other than Retail Individual Investors; and (ii) other Applicants including corporate bodies or institutions, irrespective of the number of specified securities applied for. The unsubscribed portion in either of the categories specified above may be allocated to the Applicants in the other category.

For details of instructions in relation to the Application Form, Bidders/Applicants may refer to the relevant section of the GID.

## **SECTION 7: ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT**

The Allotment of Equity Shares to Bidders/Applicants other than Retail Individual Investors and Anchor Investors may be on proportionate basis. For Basis of Allotment to Anchor Investors, Bidders/Applicants may refer to RHP/Prospectus. No Retail Individual Investor will be allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be

Allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Offer (excluding any Offer for Sale of specified securities). However, in case the Offer is in the nature of Offer for Sale only, then minimum subscription may not be applicable.

### 7.1 ALLOTMENT TO RIIs

Bids received from the RIIs at or above the Offer Price may be grouped together to determine the total demand under this category. If the aggregate demand in this category is less than or equal to the Retail Category at or above the Offer Price, full Allotment may be made to the RIIs to the extent of the valid Bids. If the aggregate demand in this category is greater than the allocation in the Retail Category at or above the Offer Price, then the maximum number of RIIs who can be Allotted the minimum Bid Lot will be computed by dividing the total number of Equity Shares available for Allotment to RIIs by the minimum Bid Lot (**“Maximum RII Allottees”**). The Allotment to the RIIs will then be made in the following manner:

- (a) In the event the number of RIIs who have submitted valid Bids in the Offer is equal to or less than Maximum RII Allottees; (i) all such RIIs shall be Allotted the minimum Bid Lot; and (ii) the balance available Equity Shares, if any, remaining in the Retail Category shall be Allotted on a proportionate basis to the RIIs who have received Allotment as per (i) above for the balance demand of the Equity Shares Bid by them (i.e. who have Bid for more than the minimum Bid Lot).
- (b) In the event the number of RIIs who have submitted valid Bids in the Offer is more than Maximum RII Allottees, the RIIs (in that category) who will then be Allotted minimum Bid Lot shall be determined on the basis of draw of lots.

### 7.2 ALLOTMENT TO NIIs

Bids received from NIIs at or above the Offer Price may be grouped together to determine the total demand under this category. The Allotment to all successful NIIs may be made at or above the Offer Price. If the aggregate demand in this category is less than or equal to the Non-Institutional Category at or above the Offer Price, full Allotment may be made to NIIs to the extent of their demand. In case the aggregate demand in this category is greater than the Non-Institutional Category at or above the Offer Price, Allotment may be made on a proportionate basis up to a minimum of the Non-Institutional Category.

### 7.3 ALLOTMENT TO QIBs

For the Basis of Allotment to Anchor Investors, Bidders/Applicants may refer to the SEBI ICDR Regulations or RHP / Prospectus. Bids received from QIBs Bidding in the QIB Category (net of Anchor Portion) at or above the Offer Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Offer Price. Allotment may be undertaken in the following manner:

- (a) In the first instance allocation to Mutual Funds for up to 5% of the QIB Category may be determined as follows: (i) In the event that Bids by Mutual Fund exceeds 5% of the QIB Category, allocation to Mutual Funds may be done on a proportionate basis for up to 5% of the QIB Category; (ii) In the event that the aggregate demand from Mutual Funds is less than 5% of the QIB Category then all Mutual Funds may get full allotment to the extent of valid Bids received above the Offer Price; and (iii) Equity Shares remaining unsubscribed, if any and not allocated to Mutual Funds may be available for allotment to all QIBs as set out at paragraph 7.4(b) below;
- (b) In the second instance, allotment to all QIBs may be determined as follows: (i) In the event of oversubscription in the QIB Category, all QIBs who have submitted Bids above the Offer Price may be Allotted Equity Shares on a proportionate basis for up to 95% of the QIB Category; (ii) Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis along with other QIBs; and (iii) Under-subscription below 5% of the QIB Category, if any, from Mutual Funds, may be included for allocation to the remaining QIBs on a proportionate basis.

#### 7.4 ALLOTMENT TO ANCHOR INVESTOR (IF APPLICABLE)

- (a) Allocation of Equity Shares to Anchor Investors at the Anchor Investor Offer Price will be at the discretion of the issuer subject to compliance with the following requirements:
- i. not more than 60% of the QIB Category will be allocated to Anchor Investors;
  - ii. one-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the price at which allocation is being done to other Anchor Investors; and
  - iii. allocation to Anchor Investors shall be on a discretionary basis and subject to:
    - a maximum number of two Anchor Investors for allocation up to Rs.10 crores;
    - a minimum number of two Anchor Investors and maximum number of 15 Anchor Investors for allocation of more than Rs. 10 crores and up to Rs. 250 crores, subject to minimum allotment of Rs. 5 crores per such Anchor Investor; and
    - a minimum number of five Anchor Investors and maximum number of 15 Anchor Investors for allocation of more than Rs. 250 crores and an additional 10 Anchor Investors for every additional Rs. 250 crores or part thereof, subject to minimum allotment of Rs. 5 crores per such Anchor Investor.
- (b) A physical book is prepared by the Registrar on the basis of the Bid cum Application Forms received from Anchor Investors. Based on the physical book and at the discretion of the issuer in consultation with the BRLM(s), selected Anchor Investors will be sent a CAN and if required, a revised CAN.
- (c) **In the event that the Offer Price is higher than the Anchor Investor Offer Price:** Anchor Investors will be sent a revised CAN within one day of the Pricing Date indicating the number of Equity Shares allocated to such Anchor Investor and the pay-in date for payment of the balance amount. Anchor Investors are then required to pay any additional amounts, being the difference between the Offer Price and the Anchor Investor Offer Price, as indicated in the revised CAN within the pay-in date referred to in the revised CAN. Thereafter, the Allotment Advice will be issued to such Anchor Investors.
- (d) **In the event the Offer Price is lower than the Anchor Investor Offer Price:** Anchor Investors who have been Allotted Equity Shares will directly receive Allotment Advice.

#### 7.5 BASIS OF ALLOTMENT FOR QIBs (OTHER THAN ANCHOR INVESTORS), NIIs AND RESERVED CATEGORY IN CASE OF OVER-SUBSCRIBED ISSUE

In the event of the Offer being over-subscribed, the Issuer may finalise the Basis of Allotment in consultation with the Designated Stock Exchange in accordance with the SEBI ICDR Regulations.

The allocation may be made in marketable lots, on a proportionate basis as explained below:

- (a) Bidders may be categorized according to the number of Equity Shares applied for;
- (b) The total number of Equity Shares to be Allotted to each category as a whole may be arrived at on a proportionate basis, which is the total number of Equity Shares applied for in that category (number of Bidders in the category multiplied by the number of Equity Shares applied for) multiplied by the inverse of the over-subscription ratio;
- (c) The number of Equity Shares to be Allotted to the successful Bidders may be arrived at on a proportionate basis, which is total number of Equity Shares applied for by each Bidder in that category multiplied by the inverse of the over-subscription ratio;
- (d) In all Bids where the proportionate Allotment is less than the minimum Bid Lot decided per Bidder, the Allotment may be made as follows: the successful Bidders out of the total Bidders

for a category may be determined by a draw of lots in a manner such that the total number of Equity Shares Allotted in that category is equal to the number of Equity Shares calculated in accordance with (b) above; and each successful Bidder may be Allotted a minimum of such Equity Shares equal to the minimum Bid Lot finalised by the Issuer;

- (e) If the proportionate Allotment to a Bidder is a number that is more than the minimum Bid Lot but is not a multiple of one (which is the marketable lot), the decimal may be rounded off to the higher whole number if that decimal is 0.5 or higher. If that number is lower than 0.5 it may be rounded off to the lower whole number. Allotment to all bidders in such categories may be arrived at after such rounding off; and
- (f) If the Equity Shares allocated on a proportionate basis to any category are more than the Equity Shares Allotted to the Bidders in that category, the remaining Equity Shares available for allotment may be first adjusted against any other category, where the Allotted Equity Shares are not sufficient for proportionate Allotment to the successful Bidders in that category. The balance Equity Shares, if any, remaining after such adjustment may be added to the category comprising Bidders applying for minimum number of Equity Shares.
